

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid Office of Management and Budget (OMB) control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before December 5, 2022. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email to *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418-2918.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0250.

Title: Sections 73.1207, 74.784 and 74.1284, Rebroadcasts.

Form Number: Not applicable.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities; Not-for-profit institutions; State, local or tribal government.

Number of Respondents and Responses: 6,462 respondents; 11,012 responses.

Estimated Time per Response: 0.50 hours.

Frequency of Response:

Recordkeeping requirement; on occasion reporting requirement; semi-annual reporting requirement; third party disclosure requirement.

Total Annual Burden: 5,506 hours.

Total Annual Costs: No cost.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this information collection is contained in Sections 154(i) and 325(a) of the Communications Act of 1934, as amended.

Needs and Uses: The information collection requirements contained in 47 CFR 73.1207 require that licensees of broadcast stations obtain written permission from an originating station prior to retransmitting any program or any part thereof. A copy of the written consent must be kept in the station's files and made available to the FCC upon request. Section 73.1207 also specifies procedures that broadcast stations must follow when rebroadcasting time signals, weather bulletins, or other material from non-broadcast services.

The information collection requirements contained in 47 CFR 74.784(b) require that a licensee of a low power television or TV translator station shall not rebroadcast the programs of any other TV broadcast station without obtaining prior consent of the station whose signals or programs are proposed to be retransmitted. Section 74.784(b) requires licensees of low power television and TV translator stations to notify the Commission when rebroadcasting programs or signals of another station. This notification shall include the call letters of each station rebroadcast. The licensee of the low power television or TV translator station shall certify that written consent has been obtained from the licensee of the station whose programs are retransmitted.

Lastly, the information collection requirements contained in 47 CFR 74.1284 require that the licensee of a FM translator station obtain prior consent to rebroadcast programs of any broadcast station or other FM translator. The licensee of the FM translator station must notify the Commission of the call letters of each station rebroadcast and must certify that written consent has been received from the licensee of that station. Also, AM stations are allowed to use FM translator stations to rebroadcast the AM signal.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712-01-P

FEDERAL MARITIME COMMISSION

[Docket No. 22-26]

Philip Reinisch Company LLC, Complainant v. Flexport International LLC, Respondent; Notice of Filing of Complaint and Assignment

Served: September 29, 2022.

Notice is given that a complaint has been filed with the Federal Maritime Commission (Commission) by Philip Reinisch Company LLC., hereinafter "Complainant," against Flexport International LLC., hereinafter "Respondent." Complainant states that it is a company registered in Indiana. Complainant identifies the Respondent as a non-vessel-operating common carrier registered in Delaware with its principal office located in San Francisco, California.

Complainant alleges that Respondent violated 46 U.S.C. 41104(a)(15) and 41104(d) regarding the issuance of invoices without required information

and the assessment of detention and demurrage charges. The full text of the complaint can be found in the Commission's Electronic Reading Room at <https://www2.fmc.gov/readingroom/proceeding/22-26/>.

This proceeding has been assigned to Office of Administrative Law Judges. The initial decision of the presiding officer in this proceeding shall be issued by September 29, 2023, and the final decision of the Commission shall be issued by April 12, 2024.

William Cody,

Secretary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Agency for Healthcare Research and Quality

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Agency for Healthcare Research and Quality, HHS.

ACTION: Notice.

SUMMARY: This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) approve the proposed information collection project “Medical Expenditure Panel Survey (MEPS) COVID-19 Changes.” This proposed information collection was previously published in the **Federal Register** on July 11, 2022 and allowed 60 days for public comment. AHRQ received one comment from The Bureau of Economic Analysis (BEA) in strong support of the questions for this proposed data collection. The purpose of this notice is to allow an additional 30 days for public comment.

DATES: Comments on this notice must be received by November 4, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Doris Lefkowitz, AHRQ Reports Clearance Officer, (301) 427-1477, or by email at doris.lefkowitz@AHRQ.hhs.gov.

SUPPLEMENTARY INFORMATION:

Proposed Project

“*Medical Expenditure Panel Survey (MEPS) COVID-19 Changes.*”

The Medical Expenditure Panel Survey (MEPS) consists of the following three components and has been conducted annually since 1996:

- *Household Component (MEPS-HC):* A sample of households participating in the National Health Interview Survey (NHIS) in the prior calendar year are interviewed 5 times over a 2 and one-half (2.5) year period. These 5 interviews yield 2 years of information on use of, and expenditures for, health care, sources of payment for that health care, insurance status, employment, health status and health care quality.

- *Medical Provider Component (MEPS-MPC):* The MEPS-MPC collects information from medical and financial records maintained by hospitals, physicians, pharmacies and home health agencies named as sources of care by household respondents.

- *Insurance Component (MEPS-IC):* The MEPS-IC collects information on establishment characteristics, insurance offerings and premiums from employers. The MEPS-IC is conducted by the Census Bureau for AHRQ and is cleared separately.

This request is for the MEPS-HC only. The OMB Control Number for the MEPS-HC and MEPS-MPC is 0935-0118, which was last approved by OMB on November 18, 2020, and will expire on November 30, 2023.

The purpose of this request is to update questions related to COVID-19 in MEPS. New round 1 questions on COVID-19 capture information on whether household members have ever had COVID-19 and when they most recently had COVID-19. Follow-up questions in later rounds determine if household members have had COVID-19 in the interview reference period.

This study is being conducted by AHRQ through its contractors, Westat and RTI International, pursuant to AHRQ’s statutory authority to conduct and support research on healthcare and on systems for the delivery of such care, including activities with respect to the cost and use of health care services and with respect to health statistics and surveys. 42 U.S.C. 299a(a)(3) and (8); 42 U.S.C. 299b-2.

Method of Collection

The questions will be asked of all MEPS sample members with a single

household respondent reporting for the household. The first two questions serve as gate questions and only respondents who report having a COVID-19 diagnosis in the relevant time period will receive follow-up questions about the timing of their most recent infection. These questions will be administered in the existing Priority Conditions Enumeration section of MEPS, which includes a similar series of questions about whether household members have ever been diagnosed with certain medical conditions.

Historically, MEPS has been conducted using Computer Assisted Personal Interviewing (CAPI) where field interviews conduct interviews with household respondents in person. However, MEPS is currently being conducted via multiple modes, including face-to-face, phone, and virtual interviewing, due to the ongoing COVID-19 pandemic.

The information collected on COVID-19 diagnoses will undergo editing and be reviewed for data quality, including consistency with publicly available sources of data on COVID-19 infections. Additionally, the resulting variables will be included on the annual MEPS full-year consolidated public use data files after being assessed for any potential disclosure concerns. The new CAPI questions collecting information about COVID-19 will be folded into the regular processing stream of MEPS data to produce estimates of health care utilization and expenditures. The information collected on COVID-19 diagnoses will be used to compare healthcare utilization and expenditures between those who have had confirmed COVID-19 and those who have not. Additionally, the information collected on the timing of recent infections can be used to either include or exclude recent infections from calendar year or round-specific estimates of healthcare utilization and expenditures. This allows researchers to examine both shorter-term and longer-term impacts of a COVID-19 diagnosis on healthcare utilization and expenditures.

Estimated Annual Respondent Burden

Exhibit 1 shows the estimated annualized burden hours for respondents’ time to participate in this research. The addition of several questions related to COVID-19 adds minimal burden in hours and costs to the core CAPI interview, estimated to add 1 minute per interview and a total of 222 burden hours.

Exhibit 2 shows the estimated annualized cost burden associated with respondents’ time to participate in this
