Foreign-Trade Zones Board

[Order No. 2134]

Reorganization and Expansion of Foreign-Trade Zone 164 Under Alternative Site Framework; Muskogee, Oklahoma

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a–81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones (FTZ) Act provides for “. . . the establishment . . . of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes,” and authorizes the Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board adopted the alternative site framework (ASF) (15 CFR 400.2(c)) as an option for the establishment or reorganization of zones;

Whereas, the Muskogee City-County Port Authority, grantee of Foreign-Trade Zone 164, submitted an application to the Board (FTZ Docket B–22–2022, docketed May 31, 2022) for authority to reorganize and expand under the ASF with a service area of Muskogee County, Oklahoma, adjacent to the Tulsa Customs and Border Protection port of entry, FTZ 164’s existing Sites 1, 2 and 3 would be categorized as magnet sites, and the grantee proposes a subzone (Subzone 164A);

Whereas, notice inviting public comment was given in the **Federal Register** (87 FR 34240, June 6, 2022) and the application has been processed pursuant to the FTZ Act and the Board’s regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner’s report, and finds that the requirements of the FTZ Act and the Board’s regulations are satisfied;

Now, therefore, the Board hereby orders:

The application to reorganize and expand FTZ 164 under the ASF is approved, subject to the FTZ Act and the Board’s regulations, including section 400.13, to the Board’s standard 2,000-acre activation limit for the zone, to an ASF sunset provision for magnet sites that would terminate authority for Sites 2 and 3 if not activated within five years from the month of approval, and to an ASF sunset provision for subzone/usage-driven sites that would terminate authority for the site of Subzone 164A if no foreign-status merchandise is admitted for a *bona fide* customs purpose within three years from the month of approval.

Dated: October 12, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance, Alternate Chairperson, Foreign-Trade Zones Board.

Quartz Surface Products From India: Final Results of Countervailing Duty Administrative Review; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Divyashakti Granites Ltd., a producer/exporter of quartz surface products from India, received countervailable subsidies during the period of review October 11, 2019, through December 31, 2020.

DATES: Applicable October 18, 2022.

FOR FURTHER INFORMATION CONTACT: Jolanta Lawska, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–8362.

SUPPLEMENTARY INFORMATION:

Background

On June 15, 2022, Commerce published the preliminary results of this review and invited interested parties to comment.¹ We received no comments from interested parties on the *Preliminary Results*. Commerce conducted this administrative review in accordance section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order²

Quartz surface products consist of slabs and other surfaces created from a

mixture of materials that includes predominately silica (e.g., quartz, quartz powder, cristobalite, glass powder) as well as a resin binder (e.g., an unsaturated polyester). The incorporation of other materials, including, but not limited to, pigments, cement, or other additives does not remove the merchandise from the scope of the *Order*. However, the scope of the *Order* only includes products where the silica content is greater than any other single material, by actual weight. Quartz surface products are typically sold as rectangular slabs with a total surface area of approximately 45 to 60 square feet and a nominal thickness of one, two, or three centimeters. However, the scope of the *Order* includes surface products of all other sizes, thicknesses, and shapes. In addition to slabs, the scope of the *Order* includes, but is not limited to, other surfaces such as countertops, backsplashes, vanity tops, bar tops, work tops, tabletops, flooring, wall facing, shower surrounds, fireplace surrounds, mantels, and tiles. Certain quartz surface products are covered by the *Order* whether polished or unpolished, cut or uncut, fabricated or not fabricated, cured or uncured, edged or not edged, finished or unfinished, thermoformed or not thermoformed, packaged or unpackaged, and regardless of the type of surface finish.

In addition, quartz surface products are covered by the *Order* whether or not they are imported attached to, or in conjunction with, non-subject merchandise such as sinks, sink bowls, vanities, cabinets, and furniture. If quartz surface products are imported attached to, or in conjunction with, such non-subject merchandise, only the quartz surface product is covered by the scope.

Subject merchandise includes material matching the above description that has been finished, packaged, or otherwise fabricated in a third country, including by cutting, polishing, curing, edging, thermoforming, attaching to, or packaging with another product, or any other finishing, packaging, or fabrication that would not otherwise remove the merchandise from the scope of the *Order* if performed in the country of manufacture of the quartz surface products.

The scope of the *Order* does not cover quarried stone surface products, such as granite, marble, soapstone, or quartzite. Specifically excluded from the scope of the *Order* are crushed glass surface products. Crushed glass surface products must meet each of the following criteria to qualify for this exclusion: (1) the crushed glass content is greater than any other single material,

by actual weight; (2) there are pieces of crushed glass visible across the surface of the product; (3) at least some of the individual pieces of crushed glass that are visible across the surface are larger than 1 centimeter wide as measured at their widest cross-section ('Glass Pieces'); and (4) the distance between any single Glass Piece and the closest separate Glass Piece does not exceed three inches.

The products subject to the scope are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under the following subheading: 6810.99.0010. Subject merchandise may also enter under subheadings 6810.11.0010, 6810.11.0070, 6810.19.1200, 6810.19.1400, 6810.19.5000, 6810.91.0000, 6810.99.0080, 6815.99.4070, 2506.10.0010, 2506.10.0050, 2506.20.0010, 2506.20.0080, and 7016.90.1050. The HTSUS subheadings set forth above are provided for convenience and U.S. Customs purposes only. The written description of the scope is dispositive.

Final Results of Review

We received no comments from interested parties on the *Preliminary Results* and, therefore, have made no changes in the final results of this review. Accordingly, we determine the following net countervailable subsidy rates exist for Divyashakti Granites Ltd., the sole mandatory respondent, for the period October 11, 2019, through December 31, 2020:

Company	Subsidy rate 2019 (percent <i>ad valorem</i>)	Subsidy rate 2020 (percent <i>ad valorem</i>)
Divyashakti Granites Ltd	1.98	1.18

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results of review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes from the *Preliminary Results*, there are no calculations to disclose.

Assessment Rates

Consistent with section 751(a)(1) of the Act and 19 CFR 351.212(b)(2), upon completion of the administrative review, Commerce shall determine, and U.S. Customs and Border Protection
