Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

**SUPPLEMENTARY INFORMATION:** The Commission has received a complaint and a submission pursuant to 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Dometic Corporation and Dometic Sweden AB on November 7, 2022. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of regarding certain marine air conditioning systems, components thereof, and products containing the same. The complainant names as respondents: Shanghai Hopewell Industrial Co. Ltd. of China; Shanghai Hehe Industrial Co. Ltd. of China; CitiMarine, L.L.C. of Doral, FL; and Mabru Power Systems, Inc. of Dania

Beach, FL. The complainant requests that the Commission issue a limited exclusion order and cease and desist orders, and impose a bond upon respondent's alleged infringing articles during the 60-day Presidential review period pursuant to 19 U.S.C. 1337(j).

Proposed respondents, other interested parties, and members of the public are invited to file comments on any public interest issues raised by the complaint or 210.8(b) filing. Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) explain how the articles potentially subject to the requested remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) explain how the requested remedial orders would impact United States consumers.

Written submissions on the public interest must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation. Any written submissions on other issues must also be filed by no later than the close of business, eight calendar days after publication of this notice in the **Federal Register**. Complainant may file replies to any written submissions no later than three calendar days after the date on which any initial submissions were due. ## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On November 4, 2022, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Southern District of Ohio in the lawsuit entitled *United States v. Utica Resource Operating, LLC*, Case No. 22-cv-3906 (S.D. Ohio).

The Complaint seeks civil penalties and injunctive relief relating to a number of oil and natural gas production well pads that Utica Resource Operating, LLC ("URO") operates in Ohio. The claims in the Complaint arise from URO's alleged failure to comply with the CAA rules for preventing uncontrolled emissions of volatile organic compounds from dozens of large tanks that store crude oil and oily wastewater at the facilities. The Complaint alleges violations relating to noncompliance with storage vessel cover and closed vent system requirements, combustor operation requirements, and inspection and recordkeeping requirements. Under the Consent Decree, URO would be required to take a number of measures to come into compliance with the law. In particular, the proposed Consent Decree requires URO to pay a \$1 million civil penalty, complete a suite of injunctive relief at fifteen well pads to come into compliance with the NSPS and the facilities' operating permits, and implement mitigation measures at many of the well pads owned by URO. The Consent Decree requires a multi-step compliance program to review the current design of each tank and vapor control system and then make necessary design improvements to ensure that vapors will not be released to the atmosphere during operations.

The publication of this notice opens a period for public comment on the Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. Utica Resource Operating, LLC*, D.J. Ref. No. 90-5-2-1-12514. All comments must be submitted no later than 30 days after the publication date of this notice.
