AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that six exporters of certain hardwood plywood products (hardwood plywood) from the People’s Republic of China (China) under review had no shipments of subject merchandise during the period of review (POR) January 1, 2021, through December 31, 2021. Commerce also preliminarily determines that the remaining 14 companies subject to this review are part of the China-wide entity because they did not demonstrate eligibility for separate rates.

DATES: Applicable October 17, 2022.

exporters.³ Subsequently, we released U.S. Customs and Border Protection (CBP) data to interested parties for comment.⁴

Between March 17 and April 8, 2022, we received timely no-shipment certifications from six companies.⁵ We did not receive a no-shipment statement, separate rate application (SRA), or separate rate certification (SRC) from any other company subject to this review.

For a complete description of the events that followed the initiation of this administrative review, see the Preliminary Decision Memorandum.⁶ A list of topics discussed in the Preliminary Decision Memorandum is included at Appendix III to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order

The merchandise covered by the scope of this *Order* is hardwood plywood from China. A complete description of the scope of the *Order* is contained in the Preliminary Decision Memorandum.⁷

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.213.

Preliminary Determination of No Shipments

Based upon the no-shipment certifications received by Commerce, and our review of the CBP data, we

⁴ See Memorandum, “Release of U.S. Customs and Border Protection Data,” dated March 15, 2022.

⁵ We received timely no-shipment certifications from the following companies: (1) Cosco Star International Co., Ltd.; (2) Linyi Evergreen Wood Co., Ltd.; (3) Linyi Huasheng Yongbin Wood Co., Ltd.; (4) Linyi Sanfortune Wood Co., Ltd.; (5) Shanghai Luli Trading Co., Ltd.; and (6) Suqian Hopeway International Trade Co., Ltd.

preliminary find that six companies had no shipments during the POR.

Commerce requested that CBP confirm whether any shipments of subject merchandise entered the United States during the POR with respect to the six companies that submitted no-shipment claims, and CBP responded that it has no record of any subject entries for these six inquiries.⁸ For additional information regarding this determination, see the Preliminary Decision Memorandum. Consistent with our assessment in non-market economy administrative reviews,⁹ Commerce is not rescinding this review for these six companies.¹⁰ Commerce intends to complete this review and issue appropriate instructions to CBP based on the final results of this review.

Separate Rates

Because the other 14 companies under review did not submit an SRA or SRC, Commerce preliminarily determines that these companies have not demonstrated their eligibility for separate rates.¹¹ For additional information, see the Preliminary Decision Memorandum.

China-Wide Entity

Commerce’s policy regarding conditional review of the China-wide entity applies to this administrative review.¹² Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the China-wide entity.¹³ Because no party requested a review of the China-wide entity in this review, the China-wide entity is not under review and the China-wide entity’s rate (*i.e.*, 183.36 percent) is not subject to change.¹⁴ For additional information, see the Preliminary Decision Memorandum.
