Lowering the Per-Unit Acquisition Cost for Equipment Acquired by State Licensing Agencies for the Benefit of the Randolph-Sheppard Vending Facility Program

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Notice.

SUMMARY: The Department of Education (Department) is implementing an exception, approved by the Office of Management and Budget (OMB), to lower the per-unit acquisition cost for equipment acquired by State licensing agencies (SLAs) for the benefit of the Randolph-Sheppard Vending Facility Program (RSVFP). The per unit acquisition cost is lowered from the current \$5,000 or the capitalization level established by the non-Federal entity for financial statement purposes to “equal or exceed the lesser of \$1,000 or the capitalization level established by the non-Federal entity for financial statement purposes.”

DATES: *Applicable date:* October 1, 2022.

SUPPLEMENTARY INFORMATION:

Uniform Guidance Exception Granted

On July 27, 2022, the Department requested an exception from OMB under 2 CFR 200.102(a) and (c) to adjust the requirements under the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) definition of “equipment” at 2 CFR 200.1 for a class of non-Federal entities. Specifically, the Department requested

the limited exception, solely for equipment acquired by the SLA for the benefit of the RSVFP, to lower the per-unit acquisition cost threshold from the current \$5,000 or the capitalization level established by the non-Federal entity for financial statement purposes to “equal or exceed the lesser of \$1,000 or the capitalization level established by the non-Federal entity for financial statement purposes.” On September 2, 2022, OMB approved the exception and notified the Department. The exception is applicable only to equipment the SLA acquires under section 3(3) and section 7(c) of the Randolph-Sheppard (R-S Act) and under section 103(b)(1) of the Rehabilitation Act of 1973 (Rehabilitation Act) for the benefit of the RSVFP.

This notice announces the lowering of the per-unit acquisition cost for equipment acquired by SLAs for the benefit of the RSVFP. This change is effective for SLAs on October 1, 2022 and applies to all equipment, acquired with either R-S Act set-aside funds under 34 CFR 395.9(b) or State Vocational Rehabilitation Services (VR) program funds (both Federal and non-Federal) under section 103(b)(1) of the Rehabilitation Act and 34 CFR 361.49(a)(5), satisfying the lower per-unit acquisition cost on or after that date. VR agencies need to ensure that prior approval is obtained for items meeting the revised equipment threshold in accordance with 2 CFR 200.407. RSA will provide training opportunities to States, as necessary, on the implementation of the exception.

Background

The R-S Act, which authorizes the RSVFP, enhances employment opportunities for individuals who are blind by designating SLAs to train and license them to operate vending facilities (e.g., vending machines, cafeterias, snack bars) on Federal and other property.

VR agencies that provide services to the blind serve as SLAs for purposes of administering the R-S Act and the RSVFP. Pursuant to section 103(b)(1) of the Rehabilitation Act, VR agencies may use Federal VR program funds for the ongoing acquisition of equipment and the purchase of initial stocks and supplies during the blind vendor’s first six months of operation (see also 34 CFR 361.49(a)(5)). Specifically, Federal VR program funds, as well as some non-Federal funds used for matching purposes, may be used to acquire equipment throughout the operation of the vending facility. However, Federal VR program funds, as well as non-Federal funds used for matching

purposes (except for set-aside and Federal vending machine income funds), may be used on initial stocks and supplies only during the first six months of a vending facility’s operation (34 CFR 361.49(a)(5)(ii)). The VR agency acting as the SLA under the R-S Act has the authority to spend the Federal vending machine income and set-aside funds under 34 CFR 395.9(b) on the maintenance, replacement, and purchase of equipment; however, there is no authority to spend these funds on supplies at any point during the operation of the vending facility.

Based on the provisions in 2 CFR part 200, “supplies” are those items that fall under the \$5,000 per-unit capitalization threshold identified in the definition of “equipment” (2 CFR 200.1). In the absence of a statutory or regulatory definition of “equipment” in the Rehabilitation Act or the R-S Act, RSA has relied on the definition in the Uniform Guidance at 2 CFR 200.1, which requires equipment to have a per-unit cost of either \$5,000 or exceed the State’s capitalization threshold, whichever is lower.

The capitalization threshold has a direct effect on the classification of items as “equipment” or as “supplies,” and thus, what funds can be used for its purchase and when such funds may be used.

The Uniform Guidance threshold of \$5,000 became an issue as SLAs and blind vendors initiated the process of reopening vending facilities in the wake of extended closures caused by the COVID-19 pandemic and identified the need to repair/replace or purchase new commercial appliances. For blind vendors to operate a vending facility, SLAs are required to purchase commercial appliances needed to operate that vending facility, including, but not limited to, vending machines, commercial coffee makers, freezers, beverage dispensers, and cash registers, because these commercial appliances remain at the facility regardless of the vendor placed by the State to operate the facility. In many instances, these commercial appliances do not meet the Uniform Guidance definition of “equipment,” because the per-unit cost is less than \$5,000. These items typically cost between \$1,000 and \$4,999 per item. Under the current definition of “equipment,” these costs would generally be considered supplies and would not be allowable purchases for the RSVFP with VR Federal grant funds and non-Federal matching funds, except during the first six months of the operation of any vending facility, and Federal vending machine income and levied set-aside funds can never be used
