I. Funding Opportunity Description

Purpose of Program: The CSP CMO Grant program (ALN 84.282M) is authorized under Title IV, Part C of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESEA) (20 U.S.C. 7221-7221j). Through CSP CMO Grants,

the Department awards grants to *charter management organizations (CMOs)*¹ on a competitive basis to enable them to replicate or expand one or more high-quality charter schools. Grant funds may be used to significantly increase the enrollment of, or add one or more grades to, an existing high-quality charter school or to open one or more new charter schools or new campuses of a high-quality charter school based on the educational model of an existing high-quality charter school. Charter schools that receive financial assistance through CSP CMO Grants provide programs of elementary or secondary education, or both, and may also serve students in *early childhood education programs* or postsecondary students, consistent with the terms of their charter.

Background: The major purposes of the CSP are to expand opportunities for all students, particularly *underserved students*, to attend charter schools and meet challenging State academic standards; provide financial assistance for the planning, program design, and initial implementation of charter schools; increase the number of high-quality charter schools available to students across the United States; evaluate the impact of charter schools on student achievement, families, and communities; share best practices between charter schools and other public schools; aid States in providing facilities support to charter schools; and support efforts to strengthen the charter school authorizing process.

On July 6, 2022, the Department published in the **Federal Register** a notice of final priorities, requirements, definitions, and selection criteria for this program (87 FR 40406) (2022 NFP), which supplements the program statute and notice of final priorities, requirements, definitions, and selection criteria for CSP CMO Grants published in the **Federal Register** on November 30, 2018 (83 FR 61532) (2018 NFP). The 2022 NFP is intended to help ensure the creation, replication, and expansion of high-quality charter schools that promote positive student outcomes, *educator* and community empowerment, and promising practices; and promote school diversity. We also seek to promote greater fiscal and operational transparency and accountability for CSP-funded charter schools. The priorities, application requirements, assurances, selection criteria, and definitions in this notice are designed to increase access to high-quality, diverse, and equitable learning

¹ Terms defined in this notice are italicized the first time each term is used.

opportunities, which should be a goal of all public schools. Specifically, this competition includes a statutory priority from section 4305(b)(5)(A) of the ESEA to promote racially and socioeconomically diverse student bodies. The Department used a similar priority in the FY 2019 competition (83 FR 65351).

This competition also includes an invitational priority to encourage collaborations between charter schools and traditional public schools or traditional school districts that benefit students and families across schools. Some of the most successful charter schools have collaborated with traditional school districts, and there is evidence that these types of collaborations can improve outcomes for students in both charter schools and traditional public schools, including by sharing instructional materials, creating joint professional learning opportunities, and developing principal pipeline programs. Using an invitational priority allows the Department to encourage beneficial collaborations without giving applications that meet this priority preference over other applications.

Priorities: This notice includes three competitive preference priorities and one invitational priority. In accordance with 34 CFR 75.105(b)(2)(iv), Competitive Preference Priority 1 is from section 4305(b)(5)(A) of the ESEA. Competitive Preference Priority 2 is from the 2018 NFP. Competitive Preference Priority 3 is from the 2022 NFP.

Competitive Preference Priorities: For FY 2023 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional 7 points to an application that meets Competitive Preference Priority 1, up to an additional 7 points to an application that meets Competitive Preference Priority 2, and up to an additional 7 points to an application that meets Competitive Preference Priority 3, depending on how well the application meets one or more of these priorities.

An applicant must identify on the abstract form and in the project narrative section of its application the priority or priorities it wishes the Department to consider for purposes of earning competitive preference priority points. The Department will not review or award points for any competitive preference priority for an application that fails to clearly identify the competitive preference priority or

priorities it wishes the Department to consider for purposes of earning competitive preference priority points. An application may receive a total of up to 21 additional points under the competitive preference priorities.

These priorities are:

Competitive Preference Priority 1—Racially and Socioeconomically Diverse Student Bodies (up to 7 points).

Under this priority, applicants must propose to operate or manage high-quality charter schools with racially and socioeconomically diverse student bodies. (Section 4305(b)(5)(A) of the ESEA).

Competitive Preference Priority 2—High School Students (up to 7 points).

Under this priority, applicants must propose to—

(a) Replicate or expand high-quality charter schools to serve high school students, including *educationally disadvantaged students*;

(b) Prepare students, including educationally disadvantaged students, in those schools for enrollment in postsecondary education institutions through activities such as, but not limited to, accelerated learning programs (including Advanced Placement and International Baccalaureate courses and programs, dual or concurrent enrollment programs, and early college high schools), college counseling, career and technical education programs, career counseling, internships, work-based learning programs (such as apprenticeships), assisting students in the college admissions and financial aid application processes, and preparing students to take standardized college admissions tests;

(c) Provide support for students, including educationally disadvantaged students, who graduate from those schools and enroll in postsecondary education institutions in persisting in, and attaining a degree or certificate from, such institutions, through activities such as, but not limited to, mentorships, ongoing assistance with the financial aid application process, and establishing or strengthening peer support systems for such students attending the same institution; and

(d) Propose one or more project-specific *performance measures*, including aligned leading indicators or other interim milestones, that will provide valid and reliable information about the applicant's progress in preparing students, including educationally disadvantaged students, for enrollment in postsecondary education institutions and in supporting those students in persisting in and attaining a degree or certificate from

such institutions. An applicant addressing this priority and receiving a CSP CMO Grant must provide data that are responsive to the measure(s), including *performance targets*, in its annual performance reports to the Department.

(e) For purposes of this priority, postsecondary education institutions include *institutions of higher education*, as defined in section 8101(29) of the ESEA, and one-year training programs that meet the requirements of section 101(b)(1) of the Higher Education Act of 1965, as amended (HEA).

Competitive Preference Priority 3—Promoting High-Quality Educator- and Community-Centered Charter Schools to Support Underserved Students (up to 7 points).

(a) Under this priority, an applicant must propose to open a new charter school, or to replicate or expand a high-quality charter school, that is developed and implemented—

(1) With meaningful and ongoing engagement with current or former teachers and other educators; and

(2) Using a community-centered approach that includes an assessment of *community assets*, informs the development of the charter school, and includes the implementation of protocols and practices designed to ensure that the charter school will use and interact with community assets on an ongoing basis to create and maintain strong community ties.

(b) In its application, an applicant must provide a high-quality plan that demonstrates how its proposed project would meet the requirements in paragraph (a) of this priority, accompanied by a timeline for key milestones that span the course of planning, development, and implementation of the charter school.

Invitational Priority: For FY 2023, and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an invitational priority. Under 34 CFR 75.105(c)(1), we do not give an application that meets this invitational priority a competitive or absolute preference over other applications.

This priority is:

(1) Co-developed or shared curricular and instructional resources or academic course offerings.

(2) Professional development opportunities for teachers and other educators, which may include professional learning communities, opportunities for teachers to earn additional certifications, such as in a high-need area or national board certification, and partnerships with educator preparation programs to support teaching residencies.

(4) Policies and practices to create safe, supportive, and inclusive learning environments, such as systems of positive behavioral intervention and support.

(5) Transparent enrollment and retention practices and processes that include clear and consistent disclosure to families of policies or requirements (e.g., discipline policies, purchasing and wearing specific uniforms and other fees, or family participation), and any services that are or are not provided, that could impact a family's ability to enroll or remain enrolled in the school (e.g., transportation services or participation in the National School Lunch Program).

(6) A shared transportation plan and system that reduces transportation costs for at least one member of the collaboration and takes into consideration various transportation options, including public transportation and district-provided or shared transportation options, cost-sharing or free or reduced-cost fare options, and any distance considerations for prioritized bus services.

The logic model must include the applicant's objectives for replicating or expanding one or more high-quality charter schools with funding under this program, including the number of high-quality charter schools the applicant proposes to replicate or expand (2018 NFP);

(g) If the applicant currently operates, or is proposing to replicate or expand a single-sex charter school or coeducational charter school that provides a single-sex class or extracurricular activity (collectively referred to as a "single-sex educational program"), demonstrate that the existing or proposed single-sex educational program is in compliance with title IX of the Education Amendments of 1972 (20 U.S.C. 1681, *et seq.*) and its implementing regulations, including 34 CFR 106.34 (2018 NFP);

(h) Describe how the applicant currently operates or manages the high-quality charter schools for which it has presented evidence of success and how the proposed replicated or expanded charter schools will be operated or managed, including the legal relationship between the applicant and its schools. If a legal entity other than the applicant has entered or will enter into a performance contract with an authorized public chartering agency to operate or manage one or more of the applicant's schools, the applicant must also describe its relationship with that entity (2018 NFP);

(i) Describe how the applicant will solicit and consider input from parents and other members of the community on the implementation and operation of

each replicated or expanded charter school, including in the area of school governance (2018 NFP);

(j) Describe the lottery and enrollment procedures that will be used for each replicated or expanded charter school if more students apply for admission than can be accommodated, including how any proposed weighted lottery complies with section 4303(c)(3)(A) of the ESEA (2018 NFP);

(k) Describe how the applicant will ensure that all eligible *children with disabilities* receive a free appropriate public education in accordance with Part B of the Individuals with Disabilities Education Act (2018 NFP);

(l) Describe how the proposed project will assist educationally disadvantaged students in mastering challenging State academic standards (2018 NFP);

(m) Provide a budget narrative, aligned with the activities, target grant project outputs, and outcomes described in the logic model, that outlines how grant funds will be expended to carry out planned activities (2018 NFP);

(n) Provide the applicant's most recent independently audited financial statements prepared in accordance with generally accepted accounting principles (2018 NFP);

(o) Describe the applicant's policies and procedures to assist students enrolled in a charter school that closes or loses its charter to attend other high-quality schools (2018 NFP);

(p) Provide—

(1) A request and justification for waivers of any Federal statutory or regulatory provisions that the applicant believes are necessary for the successful operation of the charter schools to be replicated or expanded; and

(2) A description of any State or local rules, generally applicable to public schools, that will be waived, or otherwise not apply, to such schools (2018 NFP);

(q) Provide a needs analysis and describe the need for the proposed project, including how the proposed project would serve the interests and meet the needs of students and families in the communities the charter school intends to serve. The needs analysis, which may consist of information and documents previously submitted to an authorized public chartering agency to address need, must include, but is not necessarily limited to, the following—

(1) Descriptions of the local community support, including information that demonstrates interest in, and need for, the charter school; benefits to the community; and other evidence of demand for the charter school that demonstrates a strong likelihood the charter school will

achieve and maintain its enrollment projections. Such information may include information on waiting lists for the proposed charter school or existing charter schools or traditional public schools, data on access to seats in high-quality public schools in the districts from which the charter school expects to draw students, or evidence of family interest in specialized instructional approaches proposed to be implemented at the charter school.

(2) Information on the proposed charter school's projected student enrollment, and evidence to support the projected enrollment based on the needs analysis and other relevant data and factors, such as the methodology and calculations used.

(3) An analysis of the proposed charter school's projected student demographics and a description of the demographics of students attending public schools in the local community in which the proposed charter school would be located and the school districts from which students are, or would be, drawn to attend the charter school; a description of how the applicant plans to establish and maintain a racially and socioeconomically diverse student body, including proposed strategies (that are consistent with applicable legal requirements) to recruit, admit, enroll, and retain a diverse student body. An applicant that is unlikely to establish and maintain a racially and socioeconomically diverse student body at the proposed charter school because the charter school would be located in a racially or socioeconomically segregated or isolated community, or due to the charter school's specific educational mission, must describe—

(i) Why it is unlikely to establish and maintain a racially and socioeconomically diverse student body at the proposed charter school;

(ii) How the anticipated racial and socioeconomic makeup of the student body would promote the purposes of the CSP, including to provide high-quality educational opportunities to underserved students, which may include a specialized educational program or mission; and

(iii) The anticipated impact of the proposed charter school on the racial and socioeconomic diversity of the public schools and school districts from which students would be drawn to attend the charter school.

(4) A robust family and community engagement plan designed to ensure the active participation of families and the community that includes the following—

(i) How families and the community were, are, or will be engaged in determining the vision and design for the charter school, including specific examples of how families' and the community's input was, is, or is expected to be incorporated into the vision and design for the charter school.

(ii) How the charter school will meaningfully engage with both families and the community to create strong and ongoing partnerships.

(iii) How the charter school will foster a collaborative culture that involves the families of all students, including underserved students, in ensuring their ongoing input in school decision-making.

(5) How the charter school's recruitment, admissions, enrollment, and retention policies and practices will engage and accommodate students and families from diverse backgrounds, including English learners, students with disabilities, and students of color, including holding enrollment and recruitment events on weekends or during nonstandard work hours, making interpreters available, and providing enrollment and recruitment information in widely accessible formats (*e.g.*, hard copy and online in multiple languages; as appropriate, large print or braille for visually impaired individuals) through widely available and transparent means (*e.g.*, online and at community locations).

(6) How the charter school has engaged or will engage families and the community to develop an instructional model to best serve the targeted student population and their families, including students with disabilities and English learners.

(7) How the plans for the operation of the charter school will support and reflect the needs of students and families in the community, including consideration of district or community assets and how the school's location, or anticipated location if a facility has not been secured, will facilitate access for the targeted student population (*e.g.*, access to public transportation or other transportation options, the demographics of neighborhoods within walking distance of the school, and transportation plans and costs for students who are not able to walk or use public transportation to access the school).

(8) A description of the steps the applicant has taken or will take to ensure that the proposed charter school (1) would not hamper, delay, or negatively affect any desegregation efforts in the local community in which the charter school would be located or in the public school districts from

which students are, or would be, drawn to attend the charter school, including efforts to comply with a court order, statutory obligation, or voluntary efforts to create and maintain desegregated public schools; and (2) to ensure that the proposed charter school would not otherwise increase racial or socioeconomic segregation or isolation in the schools from which the students are, or would be, drawn to attend the charter school (2022 NFP);

(r) For any existing or proposed contract with a for-profit management organization (including a nonprofit management organization operated by or on behalf of a for-profit entity), without regard to whether the management organization or its related entities exercise full or substantial administrative control over the charter school or the CSP project, provide the following information or equivalent information that the applicant has submitted to the authorized public chartering agency—

(1) A copy of the existing contract with the for-profit management organization or a description of the terms of the contract, including the name and contact information of the management organization; the cost (*i.e.*, fixed costs and estimates of any ongoing costs), including the amount of CSP funds proposed to be used toward such cost, and the percentage such cost represents of the school's total funding; the duration; roles and responsibilities of the management organization; and steps the applicant will take to ensure that it pays fair market value for any services or other items purchased or leased from the management organization, makes all programmatic decisions, maintains control over all CSP funds, and directly administers or supervises the administration of the grant in accordance with 34 CFR 75.701;

(2) A description of any business or financial relationship between the charter school developer and the management organization, including payments, contract terms, and any property owned, operated, or controlled by the management organization or related individuals or entities that will be used by the charter school;

(3) The name and contact information for each member of the governing board of the charter school and list of the management organization's officers, chief administrator, and other administrators, and any staff involved in approving or executing the management contract; and a description of any actual or perceived conflicts of interest, including financial interests, and how the applicant resolved or will resolve any actual or perceived conflicts of

interest to ensure compliance with 2 CFR 200.318(c);

(4) A description of how the applicant will ensure that members of the governing board of the charter school are not selected, removed, controlled, or employed by the management organization and that the charter school's legal, accounting, and auditing services will be procured independently from the management organization);

(5) An explanation of how the applicant will ensure that the management contract is severable, severing the management contract will not cause the proposed charter school to close, the duration of the management contract will not extend beyond the expiration date of the school's charter, and renewal of the management contract will not occur without approval and affirmative action by the governing board of the charter school; and

(6) A description of the steps the applicant will take to ensure that it maintains control over all student records and has a process in place to provide those records to another public school or school district in a timely manner upon the transfer of a student from the charter school to another public school, including due to closure of the charter school, in accordance with section 4308 of the ESEA (2022 NFP); and

(s) Provide—

(1) The name and address of the authorized public chartering agency that issued the applicant's approved charter or, in the case of an applicant that has not yet received an approved charter, the authorized public chartering agency to which the applicant has applied;

(2) A copy of the approved charter or, in the case of an applicant that has not yet received an approved charter, a copy of the charter application that was submitted to the authorized public chartering agency, including the date the application was submitted, and an estimated date by which the authorized public chartering agency will issue its final decision on the charter application;

(3) Documentation that the applicant has provided notice to the authorized public chartering agency that it has applied for a CSP grant; and

(4) A proposed budget, including a detailed description of any post-award planning costs and, for an applicant that does not yet have an approved charter, any planning costs expected to be incurred prior to the date the authorized public chartering agency issues a decision on the charter application. (2022 NFP)

Assurances:

Applicants for CSP CMO Grants must provide the following assurances. These assurances are from sections 4303(f)(2) and 4305(b)(3)(C) of the ESEA and the 2022 NFP. The source of each assurance is provided in parentheses following each assurance.

Applicants for funds under this program must provide assurances that—

(a) The grantee will support charter schools in meeting the educational needs of their students, as described in section 4303(f)(1)(A)(x) of the ESEA. (Section 4303(f)(2)(B) of the ESEA)

(b) The grantee will ensure that each charter school receiving funds under this program makes publicly available, consistent with the dissemination requirements of the annual State report card under section 1111(h) of the ESEA, including on the website of the school, information to help parents make informed decisions about the education options available to their children, including—

(1) Information on the educational program;

(2) Student support services;

(3) Parent contract requirements (as applicable), including any financial obligations or fees;

(4) Enrollment criteria (as applicable); and

(5) Annual performance and enrollment data for each of the subgroups of students, as defined in section 1111(c)(2) of the ESEA, except that such disaggregation of performance and enrollment data shall not be required in a case in which the number of students in a group is insufficient to yield statistically reliable information or the results would reveal personally identifiable information about an individual student. (Section 4303(f)(2)(G) of the ESEA)

(c) The eligible entity has sufficient procedures in effect to ensure timely closure of low-performing or financially mismanaged charter schools and clear plans and procedures in effect for the students in such schools to attend other high-quality schools. (Section 4305(b)(3)(C) of the ESEA)

(d) Each charter school it funds has not and will not enter into a contract with a for-profit management organization, including a nonprofit management organization operated by or on behalf of a for-profit entity, under which the management organization or its related entities exercises full or substantial administrative control over the charter school and, thereby, the CSP project. (2022 NFP)

(e) Any management contract between a charter school that the applicant funds and a for-profit management organization, including a nonprofit

CMO operated by or on behalf of a for-profit entity, guarantees or will guarantee that—

(1) The charter school maintains control over all CSP funds, makes all programmatic decisions, and directly administers or supervises the administration of the grant;

(2) The management organization does not exercise full or substantial administrative control over the charter school (and, thereby, the CSP project), except that this does not limit the ability of a charter school to enter into a contract with a management organization for the provision of services that do not constitute full or substantial control of the charter school project funded under the CSP (e.g., food or payroll services) and that otherwise comply with statutory and regulatory requirements;

(3) The charter school's governing board has access to financial and other data pertaining to the charter school, the management organization, and any related entities; and

(4) The charter school is in compliance with applicable Federal and State laws and regulations governing conflicts of interest, and there are no actual or perceived conflicts of interest between the charter school and the management organization. (2022 NFP)

(f) Each charter school that the applicant funds will post on its website, on an annual basis, a copy of any management contract between the charter school and a for-profit management organization, including a nonprofit management organization operated by or on behalf of a for-profit entity, and report information on such contract to the Department, including—

(1) A copy of the existing contract with the for-profit management organization or description of the terms of the contract, including the name and contact information of the management organization, the cost (i.e., fixed costs and estimates of any ongoing costs), including the amount of CSP funds proposed to be used toward such costs, and the percentage such cost represents of the charter school's total funding, the duration, roles and responsibilities of the management organization, the steps the charter will take to ensure that it pays fair market value for any services or other items purchased or leased from the management organization, and the steps the charter school is taking to ensure that it makes all programmatic decisions, maintains control over all CSP funds, and directly administers or supervises the administration of the grant in accordance with 34 CFR 75.701;

(2) A description of any business or financial relationship between the

charter school developer or CMO and the management organization, including payments, contract terms, and any property owned, operated, or controlled by the management organization or related individuals or entities to be used by the charter school;

(3) The names and contact information for each member of the governing boards of the charter school and a list of management organization's officers, chief administrator, and other administrators, and any staff involved in approving or executing the management contract; and a description of any actual or perceived conflicts of interest, including financial interests, and how the applicant resolved or will resolve any actual or perceived conflicts of interest to ensure compliance with 2 CFR 200.318(c); and

(4) A description of how the charter school ensured that such contract is severable and that a change in management companies will not cause the proposed charter school to close. (2022 NFP)

(g) Each charter school that the applicant funds will disclose, as part of the enrollment process, any policies and requirements (e.g., purchasing and wearing specific uniforms and other fees, or requirements for family participation), and any services that are or are not provided, that could impact a family's ability to enroll or remain enrolled in the school (e.g., transportation services or participation in the National School Lunch Program). (2022 NFP)

(h) Each charter school that the applicant funds will hold or participate in a public hearing in the local community in which the proposed charter school would be located to obtain information and feedback regarding the potential benefit of the charter school, which shall at least include how the proposed charter school will increase the availability of high-quality public school options for underserved students, promote racial and socioeconomic diversity in such community or have an educational mission to serve primarily underserved students, and not increase racial or socioeconomic segregation or isolation in the school districts from which students would be drawn to attend the charter school (consistent with applicable laws). Applicants must ensure that the hearing (and notice thereof) is accessible to individuals with disabilities and limited English proficient individuals as required by law, actively solicit participation in the hearing (i.e., provide widespread and timely notice of the hearing), make good faith efforts to accommodate as many

people as possible (*e.g.*, hold the hearing at a convenient time for families or provide virtual participation options), and submit a summary of the comments received as part of the application. The hearing may be conducted as part of the charter authorizing process, provided it meets the requirements above. (2022 NFP)

(i) Each charter school that the applicant funds will not use any implementation funds for a charter school until after the charter school has received a charter from an authorized public chartering agency and has a contract, lease, mortgage, or other documentation indicating that it has a facility in which to operate. Consistent with sections 4303(b)(1), 4303(h)(1)(B), and 4310(6) of the ESEA, an eligible applicant may use CSP planning funds for post-award planning and design of the educational program of a proposed new or replicated high-quality charter school that has not yet opened, which may include hiring and compensating teachers, school leaders, and specialized instructional support personnel; providing training and professional development to staff; and other critical planning activities that need to occur prior to the charter school opening when such costs cannot be met from other sources. (2022 NFP)

(j) Each applicant must provide an assurance that, within 120 days of the date of the grant award notification (GAN), the grantee will post on its website:

(1) A list of the charter schools slated to receive CSP funds, including the following for each school:

(i) The name, address, and grades served.

(ii) A description of the educational model.

(iii) If the charter school has contracted with a for-profit management organization, the name of the management organization, the amount of CSP funding the management organization will receive from the school, and a description of the services to be provided.

(iv) The award amount, including any funding that has been approved for the current year and any additional years of the CSP grant for which the school will receive support.

(v) The grant (redacted as necessary).

(2) As applicable for CMO grants, such a list must be updated at least annually and provide the anticipated number of charter schools that will receive CSP planning funds before securing a facility.

Note: The Department recognizes that the charter approval process may exceed the 18-month planning period

prescribed under section 4303(d)(1)(B) of the ESEA. In such a case, a grantee may request a waiver from the Department under section 4303(d)(5), to enable the grantee to amend its approved application to extend the 18-month planning period prescribed by section 4303(d)(1)(B). Under section 4303(d)(5) of the ESEA, the Secretary, in his discretion, may waive any statutory or regulatory requirement over which he exercises administrative authority, except the requirements related to the definition of “charter school” in section 4310(2) of the ESEA, provided that the waiver is requested in an approved application and the Secretary determines that granting the waiver will promote the purposes of the CSP. It is also worth noting that a grantee may request approval from the Department, as appropriate, to amend its approved application and budget to cover additional planning costs that it may incur due to an unexpected delay in the charter approval process.

Program Authority: Title IV, part C of the ESEA, as amended.

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 76, 77, 79, 81, 82, 84, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. Specifically, grant funds must be used to carry out allowable activities, as described in section 4305(b)(1) of the ESEA. In addition, grant funds must be used to carry out one or more of the activities described in section 4303(h), which include—

(a) Preparing teachers, school leaders, and specialized instructional support personnel, including through paying costs associated with—

(1) Providing professional development; and

(2) Hiring and compensating, during the eligible applicant’s planning period, one or more of the following:

(i) Teachers.
(ii) School leaders.
(iii) Specialized instructional support personnel;
(b) Acquiring supplies, training, equipment (including technology), and educational materials (including developing and acquiring instructional materials);

(f) Providing for other appropriate, non-sustained costs related to the replication or expansion of high-quality charter schools when such costs cannot be met from other sources.

Further, within the context of opening and preparing for the operation of one or more replicated high-quality charter schools or expanding one or more high-quality charter schools, a portion of grant funds can be used for appropriate, non-sustained costs associated with the expansion or improvement of the grantee’s oversight or management of its charter schools, provided that (i) the specific charter schools being replicated or expanded under the grant are the intended beneficiaries of such expansion or improvement; (ii) such expansion or improvement is intended to improve the grantee’s ability to manage or oversee the charter schools being replicated or expanded under the grant; and (iii) the costs cannot be met from other sources. In order to use grant funds for this purpose, an applicant must describe how the proposed costs are necessary to meet the objectives of the project and reasonable in light of the overall cost of the project.

We reference additional regulations outlining funding restrictions in the *Applicable Regulations* section of this notice.

5. *Recommended Page Limit and English Language Requirement*: The project narrative is where you, the applicant, address the priorities, selection criteria, and application requirements that reviewers use to evaluate your application. We recommend that you (1) limit the project narrative to no more than 60 pages, and (2) use the following standards:

- A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.

- Double-space (no more than three lines per vertical inch) all text in the project narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

Applications must be in English, and peer reviewers will only consider supporting documents submitted with the application that are in English.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the project narrative.

6. *Notice of Intent to Apply:* The Department will be able to review grant applications more efficiently if we know the approximate number of applicants that intend to apply. Therefore, we strongly encourage each potential applicant to notify us of their intent to submit an application. To do so, please email the program contact person listed under **FOR FURTHER INFORMATION CONTACT** with the subject line “Intent to Apply,” and include the applicant’s name, a contact person’s name and email address, and the Assistance Listing Number. Applicants that do not submit a notice of intent to apply may still apply for funding.

V. Application Review Information

1. *Selection Criteria:* The selection criteria for this competition are from 34 CFR 75.210, the 2018 NFP, and the 2022 NFP. The maximum possible score for addressing all of the selection criteria is 100 points. The maximum possible score for addressing each criterion is indicated in parentheses following the criterion.

In evaluating an application for a CSP CMO Grant, the Secretary considers the following criteria:

(a) *Quality of the Eligible Applicant and Adequacy of Resources (up to 30 points).*

In determining the quality of the eligible applicant, the Secretary considers the following factors:

(1) The extent to which the academic achievement results (including annual student performance on statewide

assessments, annual student attendance and retention rates, and, where applicable and available, student academic growth, high school graduation rates, college attendance rates, and college persistence rates) for educationally disadvantaged students served by the charter schools operated or managed by the applicant have exceeded the average academic achievement results for such students served by other public schools in the State (up to 15 points). (2018 NFP)

(2) The extent to which one or more charter schools operated or managed by the applicant have closed; have had a charter revoked due to noncompliance with statutory or regulatory requirements; or have had their affiliation with the applicant revoked or terminated, including through voluntary disaffiliation (up to 5 points). (2018 NFP)

(3) The extent to which one or more charter schools operated or managed by the applicant have had any significant issues in the area of financial or operational management or student safety, or have otherwise experienced significant problems with statutory or regulatory compliance that could lead to revocation of the school’s charter (up to 5 points). (2018 NFP)

(4) The potential for continued support of the project after Federal funding ends, including, as appropriate, the demonstrated commitment of appropriate entities to such support (up to 5 points). (34 CFR 75.210)

2. *Review and Selection Process:* We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. *Risk Assessment and Specific Conditions:* Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions and, under 2 CFR 3474.10, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. *Integrity and Performance System:* If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.206(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds

\$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

5. *In General:* In accordance with the Office of Management and Budget's guidance located at 2 CFR part 200, all applicable Federal laws, and relevant Executive guidance, the Department will review and consider applications for funding pursuant to this notice inviting applications in accordance with—

(a) Selecting recipients most likely to be successful in delivering results based on the program objectives through an objective process of evaluating Federal award applications (2 CFR 200.205);

(b) Prohibiting the purchase of certain telecommunication and video surveillance services or equipment in alignment with section 889 of the National Defense Authorization Act of 2019 (Pub. L. 115–232) (2 CFR 200.216);

(c) Providing a preference, to the extent permitted by law, to maximize use of goods, products, and materials produced in the United States (2 CFR 200.322); and

(d) Terminating agreements in whole or in part to the greatest extent authorized by law if an award no longer effectuates the program goals or agency priorities (2 CFR 200.340).

VI. Award Administration Information

1. *Award Notices:* If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a GAN; or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. *Administrative and National Policy Requirements:* We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. *Open Licensing Requirements:* Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created

in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. *Reporting:* (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. *Performance Measures:* (a) For the purposes of Department reporting under 34 CFR 75.110 the Secretary has two performance indicators: (1) the number of charter schools in operation around the Nation and (2) the percentage of fourth- and eighth-grade charter school students who are achieving at or above the proficient level on State assessments in mathematics and reading/language arts. Additionally, the Secretary has established the following measure to examine the efficiency of the CSP: The Federal cost per student in implementing a successful school (defined as a school in operation for three or more consecutive years).

(b) *Project-Specific Performance Measures.* Applicants must propose project-specific performance measures and performance targets consistent with the objectives of the proposed project. Applications must provide the following information as directed under 34 CFR 75.110(b) and (c):

(1) *Performance measures.* How each proposed performance measure would accurately measure the performance of the project and how the proposed performance measure would be consistent with the performance measures established for the program funding the competition.

(2) *Baseline data.* (i) Why each proposed baseline is valid; or (ii) if the applicant has determined that there are no established baseline data for a particular performance measure, an explanation of why there is no established baseline and how and when, during the project period, the applicant would establish a valid baseline for the performance measure.

(3) *Performance targets.* Why each proposed performance target is ambitious yet achievable compared to the baseline for the performance measure and when, during the project period, the applicant would meet the performance target(s).

(4) *Data collection and reporting.* (i) The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and (ii) the applicant's capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

All grantees must submit an annual performance report with information that is responsive to these performance measures.

6. *Continuation Awards:* In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things, whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit

discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

7. *Project Directors' Meeting:*

Applicants approved for funding under this competition must attend a meeting for project directors at a location to be determined in the continental United States during each year of the project. Applicants may include the cost of attending this meeting as an administrative cost in their proposed budgets.
