Federal Register

Vol. 87, No. 232

Monday, December 5, 2022

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents.

## OFFICE OF PERSONNEL MANAGEMENT

### 5 CFR Part 531

RIN 3206-AO40

### General Schedule Locality Pay Areas

**AGENCY:** Office of Personnel Management.

**ACTION:** Final rule.

**SUMMARY:** On behalf of the President's Pay Agent, the Office of Personnel Management is issuing final regulations to establish Carroll County, IL, as an area of application to the Davenport-Moline, IA-IL locality pay area and Brooks County, TX, as an area of application to the Corpus Christi-Kingsville-Alice, TX, locality pay area. Those changes in the geographic definitions of those locality pay areas are applicable on the first day of the first pay period beginning on or after January 4, 2023.

**DATES:** The regulations are effective on the first day of the first pay period beginning on or after January 4, 2023. The regulations are applicable January 15, 2023.

**FOR FURTHER INFORMATION CONTACT:** Joe Ratcliffe by email at [pay-leave-policy@opm.gov](mailto:pay-leave-policy@opm.gov) or 202-936-3124.

**SUPPLEMENTARY INFORMATION:** Section 5304 of title 5, United States Code (U.S.C.), authorizes locality pay for General Schedule (GS) employees with duty stations in the United States and its territories and possessions. Section 5304(f) of title 5, United States Code, authorizes the President's Pay Agent (the Secretary of Labor, the Director of the Office of Management and Budget (OMB), and the Director of the Office of Personnel Management (OPM)) to determine locality pay areas. The boundaries of locality pay areas are based on appropriate factors, which may include local labor market patterns, commuting patterns, and the practices of other employers. The Pay Agent

considers the views and recommendations of the Federal Salary Council, a body composed of experts in the fields of labor relations and pay policy and representatives of Federal employee organizations. The President appoints the members of the Council, which submits annual recommendations to the Pay Agent about the administration of the locality pay program, including the geographic boundaries of locality pay areas. (The Federal Salary Council's recommendations are posted on the OPM website at <https://www.opm.gov/policy-data-oversight/pay-leave/pay-systems/general-schedule/#url=Federal-Salary-Council>.) The establishment or modification of pay area boundaries conforms to the notice and comment provisions of the Administrative Procedure Act (5 U.S.C. 553).

On September 21, 2022, OPM published a proposed rule in the **Federal Register** on behalf of the Pay Agent. (See 87 FR 57650.) The proposed rule proposed establishing Carroll County, IL, as an area of application to the Davenport-Moline, IA-IL locality pay area and Brooks County, TX, as an area of application to the Corpus Christi-Kingsville-Alice, TX, locality pay area.

The proposed rule provided a 30-day comment period. Accordingly, the Pay Agent reviewed comments received through October 21, 2022. After considering those comments, the Pay Agent has decided to implement the locality pay area definitions in the proposed rule.

### Impact and Implementation

Including Carroll County, IL, as an area of application to the Davenport-Moline, IA-IL locality pay area will impact about 420 GS employees, and including Brooks County, TX, as an area of application to the Corpus Christi-Kingsville-Alice, TX, locality pay area will impact about 420 GS employees.

### Comments on the Proposed Rule

OPM received two separate comments suggesting that, based on living costs, locations be redesignated to comprise or be included in locality pay areas separate from the Rest of U.S. locality pay area. One of those comments concerned Puerto Rico, and the other comment concerned Tampa, FL. Those locations will remain in the Rest of U.S. locality pay area because they do not

meet approved criteria to be established as a new locality pay area or to be included in a locality pay area separate from the Rest of U.S. Also, stakeholders should note that living costs are not directly considered in the locality pay program. Under 5 U.S.C. 5304, locality pay rates are based on comparisons of GS pay and non-Federal pay at the same work levels in a locality pay area. While relative living costs may indirectly affect non-Federal pay levels, living costs are just one of many factors that affect the supply of and demand for labor, and therefore labor costs, in a locality pay area.

### Regulatory Impact Analysis

OPM has examined the impact of this rule as required by Executive Order 12866 and Executive Order 13563, which direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public, health, and safety effects, distributive impacts, and equity). This rule is not a "significant regulatory action," under Executive Order 12866.

### Regulatory Flexibility Act

OPM certifies that this rule will not have a significant economic impact on a substantial number of small entities as this rule only applies to Federal agencies and employees.

### Federalism

OPM has examined this rule in accordance with Executive Order 13132, Federalism, and has determined that this rule will not have any negative impact on the rights, roles and responsibilities of State, local, or tribal governments.

### Civil Justice Reform

This regulation meets the applicable standard set forth in Executive Order 12988.

### Unfunded Mandates Act of 1995

This rule will not result in the expenditure by state, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any year and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the

Unfunded Mandates Reform Act of 1995.

### Congressional Review Act

This action pertains to agency management, personnel, and organization and does not substantially affect the rights or obligations of nonagency parties and, accordingly, is not a “rule” as that term is used by the Congressional Review Act (Subtitle E of the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA)). Therefore, the reporting requirement of 5 U.S.C. 801 does not apply.

### Paperwork Reduction Act

This rule does not impose any new reporting or record-keeping requirements subject to the Paperwork Reduction Act.

#### 14 CFR Part 39

[Docket No. FAA-2022-0463; Project Identifier MCAI-2021-00895-T; Amendment 39-22245; AD 2022-24-05]

RIN 2120-AA64

#### Airworthiness Directives; Airbus SAS Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

**SUMMARY:** The FAA is adopting a new airworthiness directive (AD) for all Airbus SAS Model A318, A319, A320, and A321 series airplanes. This AD was prompted by a report that damage (including delamination of the work deck, and corroded and cracked retainer blocks) was found during inspection of certain galleys. This AD requires repetitive inspections of certain galleys for corrosion of trolley retainer aluminum blocks and delamination of the upper panel of the trolley compartment, and applicable corrective action, as specified in a European Union Aviation Safety Agency (EASA) AD, which is incorporated by reference. This AD also limits the installation of affected parts under certain conditions. The FAA is issuing this AD to address the unsafe condition on these products.

**DATES:** This AD is effective January 9, 2023.

The Director of the Federal Register approved the incorporation by reference of a certain publication listed in this AD as of January 9, 2023.

#### ADDRESSES:

**AD Docket:** You may examine the AD docket at [regulations.gov](https://www.regulations.gov) under Docket No. FAA-2022-0463; or in person at Docket Operations between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this final rule, the mandatory continuing airworthiness information (MCAI), any comments received, and other information. The address for Docket Operations is U.S. Department of Transportation, Docket Operations, M-30, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590.

#### SUPPLEMENTARY INFORMATION:

##### Background

The FAA issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 by adding an AD that would apply to all Airbus SAS Model A318-111, -112, -121, and -122 airplanes; Model A319-111, -112, -113, -114, -115, -131, -132, -133, -151N, -153N, and -171N airplanes; Model A320-211, -212, -214, -215, -216, -231, -232, -233, -251N, -252N, -253N, -271N, -272N, and -273N airplanes; and Model A321-111, -112, -131, -211, -212, -213, -231, -232, -251N, -251NX, -252N, -252NX, -253N, -253NX, -271N, -271NX, -272N, and -272NX airplanes. The NPRM published in the **Federal Register** on April 18, 2022 (87 FR 22818). The NPRM was prompted by AD 2021-0183R1, dated September 20, 2021, issued by the European Union Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Union (referred to after this as the MCAI). The MCAI states that damage (including delamination of the work deck, and corroded and cracked retainer blocks) was found during inspection of certain galleys. The FAA is proposing this AD to detect and correct damage that could affect the galley's capability to hold the trolley under emergency landing loads, which could lead to trolley detachment, possibly resulting in blocking of an escape path during an emergency exit.

In the NPRM, the FAA proposed to require repetitive inspections of certain galleys for corrosion of trolley retainer aluminum blocks and delamination of the upper panel of the trolley compartment, and applicable corrective action, as specified in EASA AD 2021-0183R1. The NPRM also proposed to limit the installation of affected parts under certain conditions. The FAA is issuing this AD to address the unsafe condition on these products.
