Food and Nutrition Service

Title: Generic Clearance for the Development of Nutrition Education Messages and Products for the General Public.

OMB Control Number: 0584–0523.
Summary of Collection: The Food and Nutrition Consumer Service, Center for Nutrition Policy and Promotion (CNPP) of the U.S. Department of Agriculture conducts consumer research to identify key issues of concern related to understanding and use of the *Dietary Guidelines for Americans 2020–2025* (DGA), as well as the tools and resources used to implement the Dietary Guidelines—previously known as the *MyPyramid* food guidance system. The *Dietary Guidelines*, a primary source of dietary health information, are issued jointly by the USDA and Health and Human Services and serve as the cornerstone of Federal nutrition policy and form the basis for nutrition education efforts of these agencies. After the release of the 2020 DGA a new communication initiative built around USDA's new *MyPlate* icon, including the resources at *ChooseMyPlate.gov*, was launched. *MyPlate* is a visual cue supported by Dietary Guidelines messages to help consumer make better food choices.

Need and Use of the Information: CNPP will collect information to develop practical and meaningful nutrition and physical activity guidance for Americans to help improve their health. The collected information will also be used to expand the knowledge base concerning how the *Dietary Guidelines for Americans* recommendations and messages supporting *MyPlate* are understood and how they can be used by consumers to improve balance of their food intake with physical energy expenditure for good health. If this information is not collected, USDA's ability to incorporate messages and materials that are practical, meaningful, and relevant for the intended audience in any proposed update of the Dietary Guidelines for Americans or related resources at *Choosemyplate.gov* will be impaired.
