Total Estimated Number of Annual Burden Hours: 400,000.

Abstract: The Higher Education Amendments of 1998 established Federal Student Aid (FSA) as the first Performance-Based Organization (PBO). One purpose of the PBO is to improve service to student and other participants in the student financial assistance programs authorized under title IV of the Higher Education Act of 1965, as amended, including making those programs more understandable to students and their parents. To do that, FSA has committed to ensuring that all people receive service that matches or exceeds the best service available in the private sector. The legislation’s requires establish an on-going need for FSA to be engaged in an interactive process of collecting information and using it to improve program services and processes. The use of customer surveys and focus groups allows FSA to gather that information from the affected parties in a timely manner so as to improve communications with our product users.

SUPPLEMENTARY INFORMATION: On September 10, 2021, the Department published a notice in the **Federal Register** (86 FR 50707) announcing Third-Party Access to the Department's Information Technology Systems and Notice of Criminal Penalties for Misuse of Access Devices (2021 Notice). The 2021 Notice provided a list of what it termed "Rules of Behavior" that included in paragraph (m) the revocation of access if a user has a Title IV loan that goes into default. This notice clarifies the language in paragraph (m). All other information in the 2021 Notice remains the same.

Corrections

In FR Doc 2021–19536 appearing on page 50707–50709 in the **Federal Register** of September 10, 2021 (86 FR 50707), the following corrections are made:

1. On page 50709, in the first column, the paragraph (m) under the heading "Code of Conduct" is revised to read as follows:

If you have Title IV loans, they must be in good standing. If you have a loan that goes into default, your access to the Department's information systems to administer the Title IV Programs under the HEA will be revoked. This means your access to conduct business functions within the Department's IT systems will be revoked. This includes, but not limited to, access to: Common Origination and Disbursement (COD), Financial Aid Administrator (FAA) Access to Central Processing System (CPS) Online, and the National Student Loan Data System (NSLDS®) will be revoked. Access to manage and view your own Title IV loans and financial

aid history through the Department's information systems and/or your federal loan servicer as an aid recipient or borrower will not be revoked.

Accessible Format: On request to the program contact person listed under **FOR FURTHER INFORMATION CONTACT**, individuals with disabilities can obtain this document in an accessible format. The Department will provide the requestor with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc, or other accessible format.

DEPARTMENT OF ENERGY

Notice of Availability of Draft Guidance on Hydrogen and Fuel Cell Program: Guidance for the Clean Hydrogen Production Qualifications; Extension of Comment Period

AGENCY: Office of Energy Efficiency and Renewable Energy, Department of Energy.

ACTION: Notice of availability of draft guidance; reopening of public comment period.

SUMMARY: On September 28, 2022, the U.S. Department of Energy (DOE) published a notice of availability (NOA) on its Clean Hydrogen Production Standard (CHPS) Draft Guidance. The NOA provided an opportunity for submitting written comments on the

draft guidance by October 20, 2022. DOE received requests to extend the comment period for an additional 60–90 days. DOE has reviewed these requests and is reopening the public comment period until November 14, 2022.

DATES: The comment period for the NOA published on September 28, 2022 (87 FR 58776) is reopened. Comments regarding this draft guidance must be received on or before November 14, 2022.

ADDRESSES: Comments on this draft guidance document must be provided in writing. Interested parties are to submit comments electronically to cleanh2standard@ee.doe.gov. Email attachments can be provided as a Microsoft Word (.docx) file or Adobe PDF (.pdf). The complete draft guidance document is located at <https://www.hydrogen.energy.gov/pdfs/clean-hydrogen-production-standard.pdf>.

FOR FURTHER INFORMATION CONTACT: Requests for additional information should be directed to Karen Dandridge at cleanh2standard@ee.doe.gov, (202) 586–3388.

SUPPLEMENTARY INFORMATION: On September 28, 2022, DOE published a NOA and requested comment on its Clean Hydrogen Production Standard (CHPS) Draft Guidance. (87 FR 58776). The NOA contained the initial proposal for the CHPS and established a target for the lifecycle (*i.e.*, well-to-gate) emissions intensity of hydrogen production, based on the Infrastructure Investment and Jobs Act (IIJA) definition of the term "clean hydrogen" and other factors set forth in section 40315(b) of the IIJA.

DOE has received several requests to extend the public comment period for 60 and 90 days to help investigate the request and respond appropriately with considered comments given the importance of the standard and the amount of detailed information requested.

DOE has determined that reopening the public comment period for 25 days is appropriate to enable submission of robust information that can inform DOE's programs. Thus, DOE is reopening the comment period through November 14, 2022.

Signing Authority: This document of the Department of Energy was signed on October 17, 2022, by Dr. Geraldine Richmond, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purpose only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register
