

DEPARTMENT OF COMMERCE**National Institute of Standards and Technology****Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; NIST Invention Disclosure and Inventor Information Collection**

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on August 31, 2022, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Institute of Standards and Technology (NIST).

Title: NIST Invention Disclosure and Inventor Information Collection.

OMB Control Number: 0693-0085.

Form Number(s): NIST DN-45.

Type of Request: Regular submission, extension of a current information collection.

Number of Respondents:

Invention Disclosure Form: 10 per year.

Inventor Information Form: 100 per year.

Average Hours per Response:

Invention Disclosure Form: 3 hours.

Inventor Information Form: 30 minutes.

Burden Hours:

Invention Disclosure Form: 30 hours.

Inventor Information Form: 50 hours.

Needs and Uses: The NIST DN-45

Invention Disclosure Form is used to collect information pertaining to inventions created by Federal employees or by non-Federally employed individuals who have created an invention using NIST laboratory facilities as NIST Associates. The collection of this information is required to protect the United States rights to inventions created using Federal resources. The information collected on the form allows the Government to determine: (1) if an invention has been created; (2) the status of any statutory bar that pertains to the potential invention or that may pertain to the

invention in the future. The information collected may allow the Government to begin a patent application process.

The Inventor Information Sheet is used to collect from individuals who have been named as potential inventors on a NIST Invention Disclosure Form. The collection of this information is used for multiple purposes:

(1) Some of the information may be required to file a patent application, if NIST seeks to protect a federally owned invention, pursuant to 35 U.S.C. 207.

(2) The form, in part, is a statement made by the respondent declaring whether the respondent considers herself/himself to be an inventor.

(3) Some of the information is needed for NIST to determine potential assignees with which NIST would potentially negotiate consolidation of rights and other patent related matters.

(4) Some of the information helps NIST determine under which statutory authority NIST may consolidate rights in an invention with other potential assignees.

(5) Country citizenship information is required to determine whether a Scientific and Technology agreement or treaty with the respondent's country may impact the U.S. Government's rights to the invention.

The information is collected by the Technology Partnerships Office and shared with the Office of Chief Counsel at NIST. The information may also be shared with non-Governmental entities that may have ownership rights to the potential invention. The Government collects this information to execute the policy and objective of the Congress expressed at 35 U.S.C. 200. 35 U.S.C. 207 authorizes Federal agencies to apply for, obtain, and maintain patents or other forms of protection on inventions in which the Federal Government owns a right, title, or interest. 35 U.S.C. 207 also authorizes each Federal agency to undertake all other suitable and necessary steps to protect and administer rights to federally owned inventions on behalf of the Federal government.

The information collected through the NIST DN-45 is necessary for NIST to execute the authority granted at 35 U.S.C. 207.

Affected Public: Individuals.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be

submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0693-0085.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510-13-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

[RTID 0648-XC574]

Mid-Atlantic Fishery Management Council (MAFMC); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: The Mid-Atlantic Fishery Management Council (Council) will hold public meetings of the Council and its Executive Committee, including joint sessions with the Atlantic States Marine Fisheries Commission's (ASMFC) Summer Flounder, Scup, and Black Sea Bass Management Board and the ASMFC Interstate Fishery Management Program Policy Board.

DATES: The meetings will be held Monday, December 12, 2022 through Thursday, December 15, 2022. For agenda details, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES: This meeting will be conducted in a hybrid format, with options for both in person and webinar participation.

Meeting address: The meeting will be held at the Westin Annapolis, 100 Westgate Circle, Annapolis, MD 21401; telephone: (410) 972-4300.

Webinar registration details will be available on the Council's website at <https://www.mafmc.org/briefing/december-2022>.

Council address: Mid-Atlantic Fishery Management Council, 800 N State St., Suite 201, Dover, DE 19901; telephone: (302) 674-2331; www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council; telephone: (302)

526–5255. The Council’s website, www.mafmc.org also has details on the meeting location, proposed agenda, webinar listen-in access, and briefing materials.

SUPPLEMENTARY INFORMATION: The following items are on the agenda, although agenda items may be addressed out of order (changes will be noted on the Council’s website when possible.)

Monday, December 12, 2022

Executive Committee (Closed Session)

Ricks E Savage Award

Council Convenes

Habitat Activities Update

Presentation from Greater Atlantic Regional Fisheries Office Habitat and Ecosystem Services Division on activities of interest (aquaculture, wind, and other projects) in the region

Offshore Wind Updates

Updates from the Bureau of Ocean Energy Management (Karen Baker, BOEM Chief—Office of Renewable Energy Programs)

Updates on state working group on a fisheries compensation fund

Atlantic Surfclam and Ocean Quahog Species Separation Requirements Amendment Final Action

Review public hearing comments
Review Committee and Staff recommendations
Consider final action

Tuesday, December 13, 2022

Council Convenes With the Atlantic States Marine Fisheries Commission’s (ASMFC) Summer Flounder, Scup, and Black Sea Bass Management Board

Harvest Control Rule Framework/Addendum Percent Change Approach and Recreational Fishery Models

Review the Percent Change Approach approved by the Council and Policy Board for setting recreational measures for summer flounder, scup, and black sea bass

Review Accountability Measures under the Percent Change Approach
Overview of recreational fishery statistical models to inform setting of 2023 measures

2023 Scup Recreational Measures

Review Advisory Panel and Monitoring Committee recommendations
Adopt target level of coastwide harvest based on the Harvest Control Rule Framework/Addendum Percent Change Approach
Recommend 2023 recreational management measures for Federal

waters, as well as any considerations for adjustments to state/regional measures

2023 Black Sea Bass Recreational Measures

Review Advisory Panel and Monitoring Committee recommendations
Adopt target level of coastwide harvest based on the Harvest Control Rule Framework/Addendum Percent Change Approach

Recommend conservation equivalency or coastwide management and associated measures for 2023

Review and consider approval of Virginia’s proposal for February 2023 recreational fishery (Board only)

2023 Summer Flounder Recreational Measures

Review Advisory Panel and Monitoring Committee recommendations
Adopt target level of coastwide harvest based on the Harvest Control Rule Framework/Addendum Percent Change Approach

Recommend conservation equivalency or coastwide management and associated measures for 2023

Council and Summer Flounder, Scup, and Black Sea Bass Board Adjourn

Council Convenes with the ASMFC Interstate Fishery Management Program Policy Board

Previously Initiated Recreational Reform Actions

Review issues to be addressed under Recreational Reform Initiative Technical Guidance Document and Recreational Sector Separation and Catch Accounting Amendment
Discuss and provide guidance on next steps

Council and Policy Board Adjourn

Wednesday, December 14, 2022

Climate Change Scenario Planning: Review Final Scenarios and Discuss Applications

(Jonathan Star, Scenario Insight)
Review final scenarios

Review and discuss initial challenges, opportunities, and potential actions identified at Manager Brainstorming Sessions

Discuss recurring ideas and main takeaways, and identify key discussion topics for February summit meeting

Monkfish Framework 13: 2023–25 Specifications and Management Measures

Review Framework 13, including recommendations from the Advisory

Panel, New England SSC, Joint Committee, and PDT
Review motions from the New England Fishery Management Council
Approve Framework 13

Protected Resources Updates

Review Protected Resources Committee Meeting Report and November/December ALWTRT meeting outcomes

Discuss final Sturgeon Bycatch Action Plan recommendations and potential joint action with NEFMC

2023 Implementation Plan

Review and approve 2023 Implementation Plan

Thursday, December 15, 2022

Proposed Hudson Canyon National Marine Sanctuary

Presentation from LeAnn Hogan (Regional Operations Coordinator for NOAA Sanctuaries Eastern Region) on the proposed sanctuary and the NMSA section 304(a)(5) consultation process with Councils

Develop Council recommendations to NOAA Sanctuaries on whether it is necessary to develop fishing regulations in the EEZ to implement the proposed sanctuary

Business Session

Committee Reports (SSC, Ecosystem and Ocean Planning Committee, Mackerel, Squid, Butterfish Committee—*Illex* Permit Action disapproval follow-up);
Executive Director’s Report;
Organization Reports; and Liaison Reports

Other Business and General Public Comment

Although non-emergency issues not contained in this agenda may come before this group for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), those issues may not be the subject of formal action during these meetings. Actions will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c).

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to Shelley Spedden, (302) 526–5251, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 22, 2022.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XC520]

Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 74 Assessment Webinar III for Gulf of Mexico Red Snapper.

SUMMARY: The SEDAR 74 assessment of Gulf of Mexico red snapper will consist of a Data workshop, a series of Assessment webinars, and a Review workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 74 Assessment Webinar III will be held Friday, December 16, 2022, from 1 p.m. until 4 p.m., eastern time.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571-4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data

Workshop is a data report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses.

The product of the Assessment Process is a stock assessment report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data.

Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion for the webinar are as follows:

Participants will review data and discuss modeling approaches for use in the assessment of Gulf of Mexico red snapper.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 22, 2022.
