Title: Supplemental Nutrition Assistance Program: Performance Reporting System, Management Evaluation.

Form Number: N/A.

OMB Control Number: 0584-0010.

Expiration Date: July 31, 2023.

Type of Request: Revision of a currently approved collection to include an existing collection in use without an OMB control number.

Abstract: The purpose of the Performance Reporting System (PRS) is to ensure that each State agency and project area is operating the Supplemental Nutrition Assistance Program (SNAP) in accordance with the requirements of the Food and Nutrition Act of 2008 (the Act) (7 U.S.C. 2011, *et seq.*), as amended, and corresponding program regulations. Under Section 11 of the Act, all 53 SNAP State agencies must maintain records to ascertain that the program is operating in compliance with the Act and regulations by conducting State management evaluations in each of their project areas as outlined in 7 CFR 275.5. Management evaluations (MEs) are reviews that State agencies complete at local SNAP offices to monitor program access, program integrity, and operations. States must make these records available to the Food and Nutrition Service (FNS) of the United States Department of Agriculture (USDA) for inspection and audit. To conduct Federal oversight of State operations, FNS Regional offices also conduct Federal management evaluations of State agencies in all 53 SNAP States in accordance with 7 CFR 275.3(a) and (b).
