**East Tennessee Natural Gas, LLC; Notice of Scoping Meeting for the Planned System Alignment Program Project**

On October 19, 2022, the staff of the Federal Energy Regulatory Commission (FERC or Commission) issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Planned System Alignment Program Project*. The notice announced the ongoing scoping period that ends on November 18, 2022. In the notice, staff indicated that a separate notice would be issued to indicate the dates and times for a virtual scoping meeting. With this notice FERC staff invites you to attend the virtual scoping meeting it will conduct by telephone for the planned System

Alignment Program Project. The System Alignment Program Project involves construction and operation of facilities by East Tennessee Natural Gas, LLC in Knox, Jefferson, and Sevier Counties, Tennessee; Rockingham County, North Carolina; and Washington and Wythe Counties, Virginia. East Tennessee Natural Gas, LLC would also complete a hydrotest of an approximately 1.2-mile segment of existing pipeline in Patrick County, Virginia. This virtual scoping meeting will be held as follows:

**System Alignment Program Project Public Scoping Meeting**

*Date, Time, and Call-in Information*

Wednesday, November 16, 2022, 6:00 p.m. (EST)

*Call in number:* 888-790-2037

*Participant passcode:* 8945002

Note that the scoping meeting will start at 6:00 p.m. (EST) and will terminate once all participants wishing to comment have had the opportunity to do so, or at 8:00 p.m. (EST), whichever comes first. The primary goal of this scoping session is to have you identify the specific environmental issues and concerns that should be considered in the environmental document. Individual oral comments will be taken on a one-on-one basis with a court reporter present on the line. This format is designed to receive the maximum amount of oral comments in a convenient way during the timeframe allotted.

There will be a brief introduction by Commission staff when the session opens. Important information about the FERC process will be provided, so please make every attempt to call in at the beginning of the meeting. All participants will be able to hear the one-on-one comments provided by other participants; however, all lines will remain closed during the comments of others and then opened one at a time for providing comments.

Your oral comments will be recorded by the court reporter (with FERC staff or representative present) and become part of the public record for this proceeding. Transcripts will be publicly available on FERC’s eLibrary system. If a significant number of people are interested in providing oral comments in the one-on-one settings, a time limit of 3 minutes may be implemented for each commentor. It is important to note that oral comments hold the same weight as written or electronically submitted comments.

As a reminder, the Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or *FercOnlineSupport@ferc.gov*. Please carefully follow these instructions so that your comments are properly recorded.
