

these products will help to determine the final content and design for the 2020 Census Detailed DHC–A and Detailed DHC–B. The tribal consultation meetings reflect the Census Bureau’s continuous commitment to strengthen nation-to-nation relationships with federally recognized tribes. The Census Bureau’s procedures for outreach, notice, and consultation ensure involvement of tribes to the extent practicable and permitted by law before making decisions or implementing policies, rules, or programs that affect federally recognized tribal governments. These meetings are open to citizens of federally recognized tribes by invitation. The Census Bureau provided questions in preparation for the tribal consultations focused on the Detailed DHC–A and Detailed DHC–B.

In that regard, the Census Bureau is asking tribal governments review the proposed tables, levels of geography, and product design. Helpful feedback would include tables and geographies that are needed, how design changes may impact your work, and ways the Census Bureau can continue to effectively communicate with tribal leaders about these products. The purpose of the tribal consultations is to hear tribes’ recommendations.

DATES: The Census Bureau will conduct two tribal consultations on Tuesday, October 18, 2022, from 1 to 3 p.m. AKDT. The second tribal consultation will be on Monday, October 31, 2022, from 8:30 a.m. to 10 a.m. PDT. Any questions or topics to be considered in the tribal consultation meetings must be received in writing via email by Monday, October 10, 2022.

SUPPLEMENTARY INFORMATION: The Census Bureau is planning two tribal

consultations on October 18, 2022, in Anchorage, Alaska and October 31, 2022, in Sacramento, California, with federally recognized tribes, so tribes can provide feedback on the content and design of the 2020 Census Detailed Demographic and Housing Characteristics File A (Detailed DHC–A) and Detailed Demographic and Housing Characteristics File B (Detailed DHC–B). These two products are the successor products to the American Indian and Alaska Native Summary File (AIANSF) that was produced in previous censuses. The Detailed DHC–A provides population counts and sex by age statistics for approximately 370 detailed racial and ethnic groups, such as German, Lebanese, Jamaican, Chinese, Native Hawaiian, and Mexican, as well as about 1,200 detailed American Indian and Alaska Native tribal and village population groups, such as Native Village of Hooper Bay (Naparyarmiut) and Navajo Nation. The Detailed DHC–B provides household type and tenure information for the same detailed race and ethnicity groups and American Indian and Alaska Native tribal and village population groups.

In accordance with Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, issued November 6, 2000, the Census Bureau has adhered to its tribal consultation policy by seeking the input of tribal governments in the planning and implementation of the 2020 Census with the goal of ensuring the most accurate counts and data for the American Indian and Alaska Native population. In that regard, the Census Bureau is seeking comments on the content and design of the 2020 Census Detailed DHC–A and Detailed DHC–B, which include data on detailed race and ethnic groups and American Indian and Alaska Native tribes and villages.

Detailed Demographic and Housing Characteristics File A (Detailed DHC–A)

- **Subjects:** Population counts and sex by age statistics for approximately 370 detailed racial and ethnic groups, such as German, Lebanese, Jamaican, Chinese, Native Hawaiian, and Mexican, as well as about 1,200 detailed American Indian and Alaska Native tribal and village population groups, such as Native Village of Hooper Bay (Naparyarmiut) and Navajo Nation.

- The Detailed DHC–A implements an adaptive design that provides more detailed statistics for racial and ethnic groups with larger populations, while at the same time ensuring sufficient confidentiality protections.

- **Access:** data.census.gov.

- **Proposed 2020 geographies:** Nation, state, county, and American Indian/Alaska Native/Native Hawaiian (AIANNH) areas. We are evaluating the feasibility of adding places (cities and towns) and census tracts, per data user feedback.

- **Planned release date:** August 2023.

Detailed Demographic and Housing Characteristics File (Detailed DHC–B)

- **Subjects:** Household type and tenure information for the same detailed race and ethnicity groups and American Indian and Alaska Native tribal and village population groups mentioned for the Detailed DHC–A.

- The Detailed DHC–B has a proposed implementation of adaptive design similarly to Detailed DHC–A mentioned above.

- **Access:** data.census.gov.

- **Proposed 2020 geographies:** Nation, state, county, and American Indian/Alaska Native/Native Hawaiian (AIANNH) areas. We are evaluating the feasibility of adding places (cities and towns) and census tracts, per data user feedback.

- **Release date:** To be determined.

International Trade Administration

Draft Harmonized System (HS) Code List of Critical Supply Chains

AGENCY: International Trade Administration, Department of Commerce.

ACTION: Notice of opportunity for public comment.

SUMMARY: “Executive Order on America’s Supply Chains”, issued on February 24, 2021, outlines U.S. policy objectives with respect to strengthening the resilience of America’s supply chains. The Executive Order directed relevant Secretaries to prepare reports on the supply chains for critical sectors and subsectors within either 100 days or 1 year of the Order. Through this

Request for Comment (RFC), the Department of Commerce (Commerce) is requesting input from the public on a draft list of critical goods and materials within four of the supply chains assessed under the Order: public health and biological preparedness, information and communications technology (ICT), energy, and critical minerals. The draft list, defined by 8- and 10-digit tariff lines of the Harmonized Tariff Schedule of the United States (HTSUS), is set out online at <https://www.trade.gov/data-visualization/draft-list-critical-supply-chains>. The list of critical goods and materials will serve as a tool to facilitate ongoing targeted analysis of trade data and the evaluation of policies to strengthen these supply chains. This RFC is a part of the government's ongoing work to identify risks, address vulnerabilities, and develop a strategy to promote American supply chains resiliency in accordance with the Order.

DATES: To ensure consideration, written comments must be submitted on or before November 3, 2022.

ADDRESSES: Written comments may be submitted in response to this document by comment through <https://www.regulations.gov> for Docket ID ITA-2022-0010.

FOR FURTHER INFORMATION CONTACT: Please direct questions regarding this notice to Tobias Reynolds, International Economist, at (202) 482-6374 or SupplyChainsHS@trade.gov, with the subject line "Notice and Request for Comment". Please direct media inquiries to ITA's Office of Public Affairs, publicaffairs@trade.gov or (202) 482-3809.

SUPPLEMENTARY INFORMATION:

I. Background

Executive Order 14017 of February 24, 2021, "Executive Order on America's Supply Chains" (hereafter "Executive Order" or "Order") (86 FR 11849; February 24, 2021), outlines U.S. policy objectives with respect to strengthening the resilience of America's supply chains. The Executive Order directed various agencies to submit supply chain assessments, including a review of "the critical goods and materials, as defined by section 6(b) of this order, underlying the supply chain in question." Relevant reports were released in June 2021 and February 2022.

Section 6(b) of the Order defines critical goods and materials as "goods and raw materials currently defined under statute or regulation as 'critical' materials, technologies, or infrastructure." For the purposes of

better analyzing trade data and policies, Commerce has identified HTSUS codes that match to critical goods and materials in four of these supply chains, drawing upon the expertise of industry analysts. Each product is identified as either an input, capital good, or final good. The draft list of HTSUS codes, defined at the 8 and 10-digit level, is set out online at <https://www.trade.gov/data-visualization/draft-list-critical-supply-chains>.

II. Objective of This RFC

This RFC offers an opportunity for all interested parties to provide relevant input and recommendations for consideration with respect to the draft list of critical goods and materials. Commerce is also interested in how products are used within a supply chain.

III. Request for Comments

Please submit written comments on this draft list on or before November 3, 2022 to facilitate consideration. Commerce is requesting comments addressing the make-up of the draft list, including any recommended product additions or subtractions. For any product noted, please include:

- The 8- or 10-digit HTSUS code(s) for the product. The U.S. International Trade Commission's HTS Online Reference Tool (<https://hts.usitc.gov/>) is a useful tool for helping to determine the U.S. tariff classification of a product.
- Product description (e.g., physical characteristics, function, application, principal or end use within the critical sector, etc.)
- What is the relevant supply chain sector
- What is the relevant supply chain subsector (if any)

IV. Submission Instructions

Commenters should include the name of the person or organization filing the comment. All personal identifying information (for example, phone number and email) voluntarily submitted in any attachments by the commenter will be publicly accessible unless marked as Business Confidential Information (BCI). Instructions on business confidential submissions can be found below.

Commerce strongly prefers comments submitted using the public comment submission form posted on <https://www.trade.gov/data-visualization/draft-list-critical-supply-chains> and in the "Supporting & Related Material" section on <https://www.regulations.gov> in Docket ID ITA-2022-0010. Click on the top tab titled "View More Documents"

of the docket to find the "Supporting & Related Material" section. In order to facilitate preparation of comments, a facsimile of the form is attached as an annex to this notice.

If you do not use the form, Commerce prefers submissions made in Microsoft Word (.doc) or searchable Adobe Acrobat (.pdf). If you use an application other than those two, please indicate the name of the application in the 'comment' field. If you attach a document, it is sufficient to type "see attached" in the "comment" field.

Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the comment itself, rather than submitting them as separate files.

For any documents submitted electronically containing Business Confidential Information (BCI), the file name of the business confidential version should end with the characters "BC". Any page containing BCI must be clearly marked "BUSINESS CONFIDENTIAL" on the top of that page and the submission should clearly indicate, via brackets, highlighting, or other means, the specific information that is business confidential. Filers of submissions containing BCI also must submit a public version of their submissions. The file name of the public version should end with the character "P". The "BC" and "P" should follow the rest of the file name. If these procedures are not sufficient to protect BCI or otherwise protect business interests, please contact Tobias Reynolds, International Economist, at (202) 482-6374 or SupplyChainsHS@trade.gov to discuss whether alternative arrangements are possible.

Commerce will post submissions in the docket for public inspection, except BCI. You can view submissions on the <https://www.regulations.gov> by entering Docket ID ITA-2022-0010 in the search field on the home page.

Steel Concrete Reinforcing Bar From the Republic of Turkey, Taiwan, and Japan: Final Results of First Expedited Sunset Reviews of the Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of these expedited sunset reviews, the U.S. Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) orders on steel concrete reinforcing bars from the Republic of Turkey (Turkey), Taiwan, and Japan would be likely to lead to continuation or recurrence of dumping at the levels indicated in the “Final Results of Review” section of this notice.

DATES: Applicable October 4, 2022.

FOR FURTHER INFORMATION CONTACT: Jacqueline Arrowsmith, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5255.

SUPPLEMENTARY INFORMATION:

Background

On June 1, 2022, Commerce published the notice of initiation of the sunset review of the AD orders on steel concrete reinforcing bar from Turkey, Taiwan, and Japan¹ pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On June 15, 2022, Commerce received a notice of intent to

participate from the domestic interested parties³ for the *Orders* within the deadline specified in 19 CFR 351.218(d)(1)(i).⁴ The domestic interested parties claimed domestic interested party status under section 771(9)(C) of the Act, as manufacturers of domestic like product in the United States.⁵ On June 30, 2022, the domestic interested parties submitted a timely substantive responses for each sunset review within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁶ Commerce did not receive a substantive response from any other interested parties with respect to the *Orders* covered by these sunset reviews. On July 21, 2022, Commerce notified the U.S. International Trade Commission that it did not receive an adequate substantive response from respondent interested parties in any of these sunset reviews.⁷ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted expedited (120-day) sunset reviews of these *Orders*.

Scope of the Orders

The merchandise subject to these *Orders* is steel concrete reinforcing bar imported in either straight length or coil form (rebar) regardless of metallurgy, length, diameter, or grade or lack thereof. Subject merchandise includes deformed steel wire with bar markings (e.g., mill mark, size, or grade) and which has been subjected to an elongation test. For a full description of the scope, see the Issues and Decision Memorandum.⁸
