[Docket Number USCG–2022–0795]

RIN 1625–AA08

Special Local Regulation; Eureka Concert Spectator Area, Eureka Channel, Eureka, CA

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary local regulation for the navigable waters of Eureka Channel, in the vicinity of Woodley Island, in support of an onshore concert with spectator vessels. This special local regulation is necessary to protect the safety of life on these navigable waters and to ensure the safety of mariners transiting the area from the dangers associated with the large gathering of on water concert spectators. This special local regulation will temporarily establish the spectator area and safe access lane to be used for transit and emergency response access. This regulation is necessary to provide safety of life on the navigable waters during the event, which will be held on October 16, 2022.

DATES: This rule is effective on October 16, 2022 from 11 a.m. until 7 p.m.

FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to

authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) because it would be impracticable to do so. This rule must be effective on October 16, 2022, so we lack sufficient time to provide a reasonable comment period and then consider those comments before issuing this rule.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be contrary to public interest because the rule must be effective on October 16, 2022, to ensure the safety of the participants and vessels during the Concert Event.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70041 (previously 33 U.S.C. 1233). The Captain of the Port Sector San Francisco (COTP) has determined that potential hazards associated with a large gathering of on water concert spectators on October 16, 2022, will be a safety concern for anyone within the Eureka Channel. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the special local regulation while the event is taking place.

IV. Discussion of the Rule

This rule establishes a special local regulation from 11 a.m. until 7 p.m. on October 16, 2022. This special local regulation involves a designated event anchorage in the vicinity of Woodley Island Marine. The event anchorage area will be established from a point along the southeastern shore of Woodley Island at 40°48’34.5” N, 124°9’19.7” W; thence along the Samoa Bridge to 40°48’30.3” N, 124°9’15.7” W; thence along the shore to 40°48’24.2” N, 124°9’30.6” W; thence to 40°48’29.4” N, 124°9’32.8” W and thence to the point of beginning. No vessel may moor or anchor within 50 yards of the southernmost shoreline to allow access for emergency vessels. This special local regulation also involves a no loitering zone to reduce congregating in Eureka Channel during this concert event from a point along the southwestern shore of Woodley Island at 40°48’28.0” N, 124°10’0.0” W; thence

along the shore to 40°48'29.4" N, 124°9'32.8" W; thence to 40°48'24.2" N, 124°9'30.6" W; thence along the shore to 40°48'21.9" N, 124°9'59.9" W and thence to the point of beginning.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, duration, and the time-of-day of the special local regulation. This special local regulation would impact a small designated area of the Eureka Channel for a short duration. Moreover the Coast Guard will issue a Broadcast Notice to Mariners via VHF-FM marine channel 16 about the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions

concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure,

we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This special local regulation involves a designated event anchorage from a point along the southeastern shore of Woodley Island at 40°48'34.5" N, 124°9'19.7" W; thence along the Samoa Bridge to 40°48'30.3" N, 124°9'15.7"; thence along the shore to 40°48'24.2" N, 124°9'30.6" W; thence to 40°48'29.4" N, 124°9'32.8" W and thence to the point of beginning. This special local regulation also involves a no loitering zone to reduce congregating in Eureka Channel during this concert event from a point along the southwestern shore of Woodley Island at 40°48'28.0" N, 124°10'0.0" W; thence along the shore to 40°48'29.4" N, 124°9'32.8" W; thence to 40°48'24.2" N, 124°9'30.6" W; thence along the shore to 40°48'21.9" N, 124°9'59.9" W and thence to the point of beginning. It is categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Memorandum For Record supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

33 CFR Part 165

[Docket No. USCG–2022–0807]

Safety Zones in Reentry Sites; Tampa and Tallahassee, Florida

AGENCY: Coast Guard, DHS.

ACTION: Notification of enforcement of regulation.

SUMMARY: The Coast Guard is activating two safety zones for the SpaceX Commercial Crew-4 mission, reentry vehicle splashdown, and recovery operations. These operations will occur in the U.S. Exclusive Economic Zone (EEZ). Our regulation for safety zones in reentry sites within the Seventh Coast Guard District identifies the regulated areas for this event. No U.S. flagged vessel may enter the safety zones unless authorized by the Captain of the Port St. Petersburg or a designated representative. Foreign-flagged vessels are encouraged to remain outside the safety zones.

DATES: The regulations in 33 CFR 165.T07–0289 will be enforced for the safety zones identified in the **SUPPLEMENTARY INFORMATION** section below for the dates and times specified.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notification of enforcement, call or email Marine Science Technician second class Regina Cuevas, Waterways Management Division, U.S. Coast Guard; telephone 813–228–2191 ext 8333, email Regina.L.Cuevas@uscg.mil.

SUPPLEMENTARY INFORMATION: With this document, the Coast Guard Captain of the Port (COTP) St. Petersburg is activating two safety zones as listed in 33 CFR 165.T07–0289(a)(4) through (a)(5), on October 13, 2022 through October 20, 2022 for the SpaceX Commercial Crew-4 mission (Crew-4), reentry vehicle splashdown, and the associated recovery operations in the U.S. EEZ. These two safety zones are located within the COTP St. Petersburg Area of Responsibility (AOR) offshore of

Tampa and Tallahassee, Florida. The COTP St. Petersburg is activating these safety zones in order to protect vessels and waterway users from the potential hazards created by reentry vehicle splashdowns and recovery operations in our exclusive economic zone and implements a special activities provision of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021. In accordance with the general regulations in 33 CFR part 165, subpart C, no U.S.-flagged vessel may enter the safety zones unless authorized by the COTP St. Petersburg or a designated representative except as provided in § 165.T07–0289(d)(3). All foreign-flagged vessels are encouraged to remain outside the safety zones.

There are three other safety zones listed in § 165.T07–0289(a)(1) through (a)(3), which are located within the COTP Jacksonville AOR, that are being simultaneously activated through a separate notification of enforcement of the regulation document issued under Docket Number USCG–2022–0805.¹

Twenty-four hours prior to the Crew-4 recovery operations scheduled as early as October 13, 2022, the COTP Jacksonville or COTP St. Petersburg, or designated representative will inform the public whether any of the five safety zones described in § 165.T07–0289, paragraph (a), will remain activated (subject to enforcement). If one of the safety zones described in § 165.T07–0289, paragraph (a), remains activated, it will be enforced for four hours prior to the Crew-4 splashdown and remain activated until announced by Broadcast Notice to Mariners on VHF–FM channel 16, and/or Marine Safety Information Bulletin (as appropriate) that the safety zone is no longer subject to enforcement. After the Crew-4 reentry vehicle splashdown, the COTP or a designated representative will grant general permission to come no closer than 3 nautical miles of any reentry vehicle or space support vessel engaged in the recovery operations, within the activated safety zone described in § 165.T07–0289, paragraph (a). Once the reentry vehicle, and any personnel involved in reentry service, are removed from the water and secured onboard a space support vessel, the COTP or designated representative will issue a Broadcast Notice to Mariners on VHF–FM channel 16 announcing the activated safety zone is no longer subject to enforcement.
