

C. Petitions for Judicial Review

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 21, 2022. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed and shall not postpone the effectiveness of such rule or action.

This action approving Pennsylvania’s NO_x and VOC RACT requirements for one facility for the 2008 8-hour ozone NAAQS may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Adam Ortiz,
Regional Administrator, Region III.

For the reasons set out in the preamble, 40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart NN—Pennsylvania

■ 2. In § 52.2020, the table in paragraph (d)(1) is amended by:

■ a. Revising the entry “PPG Industries, Inc.—Springdale”; and

■ b. Adding an entry at the end of the table for “PPG Industries Springdale Plant (formerly referenced as PPG Industries, Inc.—Springdale)”.

The revision and addition read as follows:

§ 52.2020 Identification of plan.

*	*	*	*	*
(d)	*	*	*	
(1)	*	*	*	

Name of source	Permit No.	County	State effective date	EPA approval date	Additional explanations/ §§ 52.2063 and 52.2064 citations ¹
PPG Industries, Inc.—Springdale.	CO-254	Allegheny	12/19/96	10/12/01, 66 FR 52050	See also 52.2064(l)(1).
PPG Industries Springdale Plant (formerly referenced as PPG Industries, Inc.—Springdale).	0057-OP18a	Allegheny	2/28/2020	9/21/2022 [INSERT FEDERAL REGISTER CITATION].	52.2064(l)(1).

¹ The cross-references that are not § 52.2064 are to material that pre-date the notebook format. For more information, see § 52.2063.

* * * * *

■ 3. Amend § 52.2064 by adding paragraph (l) to read as follows:

§ 52.2064 EPA-approved Source-Specific Reasonably Available Control Technology (RACT) for Volatile Organic Compounds (VOC) and Oxides of Nitrogen (NO_x).

* * * * *

(l) Approval of source-specific RACT requirements for 2008 8-hour ozone national ambient air quality standard for PPG Springdale is incorporated as specified. (Rulemaking Docket No. EPA-OAR-2020-0575.)

(1) PPG Industries Springdale Plant—Incorporating by reference Permit No. 0057-OP18a, effective February 28, 2020, as redacted by ACHD, which supersedes Consent Order 254, issued December 19, 1996, except for Conditions 1.13 through 1.22, which remain as RACT requirements. See also § 52.2063(c)(165)(i)(B)(2), for prior RACT approval.

(2) [Reserved]

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 62

[EPA-R01-OAR-2021-0883; FRL-10221-01-R1]

Notification of Memorandum of Agreement; Massachusetts; Clean Air Act (CAA) Sections 111(d) and/or 129 Federal Plan Requirements

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notification.

SUMMARY: On October 15, 2021, the United States Environmental Protection Agency’s (EPA) Region 1 Acting Administrator signed a Memorandum of Agreement (MOA) between the Massachusetts Department of Environmental Protection (MassDEP) and EPA Region 1 regarding existing affected sources subject to Clean Air Act (CAA) sections 111(d) and/or 129 Federal Plan requirements. Subsequently, the MOA became effective upon signature of the MassDEP Commissioner on November 9, 2021. This document is informing the public

of the MOA and making a copy of the document accessible.

DATES: On November 9, 2021, the MOA between EPA Region 1 and MassDEP was finalized upon signature of both parties.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA-R01-OAR-2021-0883. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at <https://www.regulations.gov> or at the U.S. Environmental Protection Agency, EPA Region 1 Regional Office, Air and Radiation Division, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that, if possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office’s official hours of business are

Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays and facility closures due to COVID-19.

FOR FURTHER INFORMATION CONTACT:

Jessica Kilpatrick, Air Permits, Toxics, & Indoor Programs Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 1, 5 Post Office Square, Mail Code: 05-2, Boston, MA 02109-0287. Telephone: 617-918-1652. Fax: 617-918-0652 Email: kilpatrick.jessica@epa.gov.

SUPPLEMENTARY INFORMATION: As a result of MassDEP's expressed interest in exercising its authority in the implementation and enforcement of CAA sections 111(d) and 129 Federal Plan requirements for existing sources in Massachusetts, EPA Region 1 developed and submitted a preliminary draft of the MOA to MassDEP for its feedback in April 2020. Region 1 staff and legal counsel worked with MassDEP Air and Climate Programs staff and legal counsel to develop an agreed upon final draft.

Both EPA and MassDEP agree that the MOA is mutually advantageous and an effective mechanism to protect air quality. Accordingly, the MOA was signed by the Acting EPA Region 1 Administrator on October 15, 2021, and was signed by the MassDEP Commissioner on November 9, 2021. It addresses the functions MassDEP will assume, and the authorities EPA will continue to retain, for the implementation and enforcement of the CAA section 111(d) and/or section 129 Federal Plan requirements for affected sources in the Commonwealth of Massachusetts.

The MOA delineates the scope of the agreement, the mechanism of coordinating implementation and enforcement authority of the Federal Plan requirements via MassDEP's Title V operating permit program, standards affected by this MOA, the roles and responsibilities MassDEP will assume as well as those that EPA will continue to retain, and the administration of this agreement. The Federal Plans that are specifically covered by this MOA are codified at title 40 Code of Federal Regulations (CFR), part 62, subpart JJJ (for "small municipal waste combustors"), subpart LLL (for "sewage sludge incinerators"), and subpart OOO (for "municipal solid waste landfills"). Furthermore, the MOA also describes the method by which EPA and MassDEP will coordinate the implementation and enforcement of future Federal Plans.

The text of EPA Region 1's and MassDEP's MOA, effective November 9, 2021, is reproduced below:

Memorandum of Agreement Between the Massachusetts Department of Environmental Protection and the United States Environmental Protection Agency Regarding Existing Affected Sources Subject to Clean Air Act Sections 111(d) and/or 129 Federal Plan Requirements

I. Introduction

A. The purpose of this Memorandum of Agreement (MOA) is to coordinate implementation and enforcement responsibilities and authorities between the U.S. Environmental Protection Agency, Region 1 (EPA), and the Massachusetts Department of Environmental Protection (MassDEP) with respect to the Federal Plan requirements for affected sources¹ promulgated by EPA pursuant to Clean Air Act (CAA) section 111(d) and/or section 129, as further specified herein. The CAA section 111(d) and/or section 129 Federal Plans that are covered by this MOA are codified at Title 40 Code of Federal Regulations (CFR), Part 62, subpart JJJ (for "small municipal waste combustors"), subpart LLL (for "sewage sludge incinerators"), and subpart OOO (for "municipal solid waste landfills"). In addition, this MOA details the process by which future federal plans promulgated under Part 62 will be implemented and enforced by MassDEP should it accept to exercise this responsibility. This MOA does not cover "large municipal waste combustors" subject to the State Plan approved by EPA and codified at 310 CMR 7.08(2).

B. MassDEP and EPA concur that it is mutually advantageous and the best use of resources to coordinate their efforts in the implementation and enforcement of these Federal Plans by entering this MOA.

C. MassDEP and EPA affirm their commitment to an effective partnership and agree to review this MOA from time to time, as necessary.

II. Scope

A. MassDEP will exercise its authority to implement and enforce the CAA section 111(d) and/or section 129 Federal Plans for affected sources in the Commonwealth of Massachusetts through its Title V operating permits as required under Title V of the CAA (Title V operating permit program), as codified in Massachusetts regulations at 310 CMR 7.00: *Appendix C*. See 61 FR 31442 and 66 FR 49541. Tribal lands with affected sources, if any, are not subject to this MOA.

¹ As used in this MOA, the term "affected source" refers to a source subject to a Federal Plan promulgated under CAA section 111(d) and/or section 129.

B. This MOA addresses the functions MassDEP will assume, and the authorities EPA will continue to retain, as they pertain to the implementation and enforcement of the CAA section 111(d) and/or section 129 Federal Plans for affected sources.

III. Mechanism

A. As outlined in this MOA, MassDEP will exercise its authority to implement and enforce the emission standards and other applicable requirements contained in the section 111(d) and/or 129 Federal Plans for affected sources through MassDEP's Title V operating permit program, as codified in Massachusetts regulations at 310 CMR 7.00: *Appendix C*.

B. In its Title V operating permit program, MassDEP defines "applicable requirement" as:

" . . . all of the following as they apply to emissions units or control equipment in a facility subject to the requirements of Massachusetts Code 310 CMR 7.00: *Appendix C (Appendix C)*. This includes requirements that have been promulgated or approved by EPA through rule making at the time of issuance but have future-effective compliance dates:

* * * * *

[c]Any standard or other requirement under 42 U.S.C. 7401, The Clean Air Act, § 111, including § 111(d) (New Source Performance Standards (NSPS));

* * * * *

[g]Any standard or other requirement governing solid waste incineration, under 42 U.S.C. 7401, The Clean Air Act, § 129;"

See 310 CMR 7.00 *Appendix C* section (1) *Definitions*.

C. In accordance with the language above, MassDEP has the authority to implement and enforce CAA section 111, including CAA section 111(d) and/or section 129 Federal Plan standards, through MassDEP's Title V operating permit program.

D. MassDEP will implement and enforce CAA section 111(d) and/or section 129 Federal Plan standards by including such standards as applicable requirements in affected sources' Title V operating permits when such permits are issued or revised.

E. MassDEP has the following authorities to implement the program:

1. *Requesting information on applicable requirements in affected sources' Title V operating permit applications.* Through 310 CMR 7.00: *Appendix C* (3) and (10)(a), MassDEP is authorized to apply 111(d) and/or 129 Federal Plan requirements by requesting and receiving operating permit applications, as well as records relating to the operating permit or the emission of air contaminants;

2. *Requesting and receiving records relating to the emission of air contaminants.* Through 310 CMR 7.00: *Appendix C* (10)(a), MassDEP is authorized to request and receive records relating to the Title V operating permit or the emission of air contaminants;

3. *Requiring that all applicable State and Federal requirements be included in Title V operating permits.* Specific conditions related to CAA section 111(d) and/or section 129 Federal Plans will be included in an affected source's Title V operating permit by MassDEP through 310 CMR 7.00: *Appendix C*(3)(g)1, which specifies that all applicable requirements must be included in an operating permit;

4. *Enforcing all conditions and requirements of its Title V operating permits.* Enforcement of the CAA section 111(d) and/or section 129 Federal Plans will be exercised by MassDEP through its enforcement provision in 310 CMR 7.00: *Appendix C* (3)(f), which states that an *Appendix C* qualifying facility is subject to enforcement pursuant to the Massachusetts General Laws and regulations thereunder if a violation of *Appendix C* occurs. Penalties for such violations are outlined in M.G.L. c. 111, §§ 142A and B. MassDEP also has authority to issue civil administrative penalties for noncompliance violations pursuant to M.G.L. c. 21A, § 16, and 310 CMR 5.00.

IV. Standards Affected by This MOA and Mechanism for Accepting Future Standards

A. Upon the effective date of this MOA, EPA recognizes MassDEP as having implementation and enforcement authority for Part 62, subpart JJJ (for "small municipal waste combustors"), subpart LLL (for "sewage sludge incinerators"), and subpart OOO (for "municipal solid waste landfills") upon issuance of a Title V operating permit with applicable requirements for those standards written into the source-specific permit.

B. When EPA establishes future CAA section 111(d) and/or section 129 Federal Plan standards, EPA will notify MassDEP by forwarding a copy of the applicable regulations via a letter asking whether the standard is applicable to sources in Massachusetts and whether MassDEP intends to accept implementation and enforcement authority of the standard through issuance of a Title V operating permit with applicable requirements for those standards written into the source-specific permit. MassDEP will notify EPA by letter whether MassDEP intends

to accept implementation and enforcement authority of the standard through issuance of Title V operating permits to applicable sources.

V. Roles and Responsibilities of MassDEP and EPA

A. MassDEP and EPA agree to maintain a high level of communication, coordination, and cooperation between their respective staffs to assure the successful and effective administration and implementation of the CAA section 111(d) and/or section 129 Federal Plans for affected sources.

B. EPA commits to provide MassDEP with technical support and assistance in its implementation of CAA section 111(d) and/or section 129 Federal Plans for affected sources, as necessary.

C. Both parties agree to the following procedures:

1. MassDEP shall exercise its authority for the implementation and enforcement of CAA section 111(d) and/or section 129 Federal Plan standards in Title V operating permits, except for applicable sources, if any, in Tribal lands. Such implementation and enforcement shall include as appropriate:

a. Distribution of informational letters and information to potentially affected sources;

b. Receiving and reviewing notices, reports, and compliance certifications;

c. Conducting compliance inspections;

d. Preparing inspection reports and sharing with EPA those reports which find violations;

e. Requiring submittal of, receiving, and reviewing Title V operating permit applications from affected sources;

f. Expeditiously issuing or revising existing Title V operating permits for affected sources, as needed, to include the CAA section 111(d) and/or section 129 Federal Plan standards;

g. Assuring compliance through implementation and enforcement of the Title V operating permit program for affected sources; and

h. In instances where an affected source is required to develop pollution control parameter operating limits based on periodic testing, ensuring that such parameter operating limits are enforceable after the date of a successful performance test and the parameter operating limits are incorporated into a monitoring plan as expeditiously as possible.

2. EPA retains its implementation and enforcement authorities for CAA section 111(d) and/or section 129 Federal Plans in Massachusetts. EPA retains sole authority for the following functions:

a. Alternative site-specific non-methane organic compounds (NMOC) concentrations or site-specific methane generation rate constant (k) used in calculating the annual NMOC emission rate (for landfills);

b. Alternative emission standards;

c. Major alternatives to test methods;

d. Major alternatives to monitoring;

e. Waivers of record keeping;

f. Alternative monitoring parameters (if applicable);

g. Petitions for alternative control device monitoring parameters (where applicable); and

h. Implementation and enforcement in Tribal lands.

D. Nothing in this MOA shall constrain EPA's authority to fulfill its oversight and enforcement roles under the CAA. This MOA shall not be construed to contravene any provision for any associated CAA section 111(d) and/or section 129 Federal Plan requirements. Furthermore, this MOA is in addition to, and does not affect, other EPA approvals and/or delegations under the CAA, such as New Source Review, the Title V Permitting Program, and the State Implementation Plan.

E. Upon issuance of a Title V operating permit to an affected source, MassDEP will have the authority necessary to enforce the CAA section 111(d) and/or section 129 Federal Plan standards.

VI. Administration of This Agreement

A. This MOA is effective when signed by both parties below and may be modified at any time upon the written agreement of MassDEP and EPA. This MOA may be terminated by either signatory at any time after proper written notice.

1. EPA and MassDEP may execute this MOA by handwritten or electronic signatures.

2. To ensure the validity of any electronic signatures and the legal enforceability of this MOA, EPA electronic signatures will comply with the Agency's 2018 Electronic Signature Policy and Electronic Signature Procedure. MassDEP signatures will comply with all applicable Massachusetts e-signature laws and policies. At a minimum, an electronically signed document must be reproducible in a human-intelligible form and clearly indicate: (1) that the document was electronically signed; (2) the unique identity of the individual who signed the document and their intent to sign; and (3) the date and time it was signed. Once the MOA is signed by a party, the document must be locked to prevent any further alteration of this document. An electronically signed

MOA delivered by email or in hard copy shall be deemed an original document which shall be stored and managed in accordance with State and Federal recordkeeping requirements. EPA and MassDEP acknowledge that electronic signatures carry the legal effect, validity, or enforceability of handwritten signatures. Therefore, the parties shall not deny the legal effect, validity, or enforceability of records containing electronic signatures that they transmit and receive on the ground that such records, including the signature(s), are in electronic form.

B. Nothing in this agreement shall be construed to restrict in any way the authority of either MassDEP or EPA in fulfilling its responsibilities under State or Federal law, respectively.

VII. Signatures

For the United States, Deborah Szaro, Acting Regional Administrator, EPA Region 1, October 15, 2021.

For the Commonwealth of Massachusetts, Martin Suuberg, Commissioner, Massachusetts Department of Environmental Protection, November 9, 2021.

This document informs the public of EPA Region 1 and MassDEP's November 9, 2021 MOA. In addition, a copy of the MOA signed by EPA Region 1 and MassDEP is available in the docket for this action identified in the **ADDRESSES** section above.

List of Subjects in 40 CFR Part 62

Environmental protection, Air pollution control, Administrative practice and procedure, Industrial facilities, Intergovernmental relations, Reporting and recordkeeping requirements, Waste treatment and disposal.

Dated: September 15, 2022.

David Cash,

Regional Administrator, EPA Region 1.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

[EPA-HQ-OPP-2021-0153; FRL-10187-01-OCSPP]

Novaluron; Pesticide Tolerances

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes tolerances for residues of novaluron in or on multiple crops that are discussed

later in this document. Interregional Research Project Number 4 (IR-4) requested these tolerances under the Federal Food, Drug, and Cosmetic Act (FFDCA).

DATES: This regulation is effective September 21, 2022. Objections and requests for hearings must be received on or before November 21, 2022, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the **SUPPLEMENTARY INFORMATION**).

ADDRESSES: The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2021-0153, is available at <https://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room and the OPP Docket is (202) 566-1744. For the latest status information on EPA/DC services, docket access, visit <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: Marietta Echeverria, Acting Director, Registration Division (7505T), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; main telephone number: (202) 566-1030; email address: RDFRNotices@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. How can I get electronic access to other related information?

You may access a frequently updated electronic version of EPA's tolerance

regulations at 40 CFR part 180 through the Office of the Federal Register's e-CFR site at <https://www.ecfr.gov/current/title-40>.

C. How can I file an objection or hearing request?

Under FFDCA section 408(g), 21 U.S.C. 346a(g), any person may file an objection to any aspect of this regulation and may also request a hearing on those objections. You must file your objection or request a hearing on this regulation in accordance with the instructions provided in 40 CFR part 178. To ensure proper receipt by EPA, you must identify docket ID number EPA-HQ-OPP-2021-0153 in the subject line on the first page of your submission. All objections and requests for a hearing must be in writing and must be received by the Hearing Clerk on or before November 21, 2022. Addresses for mail and hand delivery of objections and hearing requests are provided in 40 CFR 178.25(b).

In addition to filing an objection or hearing request with the Hearing Clerk as described in 40 CFR part 178, please submit a copy of the filing (excluding any Confidential Business Information (CBI)) for inclusion in the public docket. Information not marked confidential pursuant to 40 CFR part 2 may be disclosed publicly by EPA without prior notice. Submit the non-CBI copy of your objection or hearing request, identified by docket ID number EPA-HQ-OPP-2021-0153, by one of the following methods:

- **Federal eRulemaking Portal:** <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be CBI or other information whose disclosure is restricted by statute.

- **Mail:** OPP Docket, Environmental Protection Agency Docket Center (EPA/DC), (28221T), 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001.

- **Hand Delivery:** To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <https://www.epa.gov/dockets/where-send-comments-epa-dockets>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

II. Summary of Petitioned-For Tolerance

In the **Federal Register** of June 28, 2021 (86 FR 33922) (FRL-10025-08), EPA issued a document pursuant to FFDCA section 408(d)(3), 21 U.S.C.
