

and Preserve, due to unique, park-specific requirements like the additional permitted methods of travel as regulated by ANILCA Section 1110(a).

We are proposing to add a new form 10–404C *Backcountry/Wilderness Use Permit Application for Climbing* to this collection. This form will address the need for a separate permitting system for climbing in the backcountry and use the of fixed anchors. This form would include fields specific to climbing carried over from the currently approved form 10–404 *Backcountry/Wilderness Use Permit Application* and additional fields for the use of fixed anchors while climbing.

Title of Collection: Backcountry/Wilderness Use Permit, 36 CFR 1.5, 1.6, and 2.10.

OMB Control Number: 1024–0022.

Form Number: NPS Forms 10–404 *Backcountry/Wilderness Use Permit Application*, 10–404A *Backcountry/Wilderness Use Permit Hangtag*, 10–404AK *Alaska Backcountry/Wilderness Use Permit Application*, and New 10–404C *Backcountry/Wilderness Use Permit Application for Climbing*.

Type of Review: Revision of a currently approved collection.

Respondents/Affected Public: Individuals, private sector, and state, local, or tribal government entities applying to use backcountry and wilderness areas within units of the national park system.

Total Estimated Number of Annual Respondents: 351,121.

Total Estimated Number of Annual Responses: 351,121.

Estimated Completion Time per Response: Varies from 5 minutes to 8 minutes depending on the activity.

Total Estimated Number of Annual Burden Hours: 39,116.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: None.

An agency may not conduct or sponsor nor is a person required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on February 16, 2022 (87 FR 8877). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility.

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used.

(3) Ways to enhance the quality, utility, and clarity of the information to be collected.

(4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The National Park Service (NPS) is authorized by regulations codified in 36 CFR 7.13(l), Special Regulations; Areas of the National Park

System; Yellowstone National Park; Winter Use, to establish a management framework that allows the public to experience the unique winter resources and values at Yellowstone National Park (YELL). Access to most of the park in the winter is limited by distance and the harsh winter environment, which presents challenges to safety and park operations. In response, the NPS provides opportunities for park visitors to experience Yellowstone in the winter via over-snow vehicles (snowmobiles and snowcoaches, collectively OSVs). The NPS will use Form 10–650 *OSV Monthly Use Report* to ensure that OSVs meet NPS emission standards to operate in the park. The completed forms are used to evaluate commercial tour operators' compliance with allocated transportation events and daily and seasonal OSV group size limits and to ensure that established daily transportation event limits for the park are not exceeded. The NPS will confirm that commercial tour operators do not run out of authorizations before the end of the season and create a gap when prospective visitors cannot be accommodated and guarantee compliance with applicable laws. Our previously approved information collection identified three information collections.

(1) *Emission and Sound Standards—Snowcoaches* (§ 7.13(l)(4)(vii) and (5)). Only OSVs that meet NPS emission and sound standards may operate in the park. Before the start of each winter season, snowcoach manufacturers or commercial tour operators must demonstrate, by means acceptable to the Superintendent, that their snowcoaches meet the emission and sound standards.

2. *Enhanced Emission Standards* (§ 7.13(l)(11)(iv)). To qualify for the increased average size of snowmobile transportation events or increased maximum size of snowcoach transportation events, before the start of each winter season each commercial tour operator must:

(a) demonstrate, by means acceptable to the Superintendent, that his or her snowmobiles or snowcoaches meet the enhanced emission standards; and

(b) maintain separate records for snowmobiles and snowcoaches that meet enhanced emission standards and those that do not.

3. *OSV Monthly Use Report* (Form 10–650). To maintain accurate and complete records on the number of snowmobiles and snowcoaches commercial tour operators bring into the park on a daily basis. These records must be made available for inspection by the park upon request.

The previously approved submission combined the responses and burden for Snowcoaches and Snowmobiles. The revision separates the category which creates a new IC:

4. *New IC—Emission and Sound Standards—Snowmobiles* (§ 7.13(l)(4)(vii) and (5)). Only OSVs that meet NPS emission and sound standards may operate in the park. Before the start of each winter season snowmobile manufacturers must demonstrate, by means acceptable to the Superintendent, that their snowmobiles meet the emission and sound standards.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–566 and 731–TA–1342 (Review)]

Softwood Lumber Products From Canada; Institution of Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews pursuant to the Tariff Act of 1930 (“the Act”), as amended, to determine whether revocation of the antidumping and countervailing duty orders on softwood lumber products from Canada would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted December 1, 2022. To be assured of consideration, the deadline for responses is January 3, 2023. Comments on the adequacy of responses may be filed with the Commission by February 13, 2023.

FOR FURTHER INFORMATION CONTACT: Charles Cummings (202–708–1666), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On January 3, 2018, the Department of Commerce (“Commerce”) issued antidumping and countervailing duty orders on imports of certain softwood lumber products from Canada (83 FR 347 and 350). The Commission is conducting reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.
