Title: Application for Disability Compensation and Related Compensation Benefits (VA Form 21–526EZ).

OMB Control Number: 2900–0747.

Type of Review: Revision of a currently approved collection.

Abstract: VA Form 21–526EZ is used to collect the information needed to process a claim for disability compensation and related compensation benefits. Though, this form was initially created to be used to submit fully developed claims (FDC), it has evolved into a standard claim form to be used for any benefit associated with disability compensation: to include new or initial

claims, reopened claims, and claims for increase.

The respondent burden for VA Form 21–526EZ has increased due to: the number of receivables averaged over the past year, general program changes—such as regulatory changes, and the continuing improvement of VA’s electronic claims processing systems.

VA Form 21–526EZ has been updated, to include: new instructions associated with ‘The Sergeant First Class (SFC) Heath Robinson Honoring our Promise to Address Comprehensive Toxics (PACT) Act’; the GENDER question has been removed; a new Section IV: Exposure Information, including new PACT Act questions that identify toxic exposures the claimant may have been exposed to during service; and an ‘Addendum’ has been added to provide additional space for disabilities if the claimant has more than the space provided in Section V: Claim Information.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. The **Federal Register** Notice with a 60-day comment period soliciting comments on this collection of information was published at 87 FR 40885 on July 8, 2022, pages 40885 and 40886.

Affected Public: Individuals or Households.

Estimated Annual Burden: 587,815.

Estimated Average Burden per Respondent: 17.5 minutes.

Frequency of Response: One time.

Estimated Number of Respondents: 2,015,367.

By direction of the Secretary.
