

applicable authority to operate Colorado River facilities to respond to emergency or other unforeseen conditions.

Lead and Cooperating Agencies

The Secretary is responsible for the operation of Glen Canyon Dam and Hoover Dam pursuant to applicable federal law. The Secretary is also vested with the responsibility of managing the mainstream waters of the lower Colorado River pursuant to federal law. This responsibility is carried out consistent with the body of compacts, treaties, statutes and other legal documents commonly referred to as “the Law of the River.” Reclamation, as the agency that is designated to act on the Secretary’s behalf with respect to these matters, is the lead federal agency for the purposes of NEPA compliance for the development and implementation of the proposed SEIS interim guidelines.

During the preparation of the 2007 Interim Guidelines, five federal agencies were cooperating agencies for purposes of assisting with environmental analysis and preparation of the Final EIS. These cooperating agencies were the Bureau of Indian Affairs (BIA), the United States Fish and Wildlife Service (FWS), the National Park Service (NPS), Western Area Power Administration (Western), and the United States Section of the International Boundary and Water Commission (USIBWC). Reclamation anticipates inviting these same five agencies to serve as cooperating agencies for the purpose of this SEIS. Reclamation is committed to continue to work with the USIBWC to ensure that efforts under this SEIS are communicated and coordinated with the Republic of Mexico with the goal of continued alignment of operations and responsive actions in both the U.S. and Mexico.

Responsible Official

Consistent with the process and final determinations reached for the 2007 Interim Guidelines, the Secretary of the Interior is the deciding official for this undertaking.

Nature of Decision To Be Made

The Department anticipates the nature of the decision to be made will be revised reservoir operating guidelines, pursuant to appropriate revisions of the Record of Decision for the 2007 Interim Guidelines, for the operation of Glen Canyon and Hoover Dams in 2023 and 2024 operating years, and potentially subsequent years if necessary and appropriate, in order to address the likelihood for continued low-runoff conditions in the Colorado River Basin

based on the best available scientific and technical information.

Additional Information

As noted in the June 2022 **Federal Register** notice, Reclamation anticipates initiating a NEPA process to develop the post-2026 operational strategies through a **Federal Register** notice of intent to prepare an EIS in early 2023. Nothing in today’s **Federal Register** notice supersedes or displaces Reclamation’s efforts in that upcoming process.

This SEIS addressing modified operating guidelines for the period prior to 2026 is necessary to address the unacceptably high risks facing the Colorado River Basin between now and the post-2026 period. Current conditions warrant the flexibility to modify operations before the post-2026 operational strategies are thoroughly identified, analyzed and ultimately adopted. In addressing operations for 2023–24, Reclamation is committed to using the best available information to develop near-term operating guidelines while longer-term approaches are developed. Reclamation anticipates using the work and analysis from this SEIS process to also inform operating guidelines for the 2025–26 period, which will also undergo any additional NEPA analysis as required. Lastly, separate from the development of the SEIS, Reclamation anticipates publishing an informational report in 2023 addressing potential methodologies to support assessments for evaporation, seepage and other system losses in the Colorado River Basin in future years. This information will assist in development of potential interim measures as well as the post-2026 operational strategies.

Public Disclosure of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time.

While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Tommy P. Beaudreau,

Deputy Secretary, Department of the Interior.

BILLING CODE 4332–90–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337–TA–1331]

Certain Outdoor and Semi-Outdoor Electronic Displays, Products Containing Same, and Components Thereof; Notice of Commission Decision Not To Review an Initial Determination Terminating the Investigation as to a Respondent and Granting Complainant’s Motion To Amend the Complaint and Notice of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission (“the Commission”) has determined not to review an initial determination (“ID”) (Order No. 6) of the presiding administrative law judge (“ALJ”): (1) terminating the investigation as to respondent Coates Visual LLC (“Coates Visual”) of Chicago, Illinois; and (2) granting complainant’s motion to amend the complaint and notice of investigation (“NOI”) in the above-captioned investigation to add respondent Coates US Inc. (“Coates US”) of Chicago, Illinois.

FOR FURTHER INFORMATION CONTACT:

Clint Gerdine, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 708–2310. Copies of non-confidential documents filed in connection with this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal, telephone (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on September 23, 2022, based on a complaint filed on behalf of Manufacturing Resources International, Inc. (“Complainant”) of Alpharetta, Georgia. 87 FR 58132–33 (Sept. 23, 2022). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based upon the importation into the United States, the sale for importation, and the sale within the United States after

importation of certain outdoor and semi-outdoor electronic displays, products containing same, and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 8,854,595; 9,173,322; 9,629,287; 10,506,740; and 11,013,142. The complaint further alleges that a domestic industry exists. The Commission's notice of investigation named seven (7) respondents, including: Coates Visual; Coates Signco Pty Limited of Sydney, Australia; Samsung Electronics Co., Ltd. of Gyeonggi-do, Republic of Korea; Samsung SDS Co. Ltd. of Seoul, Republic of Korea; Samsung SDS America and Samsung Electronics America, Inc., both of Ridgefield Park, New Jersey; and Industrial Enclosure Corporation d/b/a Palmer Digital Group of Aurora, Illinois. The Office of Unfair Import Investigations is not participating in the investigation.

On October 21, 2022, Complainant filed an unopposed motion: (1) to terminate the investigation as to Coates Visual based on the withdrawal of the allegations in the complaint as to this respondent; and (2) for leave to amend the complaint and NOI to add respondent Coates US of Chicago, Illinois to replace Coates Visual as the correctly named respondent.

On October 24, 2022, the ALJ issued the subject ID (Order No. 6) granting Complainant's motion for partial termination of the investigation as to respondent Coates Visual and for leave to amend the complaint and NOI to add respondent Coates US. The subject ID finds that the motion for termination satisfies Commission Rule 210.21(a)(1), 19 CFR 210.21(a)(1). The subject ID also finds that Complainant has shown good cause to amend the NOI pursuant to Commission Rule 210.14(b), 19 CFR 210.14(b), because Complainant "did not learn the identity of the [correct] respondent until after the institution of the investigation." See Order No. 6 at 2. No party petitioned for review of the subject ID.

The Commission has determined not to review the subject ID. Respondent Coates Visual is terminated from the investigation and the NOI is amended to add respondent Coates US.

The Commission vote for this determination took place on November 10, 2022.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: November 10, 2022.

Katherine Hiner,

Acting Secretary to the Commission.
