

## Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

## Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties (AD) on all appropriate entries of subject merchandise in accordance with the final results of this review. For Sucroal, because its weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.5 percent), Commerce has calculated importer-specific AD assessment rates. We calculated importer- (or customer-) specific *ad valorem* AD assessment rates by dividing the total amount of dumping calculated for the importer's examined sales by the total entered value of the same sales for that importer, in accordance with 19 CFR 351.212(b)(1).

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**, in accordance with 19 CFR 356.8(a). If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

## Cash Deposit Requirements

The following deposit requirements will be effective upon publication of the notice of these final results for all shipments of citric acid from Colombia entered, or withdrawn from warehouse, for consumption on or after the date of publication provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Sucroal will be equal to the dumping margin established in the final results of this review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which the producer and/or exporter participated; (3) if the

exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value investigation but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 28.48 percent, the all-others rate established in the less-than-fair-value investigation.<sup>6</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

## Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

## Administrative Protective Order

This notice also serves as a reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

## Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i) of the Act and 19 CFR 351.221(b)(5).

Dated: November 4, 2022.

**Lisa W. Wang,**

*Assistant Secretary for Enforcement and Compliance.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### Availability for Public Comment on the Draft Fifth National Climate Assessment (NCA5) United States Global Change Research Program (USGCRP)

**AGENCY:** Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

**ACTION:** Notice of availability for public comment.

**SUMMARY:** NOAA, on behalf of USGCRP, is publishing this notice on behalf of the United States Global Change Research Program (USGCRP) to announce the availability of a draft Fifth National Climate Assessment (NCA5) report for public comment. Following revision and further review (including by the National Academies of Sciences, Engineering, and Medicine), a revised draft will undergo final Federal interagency clearance.

**DATES:** Review comments should be submitted via the web address specified below <https://review.globalchange.gov/> and must be received by 12 weeks after publication of this notice.

**ADDRESSES:** The draft NCA5 can be accessed in the USGCRP Review and Comment System at <https://review.globalchange.gov/>, and also through the USGCRP Open Notices Page (<https://www.globalchange.gov/notices>). To review the draft report and submit comments, reviewers will need to register in the Review and Comment system. Comments may be submitted only via this online mechanism. Registration details can be found on the <https://review.globalchange.gov/home> page, and review instructions are accessible once a registered user has logged into the system.

All comments received through this process will be considered by the relevant chapter authors without knowledge of the commenters' identities. When the final assessment is issued, the comments and the commenters' names, along with the authors' responses, will become part of the public record and made available on <https://www.globalchange.gov>. No information submitted by a commenter as part of the registration process (such

as an email address) will be disclosed publicly.

**FOR FURTHER INFORMATION CONTACT:**

Chris Avery, (202) 419-3474, [cavery@usgcrp.gov](mailto:cavery@usgcrp.gov), U.S. Global Change Research Program.

**SUPPLEMENTARY INFORMATION:**

Background information and additional details on NCA5 can be found at <https://www.globalchange.gov/nca5>.

The U.S. Global Change Research Program (USGCRP) is mandated under the Global Change Research Act (GCRA) of 1990 to conduct a quadrennial National Climate Assessment (NCA) to evaluate scientific findings and uncertainties related to global change, analyze the effects of global change, and analyze the current and projected trends in global change, both human-induced and natural. Response to this notice is voluntary. Responses to this notice may be used by the government for program planning on a non-attribution basis. NOAA therefore requests that no business proprietary information or copyrighted information be submitted in response to this notice. Please note that the U.S. Government will not pay for response preparation, or for the use of any information contained in the response.

NCA5 fulfills this mandate by synthesizing and assessing the science and impacts of climate change across 2 physical science chapters, 17 national topic chapters, 10 regional chapters, and 2 response chapters. Additionally, multiple cross-cutting sections will focus on emergent topics of interest across many sectors and regions. Appendices articulate some additional details on process, rules, and tools used to develop NCA5. NCA5 assesses the science of impacts and options that reduce present and future risk in a policy-relevant but not policy-prescriptive manner. NCA5 is a product of the USGCRP and is overseen by a Federal Steering Committee. Chapter leads were identified via an open call for nominations (<https://www.federalregister.gov/documents/2020/10/15/2020-22729/request-for-public-nominations-for-authors-and-scientific-technical-inputs-and-notice-of-planned>). The draft assessment was written by teams of Federal and non-Federal authors selected for their demonstrated subject matter expertise and publications relevant to the chapter topics outlined in the prospectus (<https://www.federalregister.gov/documents/2020/07/10/2020-14904/request-for-comment-on-the-draft-prospectus-of-the-fifth-national-climate-assessment>), and was informed by an array of technical inputs, many gathered

through an open call (<https://www.federalregister.gov/documents/2020/10/15/2020-22729/request-for-public-nominations-for-authors-and-scientific-technical-inputs-and-notice-of-planned>). This report adheres to the Global Change Research Act (GCRA), Information Quality Act and The Foundations for Evidence-based Policymaking Act of 2018 requirements (<https://www.noaa.gov/organization/information-technology/policy-oversight/information-quality>) for quality, transparency, and accessibility as appropriate for a Highly Influential Scientific Assessment.

**BILLING CODE 3510-KD-P**

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**Sanctuary System Business Advisory Council; Public Meeting**

**AGENCY:** Office of National Marine Sanctuaries (ONMS), National Ocean Service (NOS), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

**ACTION:** Notice of open public meeting.

**SUMMARY:** Notice is hereby given of a meeting of the Sanctuary System Business Advisory Council. The meeting is open to the public, and an opportunity for oral and written comments will be provided.

**DATES:** The meeting will be held Thursday, December 1, 2022, from 9 to 10 a.m. Eastern Time (ET), and an opportunity for public comment will be provided around 9:40 a.m. ET. Both times and agenda topics are subject to change. Up-to-date information about the meeting time and agenda topics can be found at <https://sanctuaries.noaa.gov/management/bac/meetings.html>.

**ADDRESSES:** The meeting will be held at NOAA Headquarters: 1325 East-West Hwy, SSMC 3, Room 2500, Silver Spring, Maryland. To attend the in-person meeting or to provide an oral public comment, you must RSVP to Jessica Kondel by email ([jessica.kondel@noaa.gov](mailto:jessica.kondel@noaa.gov)) no later than Monday, November 28, 2022. Any person that attends the meeting must RSVP in advance and have a valid I.D. to enter the Federal building. To

provide written public comment, please send the comment to Jessica Kondel prior to or during the meeting via email ([jessica.kondel@noaa.gov](mailto:jessica.kondel@noaa.gov)). Please note, the meeting will not be recorded. However, public comments, including any associated names, will be captured in the minutes of the meeting, will be maintained by ONMS as part of its administrative record, and may be subject to release pursuant to the Freedom of Information Act. By signing up to provide a public comment, you agree that these communications, including your name and comment, will be maintained as described here.

**FOR FURTHER INFORMATION CONTACT:**

Jessica Kondel, Office of National Marine Sanctuaries, 1305 East West Highway, Silver Spring, Maryland 20910 (Phone: 240-676-4646; Email: [jessica.kondel@noaa.gov](mailto:jessica.kondel@noaa.gov)).

**SUPPLEMENTARY INFORMATION:** ONMS

serves as the trustee for a network of underwater parks encompassing more than 620,000 square miles of marine and Great Lakes waters from Washington State to the Florida Keys, and from Lake Huron to American Samoa. The network includes a system of 15 national marine sanctuaries and Papahānaumokuākea and Rose Atoll marine national monuments. National marine sanctuaries protect our Nation's most vital coastal and marine natural and cultural resources, and through active research, management, and public engagement, sustain healthy environments that are the foundation for thriving communities and stable economies.

One of the many ways ONMS ensures public participation in the designation and management of national marine sanctuaries is through the formation of advisory councils. The Sanctuary System Business Advisory Council has been formed to provide advice and recommendations to the Director regarding the relationship of ONMS with the business community. Additional information on the council can be found at <https://sanctuaries.noaa.gov/management/bac/>.

*Matters to be discussed:* The meeting will include an update from the ONMS director, a council officer election, and member updates. For a complete agenda, including times and topics, please visit <http://sanctuaries.noaa.gov/management/bac/meetings.html>.
