AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the respective determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on ferrovandium from the Republic of Korea (Korea) would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing this notice of continuation of the AD order.

DATES: Applicable November 29, 2022.

FOR FURTHER INFORMATION CONTACT: Krisha Hill, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4037.

SUPPLEMENTARY INFORMATION:

Background

On May 15, 2017, Commerce published the AD order on ferrovandium from Korea.¹ On April 1, 2022, Commerce initiated,² and the ITC

¹ See *Ferrovandium from the Republic of Korea: Antidumping Duty Order*, 82 FR 22309 (May 15, 2017) (Order).

instituted,³ this sunset review of the Order, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).

As a result of its review, Commerce determined, pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the Order would likely lead to continuation or recurrence of dumping. Commerce, therefore, notified the ITC of the magnitude of the margins of dumping likely to prevail should the Order be revoked.⁴ On November 21, 2022, the ITC published its determination that revocation of the Order would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, pursuant to sections 751(c) and 752(a) of the Act.⁵

Scope of the Order

The product covered by the Order is all ferrovandium regardless of grade (*i.e.*, percentage of contained vanadium), chemistry, form, shape, or size. Ferrovandium is an alloy of iron and vanadium. Ferrovandium is classified under Harmonized Tariff Schedule of the United States (HTSUS) item number 7202.92.0000. Although this HTSUS item number is provided for convenience and customs purposes, the written description of the scope of the Order is dispositive.

Continuation of the Order

As a result of the respective determinations by Commerce and the ITC that revocation of the Order would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States within a reasonably foreseeable time, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the Order. U.S. Customs and Border Protection will continue to collect AD cash deposits at the rate in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the Order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year (sunset) review of this Order not later than 30 days prior to the fifth anniversary of the effective date of continuation.
