

perinatally exposed infants and children for HCV infection? If not, please state the reason why and, if available, provide additional evidence for consideration.

- Are CDC's proposed recommendations (*see* Supporting and Related Materials tab) clearly written? If not, please provide changes to make them clearer.

- If implemented as currently drafted, do you believe the proposed recommendations would result in increased identification and treatment of perinatal HCV infections and reduction in associated health and financial consequences in the United States (*e.g.*, healthcare costs to treat complications of chronic hepatitis C)? If not, please provide an explanation.

Please note that comments received, including attachments and other supporting materials, are part of the public record and are subject to public disclosure. Comments will be posted on <https://www.regulations.gov>. Therefore, do not include any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure. If you include your name, contact information, or other information that identifies you in the body of your comments, that information will be on public display. CDC will review all submissions and may choose to redact or withhold submissions containing private or proprietary information such as Social Security numbers, medical information, inappropriate language, or duplicate or near duplicate examples of a mass-mail campaign.

**Informational Webinar:** CDC will host an Informational Webinar on December 6, 2022 from 3:00–4:00 p.m. EST to explain the public comment process. CDC will not accept public comment on the Draft Recommendations during the webinar.

Dated: November 17, 2022.

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Children and Families

#### Submission for OMB Review; Annual Report on Households Assisted by the Low Income Home Energy Assistance Program (OMB #0970–0060)

**AGENCY:** Office of Community Services (OCS), Administration for Children and Families (ACF), Department of Health and Human Services (HHS).

**ACTION:** Request for public comment.

**SUMMARY:** OCS, Division of Energy Assistance, is requesting a substantial change of the Household Report Office of Management and Budget (OMB) #0970–0060, expiration May 31, 2025). Grant recipients complete the Household Report on an annual basis, completing either the Long Form or the Short Form version of the report. Submission of the completed report is one requirement for the Low Income Home Energy Assistance Program (LIHEAP) grant recipients applying for Federal LIHEAP block grant funds. OCS proposes substantive changes, including the addition of reporting requirements for assisted applicants and household member demographic characteristics on the Household Report Long Form and Short Form, and the removal of reporting requirements collecting counts of applicant households by assistance type and poverty interval on the Household Report Long Form.

**DATES:** *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). One can find this particular information collection by selecting “Currently under 30-day Review-Open for Public Comments” or by using the search function. You can also obtain copies of the proposed collection of information by emailing [infocollection@acf.hhs.gov](mailto:infocollection@acf.hhs.gov). Identify all emailed requests by the title of the information collection.

**SUPPLEMENTARY INFORMATION:**

*Description:* States, the District of Columbia, and the Commonwealth of Puerto Rico are required to complete the

Household Report-Long Form on an annual basis. The Long Form collects the following information:

- Assisted households, by type of LIHEAP assistance and funding source;
- Assisted households receiving bill payment assistance, by funding source;
- Assisted households receiving any type of LIHEAP assistance, by funding source;
- Assisted households by poverty interval, type of LIHEAP assistance, and funding source;
- Assisted households, by type of LIHEAP assistance and funding source, having at least one vulnerable member who is at least 60 years or older, disabled, or 5 years old or younger;
- Assisted households receiving any type of LIHEAP assistance or funding source, having at least one member 60 years or older, disabled, or 5 years old or younger.

Tribal grant recipients and other U.S. territory grant recipients are required to complete the Household Report-Short Form on an annual basis. The Short Form collects data only on the number of households, by funding source, receiving heating, cooling, energy crisis, and/or weatherization benefits.

The information reported in the Household Report Long Form and Short Form is being collected for the Department's annual LIHEAP Report to Congress. The data also provides information about the need for LIHEAP funds. Finally, the data are used in the calculation of LIHEAP performance measures under the Government Performance and Results Act of 1993. The data elements will allow the accuracy of measuring LIHEAP targeting performance and LIHEAP cost efficiency.

ACF is proposing changes to the Household Report Long Form and Short Form beginning with FY 2023 reporting. These changes include additional reporting requirements for assisted household and household member demographic characteristics, and the removal of reporting requirements collecting counts of applicant households by assistance type and poverty interval on the Household Report Long Form. The additional reporting requirements include the following:

1. Number of Households by Owner/Renter Status (own, rent with utilities billed separately, rent with utilities in rental fee, other) [This is optional for FY 2023 reporting and required beginning with FY 2024 reporting].

2. Number of Assisted Applicants by Ethnicity. Grant recipients will report on assisted applicants by ethnicity according to standard census categories

[This is required beginning with FY 2023 reporting].

3. Number of Assisted Applicants by Race. Grant recipients will report on assisted applicants by race according to standard census categories [This is required beginning with FY 2023 reporting].

4. Number of Assisted Applicants by Gender. Grant recipients will report on assisted applicants by gender [This is required beginning with FY 2023 reporting].

5. Number of Assisted Household Members by Ethnicity. Grant recipients will report on assisted household members by ethnicity according to standard census categories [This is optional for FY 2023 reporting and required beginning with FY 2024 reporting].

6. Number of Assisted Household Members by Race. Grant recipients will report on assisted household members by race according to standard census categories [This is optional for FY 2023

reporting and required beginning with FY 2024 reporting].

7. Number of Assisted Household Members by Gender. Grant recipients will report on assisted household members by gender [This is optional for FY 2023 reporting and required beginning with FY 2024 reporting].

The proposed additions will provide OCS with critical data that is needed to evaluate if LIHEAP is equitably serving communities across the country. The collection of demographic data including owner/renter status, race, ethnicity, and gender will allow OCS to conduct analysis disaggregated by these variables to assess whether the LIHEAP resources are equity distributed. Therefore, this data collection aligns with the goals of Executive Order 13985 (Advancing Racial Equity and Support for Underserved Communities Through the Federal Government). Additionally, collecting demographic data in LIHEAP will bring the program into alignment

with other programs across OCS including the Community Services Block Grant, which currently collects demographic data on beneficiaries, and Low Income Household Water Assistance Program (LIHWAP), which will collect demographic data on beneficiaries in FY 2023.

To minimize reporting burden to the greatest extent possible, and in recognition of the significant overlap in LIHEAP and LIHWAP grant recipients, OCS is proposing to use the same demographic measures included in the LIHWAP Annual Report in the LIHEAP Household Report. OCS has also removed the reporting requirements for applicant households by assistance type and poverty interval on the Household Report Long Form to offset some of the additional reporting burden entailed by the demographic data collection.

*Respondents:* State governments, tribal governments, U.S. territories, and the District of Columbia

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Annual burden hours
Assisted Household Report-Long Form .....	56	1	67	3,752
Assisted Household Report-Short Form .....	151	1	10	1,510
Household Application .....	6,160,000	1	1	6,160,000

*Estimated Total Annual Burden Hours: 6,165,262.*

Please note that the above estimate accounts for the burden this data collection entails on LIHEAP applicants. In previous years, OCS has not included an estimate of the burden on households. While OCS does not mandate that LIHEAP grant recipients use a standard household application, we know that grant recipients collect many of the required Household Report data elements through their household application. The annual burden for the household application indicated above accounts for the time it will take LIHEAP applicants to provide the data required by the current Household Report as well as the proposed demographic data elements. To calculate this burden, we used an estimate for the annual number of LIHEAP household applicants multiplied by an average of an hour to provide the data required by the Household Report.

*Authority:* U.S.C. 8629 and 45 CFR.

**DEPARTMENT OF HEALTH AND HUMAN SERVICES**

**Food and Drug Administration**

**Statement of Organization, Functions, and Delegations of Authority; Correction**

**AGENCY:** Office of Regulatory Affairs, Food and Drug Administration, Department of Health and Human Services.

**ACTION:** Notice; correction.

**SUMMARY:** The Food and Drug Administration (FDA) is correcting a notice entitled “Statement of Organization, Functions, and Delegations of Authority” that appeared in the **Federal Register** of September 28, 2022. The document announced the publication of a reorganization of the Office of Regulatory Affairs (ORA)

headquarters and field offices. This **Federal Register** notice (FRN) contained editorial errors. The FRN did not accurately list ORA’s new organization. The corrections depict the proper organizational components within ORA.

**FOR FURTHER INFORMATION CONTACT:** Glenda Barfell, Associate Commissioner for Regulatory Management Operations, Office of Regulatory Management Operations, Office of Regulatory Affairs, Food and Drug Administration, Element Building, Rm. 2002, 12420 Parklawn Dr., Rockville, MD 20857, 240-402-7562.

**SUPPLEMENTARY INFORMATION:** In the **Federal Register** of Wednesday, September 28, 2022 (87 FR 58807), appearing on pages 58807 through 58810 in FR Doc. 2022-20996, the following corrections are made:

1. On page 58807, in the second column, “Data Analytics and Program Evaluation Staff (DCIA1)” is corrected to read “Data Analytics and Program Evaluation Staff (DCIA2).”
2. On page 58807, in the second column, “Division of Facilities and Property Management (DCIBBBB)” is
