Title: FERC-577, Natural Gas Facilities: Environmental Review and Compliance.

OMB Control No.: 1902-0128.

Type of Request: Three-year extension of the FERC-577 with no changes to the current reporting requirements.

Abstract: The FERC-577 contains the Commission’s information collection pertaining to regulations which implement the National Environmental Policy Act (NEPA) as well as the reporting requirements for landowner notifications. These requirements are contained in 18 CFR parts 2, 157, 284, and 380. The information to be submitted includes draft environmental material in accordance with the provisions of part 380 of FERC’s regulations in order to implement the Commission’s procedures under NEPA. Without such information, the Commission would be unable to fulfill its statutory responsibilities under the Natural Gas Act (NGA), NEPA, and the Energy Policy Act of 2005. Specifically, these responsibilities include ensuring company activities remain consistent with the public interest, which is specified in the NGA and inherent in the other statutes.

Type of Respondents: Companies proposing Natural Gas Projects under section 7 and Jurisdictional Gas Pipeline and Storage Companies.

Estimate of Annual Burden:¹ The Commission estimates the annual public reporting burden and cost² for the information collection as follows:

FERC-577, NATURAL GAS FACILITIES: ENVIRONMENTAL REVIEW AND COMPLIANCE

	Number of respondents	Number of responses per respondent	Total number of responses	Average burden hours and average cost per response (\$) (rounded)	Total annual burden hours and total annual cost (\$) (rounded)	Cost per respondent (\$) (rounded)
	(1)	(2)	(1) * (2) = (3)	(4)	(3) * (4) = (5)	(5) ÷ (1) = (6)
Gas Pipeline Certificates ¹ .	101	16	1,616	193.52 hours; \$17,610.32.	312,725 hours; \$28,457,975.	\$281,762.13

¹ Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. See 5 CFR

1320 for additional information on the definition of information collection burden.

² The Commission staff estimates that industry is similarly situated in terms of hourly cost (for wages

plus benefits). Based on the Commission’s FY (Fiscal Year) 2022 average cost (for wages plus benefits), \$188,922 or \$91.00/hour is used.
