SUPPLEMENTARY INFORMATION:

I. Abstract

The Patent Law Treaties Implementation Act of 2012 (PLTIA) implements the provisions of the Patent Law Treaty (PLT) in title II. PLT Article 13 provides for the restoration of the right of priority where there is a failure to timely claim priority to the prior application, and also where there is a failure to file the subsequent application within 12 months of the filing date of the priority application.

The United States Patent and Trademark Office (USPTO) rules of practice are consistent with the PLT and title II of the PLTIA. Section 201(c) of the PLTIA amended 35 U.S.C. 119 to provide that the 12 month periods set forth in 35 U.S.C. 119(a) and (e) may be

extended by an additional 2 months if the delay in filing an application claiming priority to a foreign application or the benefit of a provisional application within that 12-month period was unintentional.

The information in this information collection is necessary so that patent applicants and/or patentees may seek restoration of the right of priority to a prior-filed foreign application or of the right to the benefit of a prior-filed provisional application. The USPTO will use the petition to restore the right of priority to a prior filed foreign application or the right to the benefit of a prior-filed provisional application to determine whether the applicant has satisfied the conditions of the applicable statute (35 U.S.C. 119) and regulation (37 CFR 1.55(c) or 1.78(b)).

II. Method of Collection

Electronically via the USPTO's patent electronic filing system, by mail or hand delivery to the USPTO.

III. Data

OMB Control Number: 0651-0073.

Forms: (SB = Specimen Book).

- PTO/SB/459 (Petition to Restore the Right of Priority under 37 CFR 1.55(c) or Petition to Restore the Benefit of a Prior-Filed Provisional Application under 37 CFR 1.78(b)).

Type of Review: Extension and revision of a currently approved information collection.

Affected Public: Private sector; individuals or households.

Respondent's Obligation: Required to obtain or retain benefits.

Estimated Number of Annual Respondents: 800 respondents.

Estimated Number of Annual Responses: 800 responses.

Estimated Time per Response: The USPTO estimates that the responses in this information collection will take the public approximately 1 hour to complete. This includes the time to gather the necessary information, create the document, and submit the completed item to the USPTO.

Estimated Total Annual Respondent Burden Hours: 800 hours.

Estimated Total Annual Respondent Hourly Cost Burden: \$348,000.
