

Commission and its burden estimate had been included erroneously under this information collection in previous renewals.⁷ Additionally, the total number of respondents (combined SDs and MSPs) is now increased to 108. The overall burden hours for each remaining category within the information collection have increased proportionally, to reflect the increase in the number of respondents.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.⁸ On August 19, 2022, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed renewal, 87 FR 51065 (“60-Day Notice”). The Commission did not receive any comments on the 60-Day Notice.

Burden Statement: Based on the proposed revisions to the estimated aggregate burden as discussed above, the respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 108.

Estimated Average Burden Hours per Respondent: 7,324.5.

Estimated Total Annual Burden Hours: 791,046.

Frequency of Collection: As applicable.

There are no capital costs or operating and maintenance costs associated with this collection.

⁷ See 77 FR 55903 (Sept. 11, 2012) (The Commission has considered the commenters’ recommendation to delete the clearing record provisions of § 23.504(b)(6)(iii) and (iv) and agrees that there is no need to include in the trading documentation a record of the names of the clearing members for the SD, MSP, or counterparty. Once a swap is accepted for clearing, the identity of a counterparty’s clearing member is no longer relevant and requiring such a record has the possibility to undermine the anonymity of central clearing. Therefore, those provisions have been deleted from the final rule. Similarly, § 23.504(b)(6)(i) and (ii) have been removed because those records will be captured under the SD and MSP recordkeeping requirement, § 23.201(a)(3), and the Commission believes those records are sufficient.)

SUPPLEMENTARY INFORMATION:

Title: Clearing Exemption for Certain Swaps Entered into by Cooperatives (OMB Control No. 3038-0102). This is a request for an extension of a currently approved information collection.

Abstract: Section 2(h)(1)(A) of the Commodity Exchange Act (“CEA”) requires certain entities to submit swaps for clearing if they are required to be cleared by the Commission.

Commission regulation 50.51 permits certain cooperatives to elect not to clear certain swaps that otherwise would be required to be cleared, provided that they meet certain conditions. The rule establishes a reporting requirement for cooperatives that is critical to ensuring compliance with the Commission’s clearing requirement under section 2(h)(1) of the CEA and is necessary in order for Commission staff to prevent abuse of the cooperative exemption. In addition, this collection relates to information that the Commission needs to monitor elections of the cooperative exemption and to assess market risks.
