AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to prepare an Environmental Impact Statement, initiate section 106 consultation, and request scoping comments for the Proposed Airfield, Safety, and Terminal Improvement Project at West Virginia International Yeager Airport, Charleston, Kanawha County, West Virginia.

SUMMARY: The Federal Aviation Administration (FAA) is issuing this notice under the provisions of the National Environmental Policy Act (NEPA) of 1969, as amended, to advise the public that an Environmental Impact Statement (EIS) will be prepared to assess the potential impacts of the proposed Airfield, Safety, and Terminal Improvement Project and its connected actions (the Proposed Action) at the West Virginia International Yeager

Airport (CRW or Airport). The Central West Virginia Regional Airport Authority (CWVRAA) is proposing to develop the project in phases to address various safety and operational deficiencies at the Airport. The immediate need is to improve the runway safety areas, meet existing runway length requirements for the Airport's runway, and replace aging and inefficient infrastructure in the terminal area. Phase 1 of CWVRAA's proposed development is intended to address these immediate needs. The long-term need is dependent on and in support of a potential change in the aircraft serving CRW and/or forecast destinations that are anticipated to occur by 2040. Phase 2 of CWVRAA's proposed development is intended to address these long-term needs. To ensure that all significant issues related to the Proposed Action are identified, two (2) in-person public scoping meetings, one (1) virtual public scoping meeting, and one (1) governmental agency scoping meeting will be held.

DATES: The effective date of start of FAA's EIS scoping period is September 30, 2022. The public and agency scoping comment period ends November 17, 2022. In-person public meetings will be held on November 2, 2022 and November 3, 2022. A virtual public meeting will be held November 7, 2022. A governmental agency scoping meeting will be held November 3, 2022.

The purpose of the scoping process is to receive input from the public, as well as from federal, state, and local agencies that have legal jurisdiction and/or special expertise, with respect to any potential environmental impacts associated with the Proposed Action, as well as concerns, issues, and alternatives they believe should be addressed in the EIS.
