**SUPPLEMENTARY INFORMATION:** Section 4010 of the Employee Retirement Income Security Act of 1974 (ERISA) and PBGC's regulation on Annual Financial and Actuarial Information Reporting (29 CFR part 4010) require each member of a controlled group to submit financial and actuarial information to PBGC under certain circumstances. Section 4010 specifies that each controlled group member must provide PBGC with certain financial information, including audited (if available) or (if not) unaudited financial statements. Section 4010 also specifies that the controlled group must provide PBGC with certain actuarial information necessary to determine the liabilities and assets for all PBGC-covered plans.

PBGC's 4010 regulation specifies the items of identifying, financial, and actuarial information that filers must submit under section 4010, through PBGC's e-filing portal. Computer-assisted analysis of this information helps PBGC to anticipate possible major demands on the pension insurance system and to focus PBGC resources on situations that pose the greatest risks to that system. Because other sources of information are usually not as current as the section 4010 information and do not reflect a plan's termination liability, the section 4010 filing plays a major role in PBGC's ability to protect participant and premium-payer interests.

PBGC estimates that 400 controlled groups will submit filings under part 4010 each year. The total estimated annual hourly and cost burdens of the information collection are 800 hours and \$11,080,000.

The collection of information has been approved under OMB control number 1212-0049 (expires March 31, 2023). PBGC intends to request that OMB extend its approval, without modifications, for another 3 years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–96205; File No. SR–PEARL–2022–43]

### Self-Regulatory Organizations; MIAX PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Rule 2614, Orders and Order Instructions and Rule 2618, Risk Settings and Trading Risk Metrics To Enhance Existing Risk Controls

November 1, 2022.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on October 19, 2022, MIAX PEARL, LLC (“MIAX Pearl” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposed rule change to enhance its existing risk controls and provide Equity Members<sup>3</sup>

additional risk controls when trading equity securities on the Exchange’s equity trading platform (referred to herein as “MIAX Pearl Equities”).

The text of the proposed rule change is available on the Exchange’s website at <http://www.miaxoptions.com/rule-filings/pearl> at MIAX PEARL’s principal office, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### Purpose

The purpose of the proposed rule change is to enhance certain existing risk controls and provide Equity Members additional risk controls when trading equity securities on MIAX Pearl Equities. To help Equity Members manage their risk, the Exchange currently offers Limit Order Price Protection and other risk controls that authorize the Exchange to take automated action if a designated limit for an Equity Member is breached. Such risk controls provide Equity Members with enhanced abilities to manage their risk when trading on the Exchange. The Exchange now proposes to amend Limit Order Price Protection under Exchange Rule 2614(a)(1)(I) and amend Exchange Rule 2618 to enhance certain existing risk controls and provide additional optional risk controls to Equity Members. Each of these changes are described below.

###### Limit Order Price Protection

Limit Order Price Protection is set forth under Exchange Rule 2614(a)(1)(I) and provides for the cancellation of Limit Orders priced too far away from a specified reference price at the time

the order first becomes eligible to trade. A Limit Order entered before Regular Trading Hours<sup>4</sup> that becomes eligible to trade during Regular Trading Hours will be subject to Limit Order Price Protection at the time Regular Trading Hours begins.<sup>5</sup>

Exchange Rule 2614(a)(1)(I)(i) provides that a Limit Order to buy (sell) will be rejected if it is priced at or above (below) the greater of a specified dollar value and percentage away from the following: (1) the PBO for Limit Orders to buy, the PBB for Limit Orders to sell; (2) if the PBO or PBB is unavailable, the consolidated last sale price disseminated during the Regular Trading Hours on trade date; (3) if the PBO, PBB, and a consolidated last sale price are unavailable, the prior day’s Official Closing Price identified as such by the primary listing exchange, adjusted to account for events such as corporate actions and news events. Exchange Rule 2614(a)(1)(I)(iii) provides that Limit Order Price Protection will not be applied if the prices listed above are unavailable. Equity Members have requested that Limit Order Price Protection also not be applied when the prior day’s Official Closing Price is to be used when the PBO, PBB, and a consolidated last sale price are unavailable and a trading halt has been declared by the primary listing market during that trading day. The Exchange understands that Equity Members believe the Official Closing Price does not appropriately relate to the current trading behavior of the security in such a scenario and Equity Members would prefer Limit Order Price Protection not be applied since it may result in their Limit Order being unnecessarily rejected. The Exchange, therefore, proposes to amend Exchange Rule 2614(a)(1)(I)(iii) to provide that Limit Order Price Protection would not be applied when a regulatory halt has been declared by the primary listing market during that trading day and the Exchange would have applied the prior day’s Official Closing Price because the PBO, PBB, and a consolidated last sale price are unavailable.

<sup>4</sup> The term “Regular Trading Hours” means the time between 9:30 a.m. and 4:00 p.m. Eastern Time. See Exchange Rule 1901.

<sup>5</sup> Further, a Limit Order in a security that is subject to a trading halt becomes first eligible to trade when the halt is lifted and continuous trading has resumed. See Exchange Rule 2614(a)(1)(I)(iii).

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b–4.

<sup>3</sup> The term “Equity Member” is a Member authorized by the Exchange to transact business on MIAX Pearl Equities. See Exchange Rule 1901.
