1. *Type of Information Collection:* New collection.

2. *The Title of the Form/Collection:* National Elder Abuse Victim Services Needs Assessment.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* There is currently no agency form number.

The Elder Justice Initiative proposes to conduct the first National Elder Abuse Victim Services Needs Assessment, a one-time information collection. The goal of this information collection is to gain insight on how to best meet the needs of victims of elder abuse from the initial incident to investigation and prosecution (if any), through to long-term recovery, and separately for each type of elder abuse (physical abuse, psychological abuse, sexual abuse, caregiver neglect, financial exploitation, financial fraud). To accomplish this goal, the Elder Justice Initiative will: (1) conduct national surveys with elder justice professionals and federal staff, and older victims and their family and friends; and (2) conduct a series of focus groups with elder justice professionals and federal staff, and elder abuse victims and their family and friends. A targeted dissemination strategy summarizing results and recommendations will aid in elder abuse services program planning.

In total, 2800 individuals will participate in the National Needs Assessment.
