ACTION: 30-Day notice of new information collection.

that the Office of Management and Budget (OMB) approve the following information collection: The Freight Logistics Optimization Works (FLOW) Project. Over the past several years, the U.S. supply chain has struggled with unprecedented congestion under COVID-induced surges of containerized cargo through our ports and intermodal networks. In March of this year, the White House announced the launch of the Freight Logistics Optimization Works (FLOW) initiative with the Department of Transportation and the freight industry to facilitate a collaboration and sharing of intermodal trade data. This collaboration would help improve supply chain efficiencies and reduce overall costs to U.S. consumers. The FLOW initiative builds on previous work by the Administration's Supply Chain Disruptions Task Force to ensure the expeditious movement of cargo from ship to shelf. In accordance with the Paperwork Reduction Act of 1995, BTS announces its plan to submit the Information Collection Request (ICR) described below to the Office of Management and Budget (OMB) for its review and approval. BTS encouraged interested parties to submit comments to docket number 2022-15247, during the 60-day comment period. No comments were received.

DATES: Written comments should be submitted by December 7, 2022.

ADDRESSES: BTS seeks public comments on its proposed information collection. Comments should address whether the information will have practical utility; the accuracy of the estimated burden hours of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology. Send comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725-17th Street NW, Washington, DC 20503, Attention: BTS Desk Officer.
