ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) is proposing a new data collection activity for the Formative Evaluation of the Demonstration Grants to Strengthen the Response to Victims of Human Trafficking in Native Communities (VHT–NC) Program. The overarching goals of the formative evaluation are to understand the context in which the VHT–NC projects are implemented, the projects' goals, and the paths they take to achieve their goals. The proposed data collection will include semi-structured interviews with project staff, key partners, and project participants.

DATES: *Comments due within 30 days of publication.* OMB must make a decision about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. SUPPLEMENTARY INFORMATION:

Description: In 2020, ACF's Office on Trafficking in Persons issued six VHT–NC demonstration grants to fund projects to build, expand, and sustain organizational and community capacity to deliver services to Native Americans (i.e., American Indians, Alaska Natives, Native Hawaiians, and/or Pacific Islanders) who have experienced human trafficking through the provision of direct services, assistance, and referrals. The purpose of the proposed data collection is to obtain a comprehensive understanding of the VHT–NC projects and their communities, including implementation strengths and challenges. A primary aim is to conduct a participatory and culturally responsive formative evaluation that is informed by and respects the knowledge, values, and traditions of the communities implementing the VHT–NC projects.

The proposed data collection will include semi-structured interviews with VHT–NC project staff, key project partners, and project participants
