## II. Background

This cancellation order follows a notice that published in the **Federal Register** of August 12, 2022 (87 FR 49822 (FRL-9988-01-OCSPP)) that announced the receipt of requests from the registrants listed in Table 2 of Unit III. to voluntarily cancel these product registrations. In that notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency did not receive any comments by the end of the comment period (September 12, 2022). Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

FIFRA section 4(i)(5) (7 U.S.C. 136a-1(i)(5)) requires that all pesticide registrants pay an annual registration maintenance fee, due by January 15 of each year, to keep their registrations in effect. This requirement applies to all registrations granted under FIFRA section 3 (7 U.S.C. 136a) as well as those granted under FIFRA section 24(c) (7 U.S.C. 136v(c)) to meet special local needs. Registrations for which the fee is not paid are subject to cancellation by order and without a hearing.

Under FIFRA, the EPA Administrator may reduce or waive maintenance fees for minor agricultural use pesticides when it is determined that the fee would be likely to cause significant impact on the availability of the pesticide for the use.

In fiscal year 2022, maintenance fees were collected in one billing cycle. On December 10, 2021, all holders of either FIFRA section 3 registrations or FIFRA section 24(c) registrations were sent lists of their active registrations, along with forms and instructions for responding. They were asked to identify which of their registrations they wished to maintain in effect, and to calculate and remit the appropriate maintenance fees. Most responses were received by the statutory deadline of January 18, 2022. A notice of intent to cancel was sent in May of 2022 to companies who did not respond and to companies who responded but paid for less than all their registrations.

In fiscal year 2022, the Agency has waived the fees for 307 minor agricultural use registrations at the

request of the registrants. Maintenance fees have been paid for about 17,593 FIFRA section 3 registrations, or about 98% of the registrations on file in October 2021. Fees have been paid for about 1,878 FIFRA section 24(c) registrations, or about 90% of the total on file in October 2021. Cancellations for non-payment of the maintenance fee affect 124 FIFRA section 3 registrations and 15 FIFRA section 24(c) registrations. These cancellations can be found in Table 3 below. Cancellations for companies paying the fee at one of the capped payment amounts are considered voluntary cancellations since the registration could be maintained without an additional fee payment. These cancellations are

subject to a 30-day comment period and are listed in Table 1 below.

The cancellation orders generally permit registrants to continue to sell and distribute existing stocks of the canceled products until one (1) year after the date on which the fee was due. Existing stocks already in the hands of dealers or users, however, can generally be distributed, sold, or used legally until they are exhausted. Existing stocks are defined as those stocks of a registered pesticide product which are currently in the United States, and which have been packaged, labeled, and released for shipment prior to the effective date of the cancellation order.

The exceptions to these general rules are cases where more stringent

restrictions on sale, distribution, or use of the products have already been imposed, through special reviews or other Agency actions. These general provisions for disposition of stocks should serve in most cases to cushion the impact of these cancellations while the market adjusts.

**III. What action is the Agency taking?**

This notice announces the cancellation of products registered under FIFRA section 3 (7 U.S.C. 136a). Table 1 of this unit lists the product cancellations, as requested by registrants, in sequence by registration number (or company number and 24(c) number).

**IV. Summary of Public Comments Received and Agency Response to Comments**

During the public comment period provided in the notice of receipt that published in the **Federal Register** of August 12, 2022, EPA received no comments on the requests for voluntary cancellations of products listed in Table 1 of Unit III.

**V. Cancellation Order**

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in Table 1 of Unit III. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 of Unit III. are canceled. The effective date of the cancellations that are the subject of this notice is October 18, 2022. Any distribution, sale, or use of existing stocks of the products identified in

Table 1 of Unit III. in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VII. will be a violation of FIFRA.

**VI. What is the Agency's authority for taking this action?**

FIFRA section 6(f)(1) (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request.

**VII. Provisions for Disposition of Existing Stocks**

Existing stocks are those stocks of registered pesticide products which are currently in the United States, and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

The registrants may continue to sell and distribute existing stocks of products listed in Table 1 of Unit III. until January 15, 2023. Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1 of Unit III., except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in Table 1 of Unit III. until existing stocks are exhausted, provided that such sale,

distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.
