SUPPLEMENTARY INFORMATION:**I. Background**

The DVIDS system of record is a state-of-the-art, 24/7 operation owned by

DMA that provides timely, accurate and reliable connection between the media around the world and the military serving at home and abroad. DVIDS supports media organizations to access U.S. service members and commanders deployed in support of military operations worldwide. The system enables media outlets to receive immediate, first-hand information and interviews with commanders and subject matter experts directly involved with fast-breaking news. The DVIDS System is the system that holds the DoD archive that is then submitted to the National Archives. The DVIDS is authorized under DoDD 5105.74, “Defense Media Activity,” and DoDI 5040.02, “Visual Information.” The information collected in the process of a media request or registration form is not shared with any outside private organizations and is shared with other Government agencies if it is necessary to respond to the inquiry or otherwise by law. The information collected is used to validate registered users and DoD approved media content submitters as well as to deliver routine requested content or information.

DoD SORNs have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency (OATSD(PCLT)) website at <https://dpcl.d.defense.gov/privacy>.
