BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket Number: 221004–0210]

Manufacturing USA Semiconductor Institutes; Extension of Comment Period

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice; extension of comment period.

SUMMARY: The National Institute of Standards and Technology (NIST) is extending the period for submitting comments relating to potential Manufacturing USA semiconductor institutes until December 12, 2022. In a Request for Information (RFI) that published in the **Federal Register** on October 13, 2022, NIST requested information to inform the design of, and requirements for, potential Manufacturing USA institutes to strengthen the semiconductor and microelectronics innovation ecosystem, which could include design, fabrication, advanced test, assembly, and packaging capability. Responses to the RFI will inform NIST's development of funding opportunities for federal assistance to establish Manufacturing USA semiconductor institutes.

DATES: Comments must be received by 11:59 p.m. Eastern time on December 12, 2022. Comments received after November 28, 2022 and before publication of this notice are deemed to be timely. Submissions received after December 12, 2022 may not be considered. Those who have already submitted comments need not resubmit.

ADDRESSES: Comments may be submitted by either of the following methods:

- *Electronic submission:* Submit electronic public comments via the Federal eRulemaking Portal.
 1. Go to www.regulations.gov and enter NIST–2022–0002 in the search field,
 2. Click the “Comment Now!” icon, complete the required fields, and

3. Enter or attach your comments.

• *Email:* Comments in electronic form may also be sent to MfgRFI@nist.gov in any of the following formats: HTML; ASCII; Word; RTF; or PDF.

Please submit comments only and include your name, organization's name (if any), and cite “Manufacturing USA semiconductor institutes” in all correspondence. Comments containing references, studies, research, and other empirical data that are not widely published should include copies of the referenced materials.

All comments responding to this document will be a matter of public record. Relevant comments will generally be available on the Federal eRulemaking Portal at <http://www.Regulations.gov> and on NIST's website at <https://www.nist.gov/oam/manufacturing-usa-semiconductor-institute-request-information-rfi>. NIST will not accept comments accompanied by a request that part or all of the material be treated confidentially because of its business proprietary nature or for any other reason.

Therefore, do not submit confidential business information or otherwise sensitive, protected, or personal information, such as account numbers, Social Security numbers, or names of other individuals.

FOR FURTHER INFORMATION CONTACT: For questions about this RFI contact: Kelley Rogers in the Office of Advanced Manufacturing, National Institute of Standards and Technology, telephone number 301–219–8543 or email manufacturingusa@nist.gov. Please direct media inquiries to NIST's Office of Public Affairs at (301) 975–2762.

SUPPLEMENTARY INFORMATION: In an RFI that published in the **Federal Register** on October 13, 2022 (87 FR 62080), NIST requested information to inform the design of, and requirements for, potential Manufacturing USA institutes to strengthen the semiconductor and microelectronics innovation ecosystem, which could include design, fabrication, advanced test, assembly, and packaging capability. These Manufacturing USA institutes are envisioned in Title XCIX of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021 (Creating Helpful Incentives to Produce Semiconductors (CHIPS) for America) to support efforts in research and development, and that Act also provides for complementary initiatives including the National Semiconductor Technology Center, the National Advanced Packaging Manufacturing Program, and the NIST laboratories program

supporting measurement science and standards. Responses to the RFI will inform NIST's development of funding opportunities for federal assistance to establish Manufacturing USA semiconductor institutes. NIST is extending the comment period announced in the October 13, 2022 RFI from November 28, 2022 to December 12, 2022 in response to stakeholder requests for more time to respond to this important issue. NIST held three informational webinars explaining how the public could submit comments to the RFI, on October 20, November 2 and November 16, 2022. A link to a recording of the October 20, 2022 webinar as well as answers to Frequently Asked Questions can be found at <https://www.nist.gov/oam/manufacturing-usa-semiconductor-institute-request-information-rfi>.

Alicia Chambers,

NIST Executive Secretariat.

National Oceanic and Atmospheric Administration

[RTID 0648–XC584]

Schedules for Atlantic Shark Identification Workshops and Protected Species Safe Handling, Release, and Identification Workshops

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: Free Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops will be held in January, February, and March of 2023. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and to maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all Federally permitted Atlantic shark dealers. The Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and who have also been issued shark or swordfish limited access permits. Additional free workshops will be conducted in 2023 and will be announced in a future notice. In addition, NMFS has implemented online recertification workshops for

persons who have already taken an in-person training.

DATES: The Atlantic Shark Identification Workshops will be held on January 19, 2023 and March 16, 2023. The Safe Handling, Release, and Identification Workshops will be held on January 18, 2023, February 16, 2023, and March 2, 2023.

ADDRESSES: The Atlantic Shark Identification Workshops will be held in Kenner, LA and Fort Pierce, FL. The Safe Handling, Release, and Identification Workshops will be held in Portsmouth, NH, Key Largo, FL, and Houston, TX.

FOR FURTHER INFORMATION CONTACT: Tiffany Weidner by email at tiffany.weidner@noaa.gov or by phone at 301-427-8550.

SUPPLEMENTARY INFORMATION: Atlantic highly migratory species (HMS) fisheries are managed under the authority of the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*) and the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*). The 2006 Consolidated Atlantic HMS Fishery Management Plan and its amendments are implemented by regulations at 50 CFR part 635. Section 635.8 describes the requirements for the Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops. The workshop schedules, registration information, and a list of frequently asked questions regarding the Atlantic Shark Identification and Safe Handling, Release, and Identification workshops are available online at: <https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/atlantic-shark-identification-workshops> and <https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/safe-handling-release-and-identification-workshops>.

Atlantic Shark Identification Workshops

Since January 1, 2008, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit that first receives Atlantic sharks (71 FR 58057, October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for 3 years. Thus, certificates that were initially issued in 2019 will expire in 2022. Approximately 195 free Atlantic Shark

Identification Workshops have been conducted since October 2008.

Currently, permitted dealers may send a proxy to an Atlantic Shark Identification Workshop. However, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer's permit that first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and who fills out dealer reports. Atlantic shark dealers are prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location that first receives Atlantic sharks has been submitted with the permit renewal application. Additionally, a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate must be in any trucks or other conveyances that are extensions of a dealer's place of business.

Workshop Dates, Times, and Locations

1. January 19, 2023, 12 p.m.–4 p.m., Home 2 Suites, 1112 Veterans Memorial Highway, Kenner, LA 70062.
2. March 16, 2023, 12 p.m.–4 p.m., Hampton Inn & Suites Fort Pierce, 1985 Reynolds Drive, Fort Pierce, FL 34945.

Registration

To register for a scheduled Atlantic Shark Identification Workshop, please contact Eric Sander at ericssharkguide@yahoo.com or at 386-852-8588. Pre-registration is highly recommended, but not required.

Registration Materials

To ensure that workshop certificates are linked to the correct permits, participants will need to bring the following specific items to the workshop:

- Atlantic shark dealer permit holders must bring proof that the attendee is an owner or agent of the business (such as articles of incorporation), a copy of the applicable permit, and proof of identification.
- Atlantic shark dealer proxies must bring documentation from the permitted dealer acknowledging that the proxy is attending the workshop on behalf of the permitted Atlantic shark dealer for a specific business location, a copy of the appropriate valid permit, and proof of identification.

Workshop Objectives

The Atlantic Shark Identification Workshops are designed to reduce the number of unknown and improperly identified sharks reported in the dealer reporting form and increase the accuracy of species-specific dealer-reported information. Reducing the number of unknown and improperly identified sharks will improve quota monitoring and the data used in stock assessments. These workshops will train shark dealer permit holders or their proxies to properly identify Atlantic shark carcasses.

Safe Handling, Release, and Identification Workshops

Since January 1, 2007, shark limited access and swordfish limited access permit holders who fish with longline or gillnet gear have been required to submit a copy of their Safe Handling, Release, and Identification Workshop certificate in order to renew either permit (71 FR 58057, October 2, 2006). These certificate(s) are valid for 3 years. Certificates issued in 2019 will expire in 2022. As such, vessel owners who have not already attended a workshop and received a NMFS certificate, or vessel owners whose certificate(s) will expire prior to the next permit renewal, must attend a workshop to fish with, or renew, their swordfish and shark limited access permits. Additionally, new shark and swordfish limited access permit applicants who intend to fish with longline or gillnet gear must attend a Safe Handling, Release, and Identification Workshop and submit a copy of their workshop certificate before either of the permits will be issued. Approximately 397 free Safe Handling, Release, and Identification Workshops have been conducted since 2006.

In addition to vessel owners, at least one operator on board vessels issued a limited access swordfish or shark permit that uses longline or gillnet gear is required to attend a Safe Handling, Release, and Identification Workshop and receive a certificate. Vessels that have been issued a limited access swordfish or shark permit and that use longline or gillnet gear may not fish unless both the vessel owner and operator have valid workshop certificates on board at all times. Vessel operators who have not already attended a workshop and received a NMFS certificate, or vessel operators whose certificate(s) will expire prior to their next fishing trip, must attend a workshop to operate a vessel with swordfish and shark limited access permits on which longline or gillnet gear is used.

Workshop Dates, Times, and Locations

1. January 18, 2023, 9 a.m.–5 p.m.,
Residence Inn Downtown, 100 Deer
Street, Portsmouth, NH 03801.

2. February 16, 2023, 9 a.m.–5 p.m.,
Holiday Inn Key Largo, 99701 Overseas
Highway, Key Largo, FL 33037.

3. March 2, 2023, 9 a.m.–5 p.m.,
Holiday Inn Express & Suites- Houston
Medical Center, 9300 South Main Street,
Houston, TX 77025.

Registration

To register for a scheduled Safe
Handling, Release, and Identification
Workshop, please contact Angler
Conservation Education at 386–682–
0158. Pre-registration is highly
recommended, but not required.

Registration Materials

To ensure that workshop certificates
are linked to the correct permits,
participants will need to bring the
following specific items with them to
the workshop:

- Individual vessel owners must
bring a copy of the appropriate
swordfish and/or shark permit(s), a copy
of the vessel registration or
documentation, and proof of
identification;
- Representatives of a business-
owned or co-owned vessel must bring
proof that the individual is an agent of
the business (such as articles of
incorporation), a copy of the applicable
swordfish and/or shark permit(s), and
proof of identification; and
- Vessel operators must bring proof of
identification.

Workshop Objectives

The Safe Handling, Release, and
Identification Workshops are designed
to teach longline and gillnet fishermen
the required techniques for the safe
handling and release of entangled and/
or hooked protected species, such as sea
turtles, marine mammals, smalltooth
sawfish, Atlantic sturgeon, and
prohibited sharks. In an effort to
improve reporting, the proper
identification of protected species and
prohibited sharks will also be taught at
these workshops. Additionally,
individuals attending these workshops
will gain a better understanding of the
requirements for participating in these
fisheries. The overall goal of these
workshops is to provide participants
with the skills needed to reduce the
mortality of protected species and
prohibited sharks, which may prevent
additional regulations on these fisheries
in the future.

Online Recertification Workshops

NMFS implemented an online option
for shark dealers and longline and
gillnet fishermen to renew their
certificates in December 2021. To be
eligible for online recertification
workshops, dealers and fishermen need
to have previously attended an in-
person workshop. Information about the
courses is available online at [https://
www.fisheries.noaa.gov/atlantic-highly-
migratory-species/atlantic-shark-
identification-workshops](https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/atlantic-shark-identification-workshops) and [https://
www.fisheries.noaa.gov/atlantic-highly-
migratory-species/safe-handling-release-
and-identification-workshops](https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/safe-handling-release-and-identification-workshops). To access
the course please visit: [https://
hmsworkshop.fisheries.noaa.gov/start](https://hmsworkshop.fisheries.noaa.gov/start).

[RTID 0648–XC577]

**New England Fishery Management
Council; Public Meeting**

AGENCY: National Marine Fisheries
Service (NMFS), National Oceanic and
Atmospheric Administration (NOAA),
Commerce.

ACTION: Notice of public meeting.

SUMMARY: The New England Fishery
Management Council (Council) is
scheduling a public meeting of its
Ecosystem-Based Fishery Management
Committee (EBFM) and Advisory Panel
Chairs via webinar to consider actions
affecting New England fisheries in the
exclusive economic zone (EEZ).
Recommendations from this group will
be brought to the full Council for formal
consideration and action, if appropriate.

DATES: This meeting will be held on
Tuesday, December 20, 2022, at 1 p.m.
Webinar registration URL information:
[https://attendee.gotowebinar.com/
register/99034538973828109](https://attendee.gotowebinar.com/register/99034538973828109).

ADDRESSES: Council address: New
England Fishery Management Council,
50 Water Street, Mill 2, Newburyport,
MA 01950.

FOR FURTHER INFORMATION CONTACT:
Thomas A. Nies, Executive Director,
New England Fishery Management
Council; telephone: (978) 465–0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Ecosystem-Based Fishery
Management (EBFM) Committee and
Advisory Panel Chairs will meet as
stakeholders to provide guidance for the
development of a Prototype
Management Strategy Evaluation
(pMSE) for Georges Bank EBFM. They
will also review and modify
management objectives and
performance metrics to be used for the
pMSE as well as identify and discuss
management alternatives to be tested by
the pMSE including combinations of
monitoring, species complex
aggregations, assessment methods, and
types of control rules.

Although non-emergency issues not
contained on the agenda may come
before this Council for discussion, those
issues may not be the subject of formal
action during this meeting. Council
action will be restricted to those issues
specifically listed in this notice and any
issues arising after publication of this
notice that require emergency action
under section 305(c) of the Magnuson-
Stevens Act, provided the public has
been notified of the Council's intent to
take final action to address the
emergency. The public also should be
aware that the meeting will be recorded.
Consistent with 16 U.S.C. 1852, a copy
of the recording is available upon
request.

Special Accommodations

This meeting is physically accessible
to people with disabilities. Requests for
sign language interpretation or other
auxiliary aids should be directed to
Thomas A. Nies, Executive Director, at
(978) 465–0492, at least 5 days prior to
the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 28, 2022.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable
Fisheries, National Marine Fisheries Service.
