II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315(b) to grant exemptions from Federal Motor Carrier Safety Regulations (FMCSRs). FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The Agency must publish its decision in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption and the regulatory provision from which the exemption is granted. The notice must specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

III. Applicant's Request

Robert Towle seeks an exemption from two requirements in the ELDT regulations. First, he seeks an exemption from the requirement in 49 CFR 380.713 that a training provider use instructors who meet the definition of “theory instructor” in 49 CFR 380.605. Mr. Towle also requests an exemption

from the requirement in 49 CFR 380.609 that an individual who applies for the first time for a Class A or B commercial driver's license (CDL), or who upgrades to a Class A or B CDL, must complete training from a provider listed on the Training Provider Registry (TPR) as set forth in 49 CFR part 380 subpart G. Mr. Towle explains that he is an incarcerated inmate in the New Hampshire State Prison. According to Mr. Towle, the New Hampshire Department of Corrections operates a Special School District, Granite State High School, that provides a CDL training class. Mr. Towle states that the requested exemptions would allow eligible students at Granite State High School to receive the requisite theory instruction in order to obtain their Commercial Learner's Permit as a step towards job-readiness as part of their community re-entry plan.

A copy of Robert Towle's application for exemption is available for review in the docket for this notice.

IV. Request for Comments

In accordance with 49 U.S.C. 31315(b), FMCSA requests public comment from all interested persons on Robert Towle's application for two exemptions from the ELDT regulations, as described above. All comments received before the close of business on the comment closing date indicated at the beginning of this notice will be considered and will be available for examination in the docket at the location listed under the **ADDRESSES** section of this notice. Comments received after the comment closing date will be filed in the public docket and will be considered to the extent practicable. In addition to late comments, FMCSA will also continue to file, in the public docket, relevant information that becomes available after the comment closing date. Interested persons should continue to examine the public docket for new material.
