National Register of Historic Places; Notification of Pending Nominations and Related Actions

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: The National Park Service is soliciting electronic comments on the significance of properties nominated before October 8, 2022, for listing or related actions in the National Register of Historic Places.

DATES: Comments should be submitted electronically by November 7, 2022.

ADDRESSES: Comments are encouraged to be submitted electronically to *National_Register_Submissions@nps.gov* with the subject line "Public Comment on <property or proposed district name, (County) State>." If you have no access to email, you may send them via U.S. Postal Service and all other carriers to the National Register of Historic Places, National Park Service, 1849 C Street NW, MS 7228, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Sherry A. Frear, Chief, National Register of Historic Places/National Historic Landmarks Program, 1849 C Street NW, MS 7228, Washington, DC 20240, *sherry_frear@nps.gov*, 202-913-3763.

SUPPLEMENTARY INFORMATION: The properties listed in this notice are being

considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before October 8, 2022. Pursuant to section 60.13 of 36 CFR part 60, comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Nominations submitted by State or Tribal Historic Preservation Officers:
KEY: State, County, Property Name, Multiple Name (if applicable), Address/Boundary, City, Vicinity, Reference Number.

Notice of Intent To Prepare an Environmental Impact Statement for a Wilderness Stewardship Plan for Isle Royale National Park, Michigan

AGENCY: National Park Service, Interior.

ACTION: Notice of intent.

SUMMARY: The National Park Service (NPS) is preparing an Environmental Impact Statement (EIS) in accordance with the National Environmental Policy Act (NEPA) for a Wilderness Stewardship Plan (WSP) for Isle Royale National Park (ISRO or the park).

DATES: The NPS requests comments concerning the scope of the analysis, and identification of relevant information, studies, and analyses. All comments must be received or postmarked by November 21, 2022.

ADDRESSES: Information will be available for public review and comment will only be accepted at

<http://parkplanning.nps.gov/ISROWilderness>. Information will also be available at Isle Royale National Park, 800 East Lakeshore Drive, Houghton, Michigan and by request.

FOR FURTHER INFORMATION CONTACT: Superintendent Denice Swanke, Isle Royale National Park, Wilderness Stewardship Plan, 800 East Lakeshore Drive, Houghton, Michigan 49931, or by telephone at (906) 482-0984, or email at denice_swanke@nps.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION:

Purpose and Need for the Proposed Action

The purpose of this plan is to outline strategies for preserving wilderness character, including the treatment of cultural resources in wilderness, while also providing for the use and enjoyment of the park by current and future generations. This plan would determine preservation and use of historic structures in potential and designated wilderness.

The NPS identified the following needs for this WSP/EIS:

- *NPS Management Policies 2006* requires that each park containing wilderness maintain an up-to-date and approved wilderness management plan (NPS 2006, section 6.3.4.2).
- The previous ISRO Backcountry Wilderness Plan and Final EIS (2011; no Record of Decision) did not provide a decision for treatments and use of historic structures in potential and designated wilderness.
- The 1998 General Management Plan (GMP) specified that a wilderness and backcountry management plan is needed to guide the management of wilderness resources and ensure consistency in such management over time.
- Preliminary inventory and monitoring of wilderness and backcountry resources indicate a difference between existing conditions and desired conditions. Changes in backcountry use, management actions, increasing visitation, and associated human-caused adverse impacts suggest an underlying need to more proactively manage human activities that directly or indirectly affect wilderness conditions.

Preliminary Proposed Action and Alternatives

The NPS's proposed action is to prepare and implement a Wilderness Stewardship Plan that provides the park with tools to enhance wilderness character with specific emphasis on improving the visitors' wilderness experience while maintaining the park's natural and wilderness qualities. This proposed action also provides for access opportunities consistent with the public purposes of wilderness. Treatment of historic structures in wilderness could include: preservation, stabilization or mouldering, or demolition.

Actions Common to All Alternatives

- *Vegetation Clearing.* In select locations, the park may clear vegetation around installations and structures for historic preservation. Vegetation would continue to be cleared around mine shaft fencing. Hazard trees would be removed in the vicinity of Senter Point powder house and steam hoist, and limited vegetation removal would be performed at Island Mine and Island Mine Cemetery. Vegetation overgrowth would be removed to maintain visibility at cemeteries and burial sites.

- *Damaged or Destroyed Historic Structures.* Damaged or destroyed historic structures may be removed following *NPS Management Policies 2006*.

- *Management of Public Use in Wilderness.* The park would continue to use boardwalks in order to minimize damage to wetlands and other natural wilderness qualities. The park may maintain picnic tables in some campgrounds when they are determined necessary for the protection of nearby vegetation and soils. Interpretive, educational and outreach programs would be provided to encourage park visitors to minimize their impacts to park resources and visitor experiences by applying the following principles of Leave No Trace.

Actions Common to All Action Alternatives

The following actions are being considered within the WSP/EIS

- *Trail Maintenance.* Protecting fragile habitats from trampling, trail widening, and erosion as well as minimizing hazardous trail conditions would remain a primary objective of trail construction and maintenance.

- *Administrative Overnight Use of Historic Structures in Wilderness (except Amygdaloid and Davidson).* Historic structures in wilderness or potential wilderness may periodically be utilized for administrative overnight
