BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE

Antitrust Division

**Notice Pursuant to the Defense
Production Act of 1950**

Notice is hereby given pursuant to Section 708 of the Defense Production Act of 1950 ("DPA"), that the Assistant Attorney General finds, with respect to the Voluntary Tanker Agreement ("VTA") proposed by the Maritime Administration ("MARAD"), that the purposes of Section 708(c)(1) of the may not reasonably be achieved through a voluntary agreement or plan of action having less anticompetitive effects or without any voluntary agreement or plan of action. Given this finding, the proposed Voluntary Agreement may

become effective following the publication of this notice.

Under the DPA, MARAD may enter into agreements with representatives of private industry for the purpose of improving the efficiency with which private firms contribute to the national defense when conditions exist that may pose a direct threat to the national defense or its preparedness. Such arrangements are generally known as "voluntary agreements." A defense to actions brought under the antitrust laws is available to each participant acting within the scope of a voluntary agreement that has come into force under the DPA.

The DPA requires that each proposed voluntary agreement be reviewed by the Attorney General prior to becoming effective. If, after consulting with the Chair of the Federal Trade Commission, the Attorney General finds that the purpose of the DPA "may not be reasonably achieved through a voluntary agreement having less anticompetitive effects or without any voluntary agreement or plan of action," the agreement may become effective. 50 U.S.C. 4558 (f)(1)(B). All functions which the Attorney General is required or authorized to perform by section 708 of the DPA have been delegated to the Assistant Attorney General, Antitrust Division. 28 CFR 0.40(l)

The purpose of the proposed VTA is to support Department of Defense ("DoD") contingency requirements to provide tanker capacity during times of crisis through procedures agreed in advance. The proposed VTA establishes the terms, conditions and procedures under which participants agree voluntarily to make tankers available to the DoD. MARAD has certified that the proposed VTA is necessary to carry out its purpose.

MARAD requested that the Assistant Attorney General, Antitrust Division, issue a finding that the proposed Voluntary Agreement satisfies the statutory criteria set forth in 50 U.S.C. 4558(f)(1)(B). The Assistant Attorney General, Antitrust Division, reviewed the proposed Voluntary Agreement and consulted on it with the Chair of the Federal Trade Commission. On September 21, 2022, by letter to Ann C. Phillips, Maritime Administrator, Jonathan S. Kanter, Assistant Attorney General, Antitrust Division, issued a finding pursuant to 50 U.S.C. 4558(f)(1)(B), that the purposes of the VTA "may not reasonably be achieved through a voluntary agreement . . .

having less anticompetitive effects or without any voluntary agreement.”

McCormick Conforti,

Assistant Chief, Competition and Advocacy Section, Antitrust Division.

DEPARTMENT OF JUSTICE

Federal Bureau of Investigation

[OMB Number 1110–NEW]

Agency Information Collection Activities; Proposed eCollection eComments Requested; New Collection

AGENCY: Laboratory Division-RSU, Federal Bureau of Investigation, Department of Justice.

ACTION: 30-Day notice.

SUMMARY: The Laboratory Division-RSU, Federal Bureau of Investigation, Department of Justice, is submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: The Department of Justice encourages public comment and will accept input until November 7, 2022.

FOR FURTHER INFORMATION CONTACT: If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Libby Stern, Research Chemist, Federal Bureau of Investigation Laboratory Division, Research and Support Unit, 2501 Investigation Ave, Quantico, VA 22135, *geophysics@fbi.gov*, 703–632–7825. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *www.reginfo.gov/public/do/PRAMain*. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the

functions of the [Federal Bureau of Investigation], including whether the information will have practical utility;

- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:*

New collection.

2. *The Title of the Form/Collection:*

Law Enforcement Use of Geophysical Methods.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:*

Agency Form Number: FBI IRB number 645–22.

Sponsor: Laboratory Division-RSU, Federal Bureau of Investigation, Department of Justice.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Active or retired Federal Government, State, Local or Tribal Government law enforcement personnel. Abstract: This questionnaire is to gather information from active and retired law enforcement on the applications of geophysical methodologies, such as ground penetrating radar (GPR) and magnetometers, to detect concealed targets (for example: homicide graves, drugs, or weapons) as part of criminal investigations. The respondents will give insight on who performed the geophysical surveys, the suspected targets, the survey environment, along with summaries of 1 to 3 geophysical surveys conducted. The results may be published and used to understand practical uses of geophysical methods for law enforcement investigations.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* We expect no more than 100 individuals completing the questionnaire. On average we expect an average of 10–15 minutes to complete the survey.

6. *An estimate of the total public burden (in hours) associated with the collection:* 25 hours.
