

majority of HUD's FFA programs, this waiver advances BABA by targeting the initial phased implementation to a well-developed industry in connection with infrastructure projects being undertaken by sophisticated CDBG formula grantees. HUD is seeking comment on the further implementation of the BAP but will focus specific attention to the full implementation of the BAP in connection with the use of iron and steel in infrastructure projects in other FFA programs utilizing HUD funds within this waiver period.

No funds obligated by HUD or the grantee/funding recipient during the period of the waiver that would be exempted from compliance with BAP as a result of the waiver will be required to apply the BAP.

V. Impact of This Waiver on Other Federal Financial Assistance

No funds that have been obligated by HUD before November 14, 2022, or during the pendency of this waiver will require compliance with the BAP, with the exception of iron and steel products used in connection with infrastructure projects funded through CDBG formula grants obligated by HUD on or after November 15, 2022, or unless otherwise required by another FFA award. Where the BAP or other BABA requirements are made applicable to a project of a grantee or funding recipient by another Federal agency, those requirements are not waived by this waiver, nor is the grantee or funding recipient exempt from the application of those requirements in accordance with the requirements of the Federal Agency providing such Federal Financial Assistance.

VI. Assessment of Cost Advantage of a Foreign-Sourced Product

Under OMB Memorandum M–22–11, “Memorandum for Heads of Executive Departments and Agencies,” published on April 18, 2022, agencies are expected to assess “whether a significant portion of any cost advantage of a foreign-sourced product is the result of the use of dumped steel, iron, or manufactured products or the use of injuriously subsidized steel, iron, or manufactured products” as appropriate before granting a public interest waiver.² HUD's analysis has concluded that this assessment is not applicable to this waiver, as this waiver is not based in the cost of foreign-sourced products. will perform additional market research during the waiver period to better understand the market and to limit the use of waivers caused by dumping of foreign-sourced products.

VII. Solicitation of Comments on the Waiver

As required under section 70914 of the Act, HUD is soliciting comment from the public on the waiver announced in this Notice. In particular, HUD invites comments on the waiver of application of the BAP for iron and steel products in connection with infrastructure projects funded through HUD's FFA programs other than CDBG formula grants. HUD also seeks specific comment on how it may best further phase in the application of the BAP for all construction materials and manufactured products in connection with CDBG formula grants and all other HUD FFA programs. HUD invites comments on what time period would be appropriate for purposes of achieving these various phases of orderly implementation of the Act.
