SUPPLEMENTARY INFORMATION:

Description: The MIECHV Program authorizes the Secretary of HHS (in section 511(h)(2)(A)) to award grants to Indian tribes (or a consortium of Indian tribes), tribal organizations, or urban Indian organizations to conduct an early childhood home visiting program. The legislation set aside 3 percent of the total MIECHV program appropriation for grants to tribal entities. Tribal MIECHV grants, to the greatest extent practicable, are to be consistent with the requirements of the MIECHV grants to states and jurisdictions and include conducting a needs assessment and establishing quantifiable, measurable benchmarks.

The ACF, Office of Early Childhood Development (ECD), in collaboration with the Health Resources and Services Administration (HRSA), Maternal and Child Health Bureau (MCHB), awards grants for the Tribal MIECHV Program. The Tribal MIECHV grant awards support 5-year cooperative agreements

to conduct community needs assessments; plan for and implement high-quality, culturally relevant, evidence-based home visiting programs in at-risk tribal communities; collect and report on performance measures; and participate in research and evaluation activities to build the knowledge base on home visiting among Native populations.

Specifically, the MIECHV legislation requires that State and Tribal MIECHV grantees collect performance data to measure improvements for eligible families in six specified areas (referred to as “benchmark areas”) that encompass the major goals of the program. These include:

1. Improved maternal and newborn health;
2. Prevention of child injuries, child abuse, neglect, or maltreatment, and reduction in emergency department visits;
3. Improvement in school readiness and achievement;
4. Reduction in crime or domestic violence;
5. Improvement in family economic self-sufficiency; and

6. Improvement in the coordination and referrals for other community resources and supports.

Tribal MIECHV grantees are required to propose a plan for meeting the benchmark requirements specified in the legislation and must report on improvement in constructs under each benchmark area. Tribal Home Visiting (HV) Form 2 will provide a template for Tribal MIECHV grantees to report data on their progress in improving performance under the six benchmark areas, as stipulated in the legislation.

ACF will continue to use Tribal HV Form 2 to:

- Track and improve the quality of benchmark measures data submitted by the Tribal grantees;
- Improve program monitoring and oversight;
- Improve rigorous data analyses that help to assess the effectiveness of the programs and enable ACF to better monitor projects; and
- Ensure adequate and timely reporting of program data to relevant federal agencies and stakeholders including Congress and members of the public.

Respondents: Tribal MIECHV Grantees.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Case Studies of Child Care and Development Fund Lead Agencies’ Consumer Education Strategies (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for

Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) within the U.S. Department of Health and Human Services (HHS) is proposing to collect qualitative data to examine innovative and promising consumer education strategies that Child Care and Development Fund (CCDF) Lead Agencies are using to help families search for and select child care and early education (CCEE). This information collection aims to present an internally valid description of the experiences of up to six, purposively selected case study sites, not to promote statistical generalization to different sites or service populations.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act (PRA) of 1995, ACF is soliciting public comment on the

specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing OPREinfocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Consumer Education and Parental Choice in Early Care and Education project is proposing to conduct qualitative case studies to examine consumer education strategies in up to six sites. Sites will be selected based on a scan of innovative or promising strategies being used to help parents looking for and selecting CCEE.

In each site, we will conduct interviews with CCDF administrators and agency staff, consumer education services staff, and other key informants to collect information on select consumer education strategies and implementation successes and challenges. We will conduct focus

groups with parents of young children to gather information about their experiences looking for CCEE. The study will collect information about (a) the selected consumer education strategies; (b) implementation successes and challenges; and (c) parents'

experiences looking for CCEE, including the resources they used and their awareness of and perspectives on state/local consumer education resources.
Respondents: State, Territory, and Tribal CCDF program administrators and agency staff, consumer education

services staff, key informants who interact with parents and provide a state/local perspective, and parents/guardians of children under age 6.

SUPPLEMENTARY INFORMATION:

Description: The Trafficking Victims Protection Act of 2000 (TVPA), as amended, authorizes the HHS Secretary to expand benefits and services to victims of severe forms of trafficking in persons in the United States, without regard to their immigration status. The TVPA also authorizes HHS to establish and strengthen programs to assist United States citizens and lawful

permanent residents who have experienced sex trafficking or severe forms of trafficking in persons (22 U.S.C. 7105(f)(1)). Acting under a delegation of authority from the Secretary of HHS, ACF awards cooperative agreements to organizations to establish a program to assist United States citizens and lawful permanent residents who have experienced human trafficking, the DVHT Program. The DVHT Program is inclusive of two distinct programs: the Domestic Victims of Human Trafficking Services and Outreach Program (DVHT-SO), and the Demonstration Grants to Strengthen the Response to Victims of Human Trafficking in Native Communities Program (VHT-NC). Through the DVHT Program, grant recipients provide comprehensive case management to domestic survivors of human trafficking in traditional case management and Native community settings.

OTIP proposes to continue to collect information to measure grant project performance, provide technical assistance to grant recipients, assess program outcomes, inform program evaluation, respond to congressional inquiries and mandated reports, and inform policy and program development that is responsive to the needs of victims.

The information collection captures information on participant demographics (*e.g.*, age, gender identity, race/ethnicity), type of trafficking experienced (sex, labor, or both), types of services and benefits provided, along with aggregate information on outreach activities conducted, subrecipients enrolled, and the types of trainings provided to relevant audiences. Minor updates have been made to performance indicators under this collection in
