FEDERAL TRADE COMMISSION

Agency Information Collection Activities; Proposed Collection; Comment Request; Extension

AGENCY: Federal Trade Commission.

SUPPLEMENTARY INFORMATION:

Title: Rule Concerning Disclosure of Written Consumer Product Warranty Terms and Conditions.

OMB Control Number: 3084-0111.

Type of Review: Extension of a currently approved collection.

Abstract: The Warranty Rule is one of three rules¹ that the FTC implemented pursuant to requirements of the Magnuson-Moss Warranty Act, 15 U.S.C. 2301 *et seq.* (Warranty Act or Act).² The Warranty Rule specifies the information that must appear in a written warranty on a consumer product³ costing more than \$15. The Rule tracks Section 102(a) of the Warranty Act,⁴ specifying information that must appear in the written warranty and, for certain disclosures, mandates the exact language that must be used.⁵ Neither the Warranty Rule nor the Act requires that a manufacturer or retailer warrant a consumer product in writing, but if they choose to do so, the warranty must comply with the Rule.

Estimated Annual Hours Burden: 216,752 hours.

Estimated Annual Labor Cost Burden: \$29,652,215.

As required by Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), the FTC is providing this opportunity for public comment before requesting that OMB extend the existing clearance for the information collection requirements contained in the Warranty Rule.

Burden Statement:

Total annual hours burden: 216,752 hours.

In its 2019 submission to OMB, the FTC estimated that the information

¹ The other two rules relate to the pre-sale availability of warranty terms and minimum standards for informal dispute settlement mechanisms that are incorporated into a written warranty.

² 40 FR 60168 (Dec. 31, 1975).

³ The definition of *consumer product* excludes products purchased solely for commercial or industrial use. 16 CFR 701.1(b).

⁴ 15 U.S.C. 2302(a).

⁵ 40 FR 60168, 60169-60170.

collection burden of including the disclosures required by the Warranty Rule was 242,296 hours per year. Although the Rule's information collection requirements have not changed, the current estimate decreases the number of manufacturers subject to the Rule based on recent Census data.⁶ Further, because most warrantors likely would continue to disclose the information required by the Rule, even if there were no statute or rule requiring them to do so, staff's estimates likely overstate the PRA-related burden attributable to the Rule. Moreover, the Warranty Rule has been in effect since 1976, and warrantors have long since modified their warranties to include the information the Rule requires.

Based on conversations with various warrantors' representatives over the years, staff has concluded that eight hours per year is a reasonable estimate of warrantors' PRA-related burden attributable to the Warranty Rule. This estimate includes the number of hours warrantors may need to ensure new warranties and any changes to existing warranties comply with the Rule. Based on recent Census data, staff now estimates that there are 27,094 manufacturers covered by the Rule.⁷ This results in an annual burden estimate of approximately 216,752 hours (27,094 manufacturers x 8 hours of burden per year).

Total annual labor costs: \$29,652,215.

Labor costs are derived by applying appropriate hourly cost figures to the burden hours described above. The work required to comply with the Warranty Rule—ensuring that new warranties and changes to existing warranties comply with the Rule—requires a mix of legal analysis (50%), legal support (paralegals) (25%) and clerical help (25%). Staff estimates that half of the total burden hours (108,376 hours) requires legal analysis at an average hourly wage of \$250 for legal professionals,⁸ resulting in a labor cost

of \$27,094,000. Assuming that 25% of the total burden hours requires legal support at the average hourly wage of \$28.46, and that the remaining 25% requires clerical work at an average hourly wage of \$18.75; the resulting labor cost is approximately \$2,558,215 (\$1,542,190 + \$1,016,025). Thus, the total annual labor cost is approximately \$29,652,215 (\$27,094,000 for legal professionals + \$1,542,190 for legal support + \$1,016,025 for clerical workers).

Total Capital and Start-Up Costs

The Rule imposes no appreciable current capital or start-up costs that businesses do not already spend in the normal course of business. To comply with the Warranty Rule, warrantors need only the ordinary office equipment to draft new warranties and to change the wording of existing warranties to include the required disclosures. Thus, compliance requires no capital equipment or special technology apart from what the manufacturer or seller would already be using as part of the normal course of business, such as computer or other word processing equipment, and photocopying equipment. Similarly, distribution of the warranty does not impose any special capital costs apart from the packaging and printing equipment already in use by the business. It is not possible to state with any precision what fraction of the cost of that equipment could be attributed to distributing the warranty.

Total Operation/Maintenance/Purchase of Services Costs

The only ongoing costs involved with compliance are those costs associated with maintenance and repair of computer word processing and photocopying equipment used to generate the warranty document that contains the required disclosures. These are costs that the seller or manufacturer already bears in the normal cost of business; it is unlikely that Warranty Rule compliance would impose significant incremental costs. Likewise, the cost of distributing warranty information involves such things as the purchase of supplies (such as paper), the maintenance of equipment, or the purchase of services to print, package, and distribute the warranty. These are costs that would be already built into the packaging and distribution of the product itself and which are already assumed as part of the normal course of business.

Request for Comments

Pursuant to Section 3506(c)(2)(A) of the PRA, the FTC invites comments on: (1) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of maintaining records and providing disclosures to consumers. All comments must be received on or before December 27, 2022.

You can file a comment online or on paper. For the FTC to consider your comment, we must receive it on or before December 27, 2022. ⁷Because some manufacturers likely make products that are not priced above \$15 or not intended for household use—and thus would not be subject to the Rule—this figure is likely an overstatement.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Community Living

Agency Information Collection Activities: Proposed Collection; Public Comment Request; of ACL’s Lifespan Respite Program Grantee Performance Measurement Reporting Tool

AGENCY: Administration for Community Living, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: The Administration for Community Living (ACL) is announcing an opportunity for the public to comment on the proposed collection of information listed above. Under the Paperwork Reduction Act of 1995 (PRA), Federal agencies are required to publish a notice in the **Federal Register** concerning each proposed collection of data or other information and to allow 60 days for public comment in response to the notice. This information collection (IC) solicits comments on the IC requirements, outlined in the Lifespan Respite Care Reauthorization Act of 2020, Section 2904, which requires Lifespan Respite Care Program grantees to report data, information, and metrics for the purpose of program evaluation. Such data, information, and metrics are to be used to identify “. . . effective programs and activities funded . . .” through ACL’s Lifespan Respite Care Program grants.

DATES: Comments on the collection of information must be submitted electronically by 11:59 p.m. (EST) or postmarked by December 27, 2022.

ADDRESSES: Submit electronic comments on the collection of information to: Emily Anozie, Email: emily.anozie@acl.hhs.gov, Phone: (202) 795–7347. Submit written comments on the collection of information to Administration for Community Living, 330 C Street SW, Washington, DC, 20201, Attention: Emily Anozie.

FOR FURTHER INFORMATION CONTACT:

Emily Anozie, Email emily.anozie@acl.hhs.gov, or Phone (202) 795–7347.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of information” is defined in the PRA and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The PRA requires Federal agencies to provide a 60-day notice in

the **Federal Register** concerning each proposed collection of information before submitting the collection to OMB for approval. To comply with this requirement, ACL is publishing a notice of the proposed collection of information set forth in this document. With respect to the following collection of information, ACL invites comments on our burden estimates or any other aspect of this collection of information, including:

(1) whether the proposed collection of information is necessary for the proper performance of ACL’s functions, including whether the information will have practical utility;

(2) the accuracy of ACL’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used to determine burden estimates;

(3) ways to enhance the quality, utility, and clarity of the information to be collected;

(4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology; and

(5) this IC collects Caregiver and Care Recipient demographics. Demographic questions include information about age, gender identity, transgender, sexual orientation, geographic location, ethnicity, and race. Racial equity and sexual orientation and gender identity (SOGI) data elements are consistent with recommendations regulated under Executive Order on Advancing Racial Equity and Support for Underserved Communities Through the Federal Government and the Executive Order on Advancing Equality for Lesbian, Gay, Bisexual, Transgender, Queer, and Intersex Individuals.

ACL’s Office of Supportive and Caregiver Services aims to improve Lifespan Respite Care Program grantee performance measurement and tracking through a new quantitative grantee reporting tool. The existing reporting template used by most ACL grantees funded from discretionary sources consists of four open-ended, narrative questions related to program implementation and outputs, making comparisons between different grant periods and grantees challenging. The proposed tool will allow ACL to meet the additional requirements stated in Section 2904 of the Lifespan Respite Care Reauthorization Act of 2020, by adding quantitative data elements to the existing reporting requirements in accordance with program statute. This tool will allow for more effective tracking of how federal funds are being
