

Devices. This notice clarifies language in that notice that describes the revocation of access if a user has a Title IV loan that goes into default. All other information in the September 10, 2021, **Federal Register** notice, remains the same.

DATES: This correction is applicable on October 24, 2022.

FOR FURTHER INFORMATION CONTACT:

Michael Ruggless, Federal Student Aid, 830 First Street NE, Union Center Plaza, Room 114B4, Washington, DC 20202–5345. Telephone: (202) 377–4098. Email: Michael.Ruggless@ed.gov.

Tamy Abernathy, Office of Postsecondary Education, 400 Maryland Avenue SW, 2C–129, Washington, DC 20202. Telephone: (202) 453–5970. Email: Tamy.Abernathy@ed.gov.

If you are deaf, hard of hearing, or have a speech disability and wish to access telecommunications relay services, please dial 7–1–1.

SUPPLEMENTARY INFORMATION: On September 10, 2021, the Department published a notice in the **Federal Register** (86 FR 50707) announcing Third-Party Access to the Department’s Information Technology Systems and Notice of Criminal Penalties for Misuse of Access Devices (2021 Notice). The 2021 Notice provided a list of what it termed “Rules of Behavior” that included in paragraph (m) the revocation of access if a user has a Title IV loan that goes into default. This notice clarifies the language in paragraph (m). All other information in the 2021 Notice remains the same.

Corrections

In FR Doc 2021–19536 appearing on page 50707–50709 in the **Federal Register** of September 10, 2021 (86 FR 50707), the following corrections are made:

1. On page 50709, in the first column, the paragraph (m) under the heading “Code of Conduct” is revised to read as follows:

If you have Title IV loans, they must be in good standing. If you have a loan that goes into default, your access to the Department’s information systems to administer the Title IV Programs under the HEA will be revoked. This means your access to conduct business functions within the Department’s IT systems will be revoked. This includes, but not limited to, access to: Common Origination and Disbursement (COD), Financial Aid Administrator (FAA) Access to Central Processing System (CPS) Online, and the National Student Loan Data System (NSLDS®) will be revoked. Access to manage and view your own Title IV loans and financial

aid history through the Department’s information systems and/or your federal loan servicer as an aid recipient or borrower will not be revoked.

Accessible Format: On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this document in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc, or other accessible format.

Electronic Access to This Document: The official version of this document is the document published in the **Federal Register**. You may access the official edition of the **Federal Register** and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the **Federal Register** by using the article search feature at www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

Notice of Availability of Draft Guidance on Hydrogen and Fuel Cell Program: Guidance for the Clean Hydrogen Production Qualifications; Extension of Comment Period

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of availability of draft guidance; reopening of public comment period.

SUMMARY: On September 28, 2022, the U.S. Department of Energy (DOE) published a notice of availability (NOA) on its Clean Hydrogen Production Standard (CHPS) Draft Guidance. The NOA provided an opportunity for submitting written comments on the

draft guidance by October 20, 2022. DOE received requests to extend the comment period for an additional 60–90 days. DOE has reviewed these requests and is reopening the public comment period until November 14, 2022.

DATES: The comment period for the NOA published on September 28, 2022 (87 FR 58776) is reopened. Comments regarding this draft guidance must be received on or before November 14, 2022.

ADDRESSES: Comments on this draft guidance document must be provided in writing. Interested parties are to submit comments electronically to cleanh2standard@ee.doe.gov. Email attachments can be provided as a Microsoft Word (.docx) file or Adobe PDF (.pdf). The complete draft guidance document is located at <https://www.hydrogen.energy.gov/pdfs/clean-hydrogen-production-standard.pdf>.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Karen Dandridge at cleanh2standard@ee.doe.gov, (202) 586–3388.

SUPPLEMENTARY INFORMATION: On September 28, 2022, DOE published a NOA and requested comment on its Clean Hydrogen Production Standard (CHPS) Draft Guidance. (87 FR 58776). The NOA contained the initial proposal for the CHPS and established a target for the lifecycle (*i.e.*, well-to-gate) emissions intensity of hydrogen production, based on the Infrastructure Investment and Jobs Act (IIJA) definition of the term “clean hydrogen” and other factors set forth in section 40315(b) of the IIJA.

DOE has received several requests to extend the public comment period for 60 and 90 days to help investigate the request and respond appropriately with considered comments given the importance of the standard and the amount of detailed information requested.

DOE has determined that reopening the public comment period for 25 days is appropriate to enable submission of robust information that can inform DOE’s programs. Thus, DOE is reopening the comment period through November 14, 2022.

Signing Authority: This document of the Department of Energy was signed on October 17, 2022, by Dr. Geraldine Richmond, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purpose only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register

Liaison Office has been authorized to sign and submit the document in the electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Signed in Washington, DC, on October 19, 2022.

Treena V. Garrett,

Federal Register Liaison Officer, U.S. Department of Energy.

DEPARTMENT OF ENERGY

U.S. Energy Information Administration

Agency Information Collection Extension

AGENCY: U.S. Energy Information Administration (EIA), Department of Energy.

ACTION: Notice.

SUMMARY: EIA submitted an information collection request for extension as required by the Paperwork Reduction Act of 1995. The information collection requests a three-year extension with changes to its Form EIA–846, “*Manufacturing Energy Consumption Survey*” (MECS), OMB Control Number 1905–0169. The proposed collection will collect data from the U.S. manufacturing sector on energy consumption basic energy consumption and expenditures, shipments of energy offsite, end use consumption, building characteristics, participation in energy management programs, technologies, and fuel switching capacity.

DATES: Comments regarding this proposed information collection must be received no later than November 23, 2022. Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: If you need additional information, contact Thomas Lorenz, U.S. Energy Information Administration, telephone (202) 586–3442, or by email at Thomas.Lorenz@eia.gov. The forms and instructions are available on EIA’s website at www.eia.gov/survey/.

SUPPLEMENTARY INFORMATION: This information collection request contains:

(1) *OMB No.* 1905–0169;

(2) *Information Collection Request Title:* Manufacturing Energy Consumption Survey;

(3) *Type of Request:* Three-year extension with changes;

(4) *Purpose:* Form EIA–846 is a self-administered sample survey designed to collect energy consumption and expenditures data from establishments in the manufacturing sector; *i.e.*, North American Industry Classification System (NAICS) codes 31–33. The previous MECS required respondents to complete multiple collection forms depending on an establishment’s primary business activity classification under NAICS. The increased use of technology by means of an internet data collection system has allowed the MECS to eliminate the need to have multiple forms.

(4a) *Proposed Changes to Information Collection:* EIA proposes adding a “Yes/No” follow up question to the *Electricity: Total Purchased* section of Form EIA–846. The electricity purchased questions on Form EIA–846 request information about the quantity and expenditure of an establishment’s purchased energy, in this case, electricity. The follow up question EIA proposes to Form EIA–846 would identify those geographical areas where multiple establishments may be purchasing and using electricity made from renewable sources, such as solar, wind, geothermal, and hydropower. The purpose of this question is to better understand the technology, equipment, and infrastructure that may be shared among manufacturing establishments. This change is consistent with the Bipartisan Infrastructure Law (Infrastructure Investment and Jobs Act);

(5) *Annual Estimated Number of Respondents:* 15,000;

(6) *Annual Estimated Number of Total Responses:* 3,750;

(7) *Annual Estimated Number of Burden Hours:* 34,565;

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* The cost of the burden hours is estimated to be \$2,882,030 (34,565 burden hours times \$83.38 per hour). EIA estimates that there are no additional costs to respondents associated with the surveys other than the costs associated with the burden hours.

Statutory Authority: 15 U.S.C. 772(b), 42 U.S.C. 7101 *et seq.*

Signed in Washington, DC, on October 19, 2022.

Samson A. Adeshiyan,

Director, Office of Statistical Methods and Research, U.S. Energy Information Administration.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

Combined Notice of Filings #1

Take notice that the Commission received the following electric corporate filings:

Docket Numbers: EC22–78–000.

Applicants: Digihost International Inc., Fortistar North Tonawanda LLC.

Description: Digihost International Inc., et al. submit Response to FERC’s September 27, 2022 Deficiency Letter.

Filed Date: 10/6/22.

Accession Number: 20221006–5101.

Comment Date: 5 p.m. ET 10/27/22.

Take notice that the Commission received the following Complaints and Compliance filings in EL Dockets:

Docket Numbers: EL23–3–000; QF01–41–002.

Applicants: Baytown Energy Center, L.P., Baytown Energy Center, LLC.

Description: Baytown Energy Center, LLC submits Petition for Temporary Waiver of Efficiency Standard for Qualifying Cogeneration Facility.

Filed Date: 10/12/22.

Accession Number: 20221012–5187.

Comment Date: 5 p.m. ET 11/2/22.

Docket Numbers: EL23–4–000.

Applicants: Belmont Municipal Light Department, et al. v. Constellation Mystic Power, LLC, and ISO New England, Inc.

Description: Complaint of Belmont Municipal Light Department, et al. v. Constellation Mystic Power, LLC, and ISO New England, Inc.

Filed Date: 10/17/22.

Accession Number: 20221017–5149.

Comment Date: 5 p.m. ET 11/16/22.

Take notice that the Commission received the following electric rate filings:

Docket Numbers: ER21–2968–001.

Applicants: Upper Michigan Energy Resources Corporation.

Description: Midcontinent Independent System Operator, Inc. submits tariff filing per 35.19a(b): Refund Report_Upper Michigan Energy Resources Corporation to be effective N/A.

Filed Date: 10/18/22.
