

will approve or reject an application within a prompt timeframe. In some cases, agencies may determine that additional clarity, information, or modification is needed and request the applicant to “revise and resubmit” their application.

Data discovery, the SAP application process, and the submission for review are planned to take place within the web-based SAP Portal. As noted above, the notice announcing plans to collect information through the SAP Portal has been published separately (87 FR 53793).

Access to Restricted Use Data

In the event of a positive determination, the applicant will be notified that their proposal has been accepted. The positive or final adverse determination concludes the SAP Portal process. In the instance of a positive determination, the data-owning agency (or agencies) will contact the applicant to provide instructions on the agency’s security requirements that must be completed to gain access to the confidential data. The completion and submission of the agency’s security requirements will take place outside of the SAP Portal.

Collection of Information for Data Security Requirements

In the instance of a positive determination for an application requesting access to a National Agricultural Statistics Service (NASS) confidential data asset, NASS will contact the applicant(s) to initiate the process of collecting information to fulfill their security requirements. These include additional requirements necessary for the statistical agency or unit to place the applicant(s) in a trusted category that may include the applicant’s successful completion of a background investigation, confidentiality training, nondisclosure, inspection of the site the confidential data will be accessed, and data use agreements.

NASS’s data security requirements include the collection of the following:

- *Security Briefing*: NASS personnel provide a Security Briefing to all applicants who were approved access to restricted data. The Briefing is provided prior to the applicant completing the three forms listed below and includes information on the Confidential Information Protection and Statistical Efficiency Act of 2018, Title III of Public Law 115–435, codified in 44 U.S.C. Ch. 35 and other applicable Federal laws that protect the restricted data.

- Completion of form *ADM-043, Certification and Restrictions on Use of*

Unpublished Data. This form is required to be signed by researchers who have been approved to access unpublished NASS data (alternatively, some approved researchers complete on-line training in lieu of completing this form). The form contains excerpts of the various laws that apply to the unpublished data being provided to the researcher. The form explains the restrictions associated with the unpublished data and includes a place for the research to sign the form, thereby acknowledging the restrictions and agreeing to abide by them.

- Completion of *User Attestation Form*. Researchers approved to access unpublished NASS data are provided with the document *Handbook for Special Sworn Data Users of a NASS Data Lab* that explains the policies and procedures associated with accessing unpublished NASS data in a NASS Data Lab (including data enclaves). Each researcher approved to access unpublished NASS data is required to sign the *User Attestation Form* to acknowledge they were provided with the *Handbook for Special Sworn Data Users of a NASS Data Lab* and agree to abide by its provisions.

- Completion of *NASS Site Inspection Checklist*. Researchers approved to access unpublished NASS data do so using a secure data enclave environment accessible at their own location. A NASS employee performs a site inspection (either in-person or via a video call) of the researcher’s location prior to the researcher being granted access to the unpublished data. During the site inspection, the NASS employee administers the form *NASS Site Inspection Checklist*, which asks questions pertaining to the suitability of the location for restricted data access and some of the policies associated with accessing the restricted data. The form also collects information about the computer the researcher will use to access the NASS data enclave.

Note: Foreign Nationals who are approved to access NASS confidential data assets must also complete form OF–306, *Declaration for Federal Employment* (the form may also be used to assess fitness for federal contract employment). Form OF–306 is approved under OMB No. 3206–0182. Consequently, burden for completing OF–306 is not included here.

Estimate of Burden: The amount of time to complete the agreements and other paperwork, Security Briefing, and read the *Handbook for Special Sworn Data Users* that comprise NASS’s security requirements will vary based on the confidential data assets requested and the access modality. To obtain

access to NASS confidential data assets, it is estimated that the average time to complete and submit NASS’s data security agreements and other paperwork, Security Briefing, and read the *Handbook for Special Sworn Data Users* is 145 minutes per applicant. This estimate does not include the time needed to complete and submit an application within the SAP Portal. All efforts related to SAP Portal applications occur prior to and separate from NASS’s effort to collect information related to data security requirements.

The expected number of applications in the SAP Portal that receive a positive determination from NASS in a given year may vary. Overall, per year, NASS estimates it will collect data security information from 200 applicants that received a positive determination within the SAP Portal (note: a SAP Portal application may include access for more than one applicant) or other restricted use access approval. NASS estimates that the total burden for the collection of information for data security requirements over the course of the three-year OMB clearance will be about 1,452 hours and, as a result, an average annual burden of 484 hours.

Signed at Washington, DC, November 3, 2022.

Kevin L. Barnes,

Associate Administrator.

COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the West Virginia Advisory Committee

Correction

AGENCY: Commission on Civil Rights.

ACTION: Notice; revision to meeting link & meeting ID.

SUMMARY: The Commission on Civil Rights published a notice in the **Federal Register** on Tuesday, August 30, 2022, concerning a meeting of the West Virginia Advisory Committee. The meeting link and meeting ID have since been updated.

FOR FURTHER INFORMATION CONTACT: Ivy Davis, idavis@usccr.gov.

Correction: In the **Federal Register** on Tuesday, August 30, 2022, in FR Document Number 2022–18577, on page 52903, first and second columns, correct the meeting link to: <https://tinyurl.com/uf7nh7xh>; correct the meeting ID to: 160 806 8277; correct the phone number to: (833) 435–1820.

Dated: November 7, 2022.

David Mussatt,

Supervisory Chief, Regional Programs Unit.

BILLING CODE 6335–01–P

DEPARTMENT OF COMMERCE

U.S. Census Bureau

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Household Pulse Survey

On September 12, 2022, the Department of Commerce received clearance from the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act of 1995 to conduct Phase 3.6 of the Household Pulse Survey (OMB No. 0607–1013, Exp. 10/31/23). The Household Pulse Survey was designed to meet a need for timely information associated with household experiences during the Covid–19 pandemic. The Department is committed to ensuring that the data collected by the Household Pulse Survey continue to meet information needs as they may evolve over the course of the pandemic. This notice serves to inform of the Department's intent to request clearance from OMB to make some revisions to the Household Pulse Survey questionnaire. To ensure that the data collected by the Household Pulse Survey continue to meet information needs as they evolve over the course of the pandemic, the Census Bureau submits this Request for Revision to an Existing Collection for a revised Phase 3.7 questionnaire.

Phase 3.7 includes new questions on changes in travel and spending due to increasing prices, school meals, displacement due to natural disaster, receipt/loss of Medicaid coverage, and a question that asks certain respondents if they are not working due to coronavirus, natural disaster, or another reason. There are also modifications to existing vaccine booster, children's vaccine booster, infant formula, reasons not working, and inflation items. Several questions will be removed for Phase 3.7, including replaced children's vaccine booster items, and questions about educational catch-up activities and the receipt of antiviral/antibody treatments.

It is the Department's intention to commence data collection using the revised instrument on or about December 7, 2022. The Department invites the general public and other Federal agencies to comment on

proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously sought on the Household Pulse Survey via the **Federal Register** on May 19, 2020, June 3, 2020, February 1, 2021, April 13, 2021, June 24, 2021, October 26, 2021, January 24, 2022, April 18, 2022, and July 2, 2022. This notice allows for an additional 30 days for public comments on the proposed revisions.

Agency: U.S. Census Bureau, Department of Commerce.

Title: Household Pulse Survey.

OMB Control Number: 0607–1013.

Form Number(s): None.

Type of Request: Request for a Revision of a Currently Approved Collection.

Number of Respondents: 136,779.

Average Hours per Response: 20 minutes.

Burden Hours: 45,137.

Needs and Uses: Data produced by the Household Pulse Survey are designed to inform on a range of topics related to households' experiences during the COVID–19 pandemic. Topics to date have included employment, facility to telework, travel patterns, income loss, spending patterns, food and housing security, amount of monthly rent and changes in monthly rent, access to benefits, mental health and access to care, difficulty with self-care and communicating, intent to receive the COVID–19 vaccine/booster, timing of coronavirus testing, use of coronavirus treatments, the experience of long COVID, post-secondary educational disruption, access to infant formula, the effects of increasing prices, natural disasters, and school meals for children. The requested revision, if approved by OMB, will remove selected items from the questions for which utility has declined and add questions based on information needs expressed via public comment and in consult with other Federal agencies. The overall burden change to the public will be insignificant.

The Household Pulse Survey was initially launched in April, 2020 as an experimental project (see <https://www.census.gov/data/experimental-data-products.html>) under emergency clearance from the Office of Management and Budget (OMB) initially granted April 19, 2020; regular clearance was subsequently sought and approved by OMB on October 30, 2020 (OMB No. 0607–1013; Exp. 10/30/2023).

Affected Public: Households.

Frequency: Households will be selected once to participate in a 20-minute survey.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13, United States Code, Sections 8(b), 182 and 196.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0607–1013.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

DEPARTMENT OF COMMERCE

Census Bureau

Bureau of Economic Analysis

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request

AGENCY: U.S. Census Bureau and the U.S. Bureau of Economic Analysis, Commerce.

ACTION: Notice.

SUMMARY: The U.S. Census Bureau and the U.S. Bureau of Economic Analysis within the U.S. Department of Commerce invite the general public and other Federal agencies to comment on a proposed information collection. The U.S. Census Bureau and the U.S. Bureau of Economic Analysis plan to collect information from the public to fulfill their data security requirements when providing access to restricted use microdata for the purpose of evidence building. The U.S. Census Bureau and U.S. Bureau of Economic Analysis's data security agreements and other paperwork along with the corresponding security protocols allow the U.S. Census Bureau and the U.S. Bureau of Economic Analysis to maintain careful controls on
