Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The CSP CMO Grant program (ALN 84.282M) is authorized under Title IV, Part C of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESEA) (20 U.S.C. 7221-7221j). Through CSP CMO Grants,

the Department awards grants to *charter management organizations (CMOs)*¹ on a competitive basis to enable them to *replicate or expand one or more high-quality charter schools*. Grant funds may be used to significantly increase the enrollment of, or add one or more grades to, an existing high-quality charter school or to open one or more new charter schools or new campuses of a high-quality charter school based on the educational model of an existing high-quality charter school. Charter schools that receive financial assistance through CSP CMO Grants provide programs of elementary or secondary education, or both, and may also serve students in *early childhood education programs* or postsecondary students, consistent with the terms of their charter.

Background: The major purposes of the CSP are to expand opportunities for all students, particularly *underserved students*, to attend charter schools and meet challenging State academic standards; provide financial assistance for the planning, program design, and initial implementation of charter schools; increase the number of high-quality charter schools available to students across the United States; evaluate the impact of charter schools on student achievement, families, and communities; share best practices between charter schools and other public schools; aid States in providing facilities support to charter schools; and support efforts to strengthen the charter school authorizing process.

On July 6, 2022, the Department published in the **Federal Register** a notice of final priorities, requirements, definitions, and selection criteria for this program (87 FR 40406) (2022 NFP), which supplements the program statute and notice of final priorities, requirements, definitions, and selection criteria for CSP CMO Grants published in the **Federal Register** on November 30, 2018 (83 FR 61532) (2018 NFP). The 2022 NFP is intended to help ensure the creation, replication, and expansion of high-quality charter schools that promote positive student outcomes, *educator* and community empowerment, and promising practices; and promote school diversity. We also seek to promote greater fiscal and operational transparency and accountability for CSP-funded charter schools. The priorities, application requirements, assurances, selection criteria, and definitions in this notice are designed to increase access to high-quality, diverse, and equitable learning

¹ Terms defined in this notice are italicized the first time each term is used.
