

potential for use of high speed ferry services and alternative-fueled ferry services. In 2005, the Safe, Accountable, Flexible Efficient Transportation Equity Act—A Legacy for Users (SAFETEA-LU) Public Law 109–59, section 1801(e) required that the Secretary, acting through the BTS, shall establish and maintain a national ferry database containing current information regarding routes, vessels, passengers and vehicles carried, funding sources and such other information as the Secretary considers useful. In 2012, MAP–21 legislation [Moving Ahead for Progress in the 21st Century Act (Pub. L. 112–141),] continued the BTS mandate to conduct the NCFO and also required that the Federal Highway Administration (FHWA) use the NCFO data to set the specific formula for allocating federal ferry funds. The funding allocations were based on a percentage of the number of passenger boardings, vehicle boardings, and route miles served. In 2015, the FAST Act legislation [Fixing America’s Surface Transportation Act (Pub. L. 114–94, sec. 1112)] continues the BTS mandate to conduct the NCFO on a biennial basis, and extended the requirement that the Federal Highway Administration (FHWA) use the NCFO data to set the specific formula for allocating federal ferry funds as required in MAP–21.

BTS conducted the first National Census of Ferry Operators in 2006. The Census was conducted again in 2008, 2010, 2014, 2016, 2018, and 2020. Preparations are already underway for the next census in 2023. The 2022 NCFO was delayed by one year since ferry operations were disrupted by the pandemic and the census data should collect typical data. The overall length of the revised questionnaire for the 2022 NCFO will remain consistent with that of previous years. These information collections were originally approved by OMB under Control Number 2139–0009. The overall length of the questionnaire for the 2022 NCFO will remain consistent with that of previous years.

The census will be administered to the entire population of ferry operators (estimate 250 or less). The census will request the respondents to provide information such as: the points served; the type of ownership; the number of passengers and vehicles carried in the past 12 months; vessel descriptions (including type of fuel), federal, state and local funding sources, and intermodal connectivity. All data collected in 2020 will be added to the existing NCFO database.

*Data Confidentiality Provisions:* The National Census of Ferry Operators may collect confidential business

information. The confidentiality of these data will be protected under 49 CFR 7.29. In accordance with this regulation, only statistical and non-sensitive business information will be made available through publications and public use data files. The statistical public use data are intended to provide an aggregated source of information on ferry boat operations nationwide. Business sensitive information may be shared with FHWA to support FAST Act funding allocations.

*Frequency:* This census will be updated every other year.

*Estimated Average Burden per Response:* The burden per respondent is estimated to be an average of 30 minutes. This average is based on an estimate of 20 minutes to answer questions that require answers specific to that year and an additional 10 minutes to review (and revise as needed) previously submitted data that will be pre-populated for each ferry operation.

*Estimated Total Annual Burden:* The total annual burden (in the year that the census is conducted) is estimated to be 125 hours (that is 30 minutes per respondent for 250 respondents equals 7,500 minutes).

*Response to Comments:* A 60-day notice requesting public comment was issued in the **Federal Register** on September 1, 2022. No comments were received.

*Public Comments Invited:* Interested parties are invited to send comments regarding any aspect of this information collection, including, but not limited to: (1) the necessity and utility of the information collection for the proper performance of the functions of the DOT; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, clarity and content of the collected information; and (4) ways to minimize the collection burden without reducing the quality of the collected information. Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725–17th Street NW, Washington, DC 20503, Attention: BTS Desk Officer.

Issued in Washington, DC, on this 1st day of November, 2022.

#### SUPPLEMENTARY INFORMATION:

##### I. Statutory and Regulatory Provisions

The legislative framework generally referred to as the Bank Secrecy Act (BSA) consists of the Currency and

Financial Transactions Reporting Act of 1970, as amended by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act), Public Law 107–56 (October 26, 2001), and other legislation, including most recently the Anti-Money Laundering Act of 2020 (AML Act).<sup>1</sup> The BSA is codified at 12 U.S.C. 1829b, 12 U.S.C. 1951–1960, and 31 U.S.C. 5311–5314 and 5316–5336, and it includes notes thereto, with implementing regulations at 31 CFR chapter X.

The BSA authorizes the Secretary of the Treasury, *inter alia*, to require financial institutions to keep records and file reports that are determined to have a high degree of usefulness in criminal, tax, and regulatory matters, or in the conduct of intelligence or counter-intelligence activities to protect against international terrorism, and to implement AML programs and compliance procedures.<sup>2</sup> Regulations implementing the BSA appear at 31 CFR chapter X. The authority of the Secretary to administer the BSA has been delegated to the Director of FinCEN.<sup>3</sup>

Section 311 of the USA PATRIOT Act (Section 311), codified at 31 U.S.C. 5318A, grants FinCEN the authority, upon finding that reasonable grounds exist for concluding that a foreign jurisdiction, financial institution, class of transactions, or type of account is of “primary money laundering concern,” to require domestic financial institutions and financial agencies to take one or more “special measures.”

Special measures one through four, codified at 31 U.S.C. 5318A(b)(1)–(b)(4), impose additional recordkeeping, information collection, and reporting requirements on covered U.S. financial institutions. The fifth special measure, codified at 31 U.S.C. 5318A(b)(5), allows FinCEN to impose prohibitions or conditions on the opening or

maintenance of certain correspondent accounts. Special measures are safeguards that protect the U.S. financial system from money laundering and terrorist financing.

FinCEN issued the final rule imposing the fifth special measure to prohibit U.S. financial institutions from opening or maintaining correspondent accounts for, or on behalf of, North Korean banking institutions.<sup>4</sup> The rule requires that U.S. financial institutions take reasonable steps to not process transactions through the correspondent account of a foreign bank in the United States, if such transactions involve a North Korean financial institution, and requires institutions to apply special due diligence to guard against the use of correspondent accounts by North Korean financial institutions. See 31 CFR 1010.659.

U.S. financial institutions are required under 31 CFR 1010.659(b)(3)(i)(A) to notify holders of their foreign correspondent accounts that they may not provide North Korean financial institutions with access to such accounts. The requirement is intended to ensure cooperation from correspondent account holders in denying North Korea access to the U.S. financial system. U.S. financial institutions are required under 31 CFR 1010.659(b)(4)(i) to document compliance with the notification requirement. The information is used by federal agencies and certain self-regulatory organizations to verify compliance with 31 CFR 1010.659.

## II. Paperwork Reduction Act (PRA)<sup>5</sup>

*Title:* Information Collection Requirements in Connection With the Imposition of a Special Measure Concerning North Korea as a Jurisdiction of Primary Money Laundering Concern.

*Type of Review:* Renewal without change of a currently approved collection.

*Affected Public:* Businesses or other for-profit institutions, and not-for-profit institutions.

*Frequency:* One time notification and recordkeeping associated with the notification. See 31 CFR 1010.659(b)(3)(i)(A) and 1010.659(b)(4)(i).

*Estimated Number of Respondents:* 16,588.

<sup>2</sup> All counts are from the Financial Institution Data Retrieval System (FINDRS) (accessed Aug. 25, 2022) for Q2 2022. These counts include entities without a Federal functional regulator.

<sup>3</sup> According to numbers provided by the SEC, there are 3,526 brokers or dealers in securities as of the end of fiscal year 2021 (see SEC, *Fiscal Year 2023 Congressional Budget Justification*, p. 33, [https://www.sec.gov/files/FY%202023%20Congressional%20Budget%20Justification%20Annual%20Performance%20Plan\\_FINAL.pdf](https://www.sec.gov/files/FY%202023%20Congressional%20Budget%20Justification%20Annual%20Performance%20Plan_FINAL.pdf)).

<sup>4</sup> This is consistent with estimates in the 2018 notice to renew OMB control number 1506–0033 (83 FR 46011 (Sept. 11, 2018)).

<sup>5</sup> As of September 30, 2022, the Commodity Futures Trading Commission stated there are 60 futures commission merchants and 989 introducing brokers in commodities, totaling 1,049.

*Estimated Time per Respondent:* 1 hour.

*Estimated Total Annual Burden:* 16,588 hours.

When the final rule was published in November 2016, the number of U.S. financial institutions affected by the rule was estimated at 5,000. FinCEN has since revised the estimated number of affected U.S. financial institutions upward to account for all domestic financial institutions that could potentially maintain correspondent accounts for foreign banks. There are approximately 16,588 such financial institutions doing business in the United States.

Records required to be retained under the BSA must be retained for five years. Generally, information collected pursuant to the BSA is confidential, but may be shared as provided by law with regulatory and law enforcement authorities.

<sup>1</sup> The AML Act was enacted as Division F, sections 6001–6511, of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021, Public Law 116–283, 134 Stat 3388 (2021).

<sup>2</sup> Section 358 of the USA PATRIOT Act expanded the purpose of the BSA, by including a reference to reports and records “that have a high degree of usefulness in intelligence or counterintelligence activities to protect against international terrorism.” Section 6101 of the AML Act added language that expanded the purpose of the BSA even further, to cover such matters as preventing money laundering, tracking illicit funds, assessing risk, and establishing appropriate frameworks for information sharing.

<sup>3</sup> Treasury Order 180–01 (reaffirmed Jan. 14, 2020). Therefore, references to the authority of the Secretary of the Treasury under Section 311 of the USA PATRIOT Act apply equally to the Director of FinCEN.
