DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Public Comment Request; Information Collection Request Title: Maternal, Infant, and Early Childhood Home Visiting Program Home Visiting Budget Assistance Tool

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects of the Paperwork Reduction Act of 1995, HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this ICR should be received no later than January 9, 2023.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA Information Collection Clearance Officer, Room 14N39, 5600 Fishers Lane, Rockville, Maryland 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call Samantha Miller, the acting

HRSA Information Collection Clearance Officer, at (301) 443-9094.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the ICR title for reference.

Information Collection Request Title: Maternal, Infant, and Early Childhood Home Visiting (MIECHV) Program Home Visiting Budget Assistance Tool, OMB No. 0906-0025-Revision.

Abstract: HRSA is requesting continued approval and revision to the Home Visiting Budget Assistance Tool (HV-BAT). The tool collects information on standardized cost metrics from programs that deliver home visiting services, as outlined in the HV-BAT. Entities receiving MIECHV formula funds that are states, jurisdictions, and nonprofit awardees are required to submit cost data using the HV-BAT to HRSA once every 3 years to be reviewed for accuracy and quality control and to collect data to estimate national program costs.

The MIECHV Program, authorized by section 511 of the Social Security Act, 42 U.S.C. 711, and administered by HRSA in partnership with the Administration for Children and Families, supports voluntary, evidence-based home visiting services during pregnancy and for parents with young children up to kindergarten entry. States, Tribal entities, and certain nonprofit organizations are eligible to receive funding from the MIECHV Program and have the flexibility to tailor the program to serve the specific needs of their communities. Funding recipients may subaward grant funds to local implementing agencies (LIA) in order to provide services to eligible families in at-risk communities. HRSA is making the following changes to the HV-BAT:

- Updating the burden estimate for completing the HV-BAT based on recently gathered information, and
- Translating the HV-BAT data collection instrument into Spanish to expand accessibility.

Need and Proposed Use of the Information: HRSA uses HV-BAT data to collect comprehensive home visiting cost data. Awardees submit aggregated

data from their individual LIA, which provides HRSA with information needed to produce state and national cost estimates and support procurement activities and subrecipient monitoring. Requiring data submission also allows HRSA to ensure the tool is being accurately and appropriately used. Because the use of a standardized tool of this kind is novel to the field of home visiting, HRSA requires that states submit data collected using the HV-BAT to HRSA for the purposes of quality control reviews and accuracy checks. Submission will allow HRSA to estimate national-level costs for use in conducting research and analysis of home visiting costs, understanding cost variation, and assessing how comprehensive program cost data can inform other policy priorities, such as innovative financing strategies. HRSA is seeking to revise burden estimates to ensure accuracy and inform awardee planning for this activity. In addition, HRSA is translating the HV-BAT data collection instrument into Spanish in response to awardee feedback and to increase accessibility for LIA sites that primarily operate in Spanish.

Likely Respondents: One-third of MIECHV Program awardees (n=19, annually) that are states, jurisdictions, and, nonprofit organizations receiving MIECHV funding to provide home visiting services within states.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Home Visiting Budget Assistance Tool (HV-BAT)	19	13	247	24	5,928
Total	19	13	247	24	5,928

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions, (2) the accuracy of the estimated burden, (3) ways to enhance the quality, utility, and clarity of the information to be collected, and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Maria G. Button,

Director, Executive Secretariat.

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* January 9, 2023.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Reports Management Officer, REE, Department of Housing and Urban Development, 451 7th Street SW, Room 4176, Washington, DC 20410-5000; telephone 202-402-3400 (this is not a toll-free number) or email at Colette.Pollard@hud.gov for a copy of the proposed forms or other available information. disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Multifamily Default Status Report.

OMB Approval Number: 2502-0041.

OMB Expiration Date: April 30, 2023.

Type of Request: Extension of a currently approved collection.

Form Number: N/A

Description of the need for the information and proposed use:

The regulations at 24 CFR 207.256, 24 CFR 207.256a, and 24 CFR 207.258 require a mortgagee to notify HUD when a mortgage payment is in default (more than 30 days past due), when a mortgage has been reinstated, and to submit an election to assign a defaulted loan to HUD within a specified timeframe from the date of default. The regulation at 24 CFR 200, Subpart B, requires lenders to submit delinquency, default, election to assign, and other related loan information statuses electronically to HUD. Lenders previously used HUD Form 92426 for these submissions, however, with the implementation of the regulation requiring electronic notification, the Multifamily Delinquency and Default Reporting System (MDDR) was established to replace the paper form HUD-92426. HUD uses the information as an early warning mechanism to work with project owners and lenders to develop a plan that will reinstate a loan and avoid an insurance claim. It also provides HUD staff a mechanism for mortgagee compliance with HUD's loan servicing procedures and assignments.

Respondents: Respondents are FHA-approved multifamily lenders (business or other for-profit).

Estimated Number of Respondents: 114.

Estimated Number of Responses: 1368.

Frequency of Response: 12.

Average Hours per Response: 10 minutes.

Total Estimated Burden: 228.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of
