0 burden hours/\$0.00 burden cost. The
reason for zero burden being associated
with this clause is because the record

clause does not add any additional
burden to what is already captured by
the basic version of GSAR clause
552.238–80, Industrial Funding Fee and
Sales Reporting, which is covered by
this information collection.

Agency Information Collection Activities; Submission for OMB Review; Proposed Collection; Comment Request for a Modified OGE Form 201 Request an Individual's Ethics Documents

AGENCY: Office of Government Ethics
(OGE).

ACTION: Notice of request for agency and
public comments.

SUMMARY: After this first round notice
and public comment period, the U.S.

Office of Government Ethics (OGE)
plans to submit a proposed modified
OGE Form 201, Request an Individual's
Ethics Documents (OGE Form 201) to
the Office of Management and Budget
(OMB) for review and approval of a
three-year extension under the
Paperwork Reduction Act of 1995. The
OGE Form 201 is used by persons
requesting access to executive branch
public financial disclosure reports and
other covered records.

DATES: Written comments by the public
and agencies on this proposed extension
are invited and must be received by
January 3, 2023.

ADDRESSES: Comments may be
submitted to OGE, by any of the
following methods:

Email: usoge@oge.gov. (Include

201.

OMB Control Number: 3209–0002.

Type of Information Collection:
Extension with modifications of a
currently approved collection.

Type of Review Request: Regular.

Respondents: Individuals requesting
access to executive branch public

financial disclosure reports and other
covered records.

*Estimated Annual Number of
Respondents:* 19,000.

Estimated Time per Response: 10
minutes.

Estimated Total Annual Burden:
3,167 hours.

Abstract: The OGE Form 201 collects
information from, and provides certain
information to, persons who seek access
to OGE Form 278 Public Financial
Disclosure Reports, including OGE
Form 278–T Periodic Transaction
Reports, and other covered records. The
form reflects the requirements of the
Ethics in Government Act, subsequent
amendments pursuant to the STOCK
Act, and OGE's implementing
regulations that must be met by a person
before access can be granted. These
requirements include the address of the
requester, as well as any other person on
whose behalf a record is sought, and
acknowledgement that the applicant is
aware of the prohibited uses of
executive branch public disclosure
financial reports. See 5 U.S.C. appendix
105(b) and (c) and 402 (b)(1) and 5 CFR
2634.603(c) and (f). Executive branch
departments and agencies are
encouraged to utilize the OGE Form 201
for individuals seeking access to public
financial disclosure reports and other
covered documents. OGE permits
departments and agencies to use or
develop their own forms as long as the
forms collect and provide all of the
required information.

OGE currently has OMB approval for
two versions of the form, a PDF version
and OGE's online application.

OGE is proposing several changes to
OGE Form 201, with the goals of (1)
making the form more appropriate for
use throughout the executive branch,
and (2) providing applicants with
clarifying information about the use of
the form. The changes were developed
with feedback from agency ethics
officials across the executive branch,
through a listening session and written
comments. To the extent appropriate,
the comments and feedback from agency
ethics officials have been incorporated
into the proposed revised form. The
proposed changes are summarized
below.

OGE recently made nonsubstantive
changes to the electronic version of the
Form 201, simplifying the name from
“Request to Inspect or Receive Copies of
Executive Branch Personnel Public
Financial Disclosure Reports or Other
Covered Records” to “Request an
Individual's Ethics Documents.” OGE
now proposes to apply the new name to
the PDF version as well, so that all

versions of the form will have the same name.

OGE proposes adding approximately two pages of supplemental information to the PDF version of the form in order to provide guidance to applicants regarding the use of the form.

Specifically, the supplemental information provides guidance on which documents can be obtained by request via the form (including a description of such documents), which documents can be obtained from OGE as opposed to an individual's employing agency, and when and how to submit a request using the PDF version of the form. The changes avoid the use of the term "other covered records," which was a point of confusion for applicants in the past. Instead, the supplemental information simply describes all documents available through use of the form, including a chart. OGE proposes to remove section III because that information will now be found more easily in the supplemental information.

OGE proposes to make a number of changes to the PDF version of the form to align the form with plain language principles and to improve user experience. These changes include: adding the title to the face of the PDF version of the form; removing OGE's name, address, telephone number and fax number from the top of the form; adding "Your" in front of the name, mailing address, occupation, and telephone number fields; adding parentheticals containing the word "required" next to required fields; grouping fields 3 and 3a in section I together; and reformatting section I in order to make it easier for applicants to specify the type of report and time period in field 5, if applicable, and provide examples to the applicants in the instructions. OGE also proposes to add a continuation page to allow more space for fields 5 and 5a.

OGE proposes moving the "Agency Use Only" box on the PDF version of the form to the end of section II ("Notice of Action"), marking it "optional," and expanding it. Moving it to the end of section II will group together all portions of the form to be completed by the applicant, thereby minimizing the potential for missing information or omitting a signature that would delay processing. The proposed additions add space for information on requests that are not filled and additional notes in order to provide more information to applicants about why a document was or was not released. Likewise, OGE proposes to remove the checkbox in section II indicating that "Copies of the report(s) or other covered record(s) you requested are enclosed" as duplicative

of the information in the revised "Agency Use Only" box.

OGE proposes changing the applicant choices on all versions of the form by changing "private citizen" to "member of the public;" combining "law firm" and "other private organization" into simply "private organization;" and adding an option for "other." The purpose of these changes is to modernize the language and make selecting a choice easier for the applicant.

In the applicant signature section on all versions of the form, OGE proposes to broaden language to address all potential requested records. The revised language would read: "I am aware that in completing this official government form that any intentionally false or misleading statement, certification, or response provided in this form is a violation of law punishable by a fine or imprisonment, or both, under 18 U.S.C. 1001."

Finally, on the PDF version of the form, OGE proposes adding the option for applicants to provide an email address in lieu of a mailing address, while also removing the "Pick-up" option. These changes are based on agency feedback that almost every request is filled using email and that few agencies allow for applicants to pick up documents. Use of email also helps with record keeping and cuts down significantly on processing time, allowing applicants to receive their documents quickly. OGE also proposes to remove the checkbox for the "Picked up by" from section II, as that option would be eliminated. The online application currently requires applicants to provide an email address and applicants who use the online application may only receive a response via email. OGE now proposes to remove the unnecessary street address field from the online application, to reduce the information burden on applicants.

Request for Comments: Agency and public comment is invited specifically on the need for and practical utility of this information collection, the accuracy of OGE's burden estimate, the enhancement of quality, utility and clarity of the information collected, and the minimization of burden (including the use of information technology). Comments received in response to this notice will be summarized for and included with the OGE request for extension of OMB paperwork approval. The comments will also become a matter of public record.

Specifically, OGE seeks public comment on the following:

- What problems do you have using the form?

- Are there sections of the form or instructions that are unclear?
- Is there information provided that is confusing?
- What additional information would be helpful?

Approved: October 28, 2022.

Emory Rounds,

Director, U.S. Office of Government Ethics.

Agency Forms Undergoing Paperwork Reduction Act Review

In accordance with the Paperwork Reduction Act of 1995, the Centers for Disease Control and Prevention (CDC) has submitted the information collection request titled "Reporting of the Rape Prevention and Education Program (RPE)" to the Office of Management and Budget (OMB) for review and approval. CDC previously published a "Proposed Data Collection Submitted for Public Comment and Recommendations" notice on March, 1 2022 to obtain comments from the public and affected agencies. CDC received one non-substantive comment related to the previous notice. This notice serves to allow an additional 30 days for public and affected agency comments.

CDC will accept all comments for this proposed information collection project. The Office of Management and Budget is particularly interested in comments that:

(a) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Enhance the quality, utility, and clarity of the information to be collected;

(d) Minimize the burden of the collection of information on those who are to respond, including, through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology,
