Pacific Toxicology Laboratories, 9348 DeSoto Ave., Chatsworth, CA 91311, 800–328–6942, (Formerly: Centinela Hospital Airport Toxicology Laboratory).

Phamatech, Inc., 15175 Innovation Drive, San Diego, CA 92128, 888– 635–5840.

Quest Diagnostics Incorporated, 400 Egypt Road, Norristown, PA 19403, 610–631–4600/877–642–2216, (Formerly: SmithKline Beecham Clinical Laboratories; SmithKline Bio-Science Laboratories).

US Army Forensic Toxicology Drug Testing Laboratory, 2490 Wilson St., Fort George G. Meade, MD 20755– 5235, 301–677–7085, Testing for Department of Defense (DoD) Employees Only.

\* The Standards Council of Canada (SCC) voted to end its Laboratory Accreditation Program for Substance Abuse (LAPSA) effective May 12, 1998. Laboratories certified through that program were accredited to conduct forensic urine drug testing as required by U.S. Department of Transportation (DOT) regulations. As of that date, the certification of those accredited Canadian laboratories will continue under DOT authority. The responsibility for conducting quarterly performance testing plus periodic on-site inspections of those LAPSA-accredited laboratories was transferred to the U.S. HHS, with the HHS' NLCP contractor continuing to have an active role in the performance testing and laboratory inspection processes. Other Canadian laboratories wishing to be considered for the NLCP may apply directly to the NLCP contractor just as U.S. laboratories do.

Upon finding a Canadian laboratory to be qualified, HHS will recommend that DOT certify the laboratory (Federal Register, July 16, 1996) as meeting the minimum standards of the Mandatory Guidelines published in the Federal Register on January 23, 2017 (82 FR 7920). After receiving DOT certification, the laboratory will be included in the monthly list of HHS-certified

laboratories and participate in the NLCP certification maintenance program.

#### Anastasia Marie Donovan,

Public Health Advisor, Division of Workplace Programs.

#### **Coast Guard**

[Docket No. USCG-2022-0346]

Cooperative Research and Development Agreement—Evaluation of RADA's Air Surveillance Radar System

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of intent; request for

comments.

**SUMMARY:** The Coast Guard announces its intent to enter into a cooperative research and development agreement (CRADA) to evaluate track classification and discrimination technology and address its ability to perform for specific USCG needs supporting operations. The Coast Guard is currently considering partnering with RADA Technologies LLC and solicits public comment on the possible participation of other parties in the proposed CRADA, and the nature of that participation. The Coast Guard also invites other potential non-Federal participants, who have the interest and capability to bring similar contributions to this type of research, to consider submitting proposals for consideration in similar CRADAs.

**DATES:** Comments must reach the Coast Guard on or before November 2, 2022. Synopses of proposals regarding future CRADAs must also reach the Coast Guard on or before November 2, 2022.

ADDRESSES: Submit comments online at http://www.regulations.gov following website instructions. Submit synopses of proposals regarding future CRADAs to Mr. Robert Taylor at his address listed in the FOR FURTHER INFORMATION CONTACT section.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice or wish to submit proposals for future CRADAs, contact Mr. Robert Taylor, Project Official, C5I Branch, U.S. Coast Guard Research and Development Center, 1 Chelsea Street, New London, CT 06320, telephone 860–271–2883, email *smb-rdc-c5i@uscg.mil*.

### SUPPLEMENTARY INFORMATION:

# **Public Participation and Request for Comments**

We request public comments on this notice. Although we do not plan to publish responses to comments in the **Federal Register**, we will respond directly to commenters and may modify our proposal in light of comments.

Comments should be marked with docket number USCG-2022-xxxx and should provide a reason for each
