The EA is not a decision document. It presents Commission staff's independent analysis of the environmental issues for the Commission to consider when addressing the merits of all issues in this proceeding. Any person wishing to comment on the EA may do so. Your comments should focus on the EA's disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before 5:00 p.m. Eastern Time on January 3, 2023.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov). Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to FERC Online. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to FERC Online. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You must select the type of filing you are making. If you are filing

a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the Commission. Be sure to reference the project docket number (CP22-41-000) on your letter. Submissions sent via the U.S. Postal Service must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. At this point in this proceeding, the timeframe for filing timely intervention requests has expired. Any person seeking to become a party to the proceeding must file a motion to intervene out-of-time pursuant to Rule 214(b)(3) and (d) of the Commission's Rules of Practice and Procedures (18 CFR 385.214(b)(3) and (d)) and show good cause why the time limitation should be waived. Motions to intervene are more fully described at <https://www.ferc.gov/how-intervene>.

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

[Docket No. CP21-113-000]

#### Alliance Pipeline, L.P.; Notice of Revised Schedule for Environmental Review of the Proposed Three Rivers Interconnection Project

This notice provides the Federal Energy Regulatory Commission staff's revised schedule for completion of the final environmental impact statement (EIS) for Alliance Pipeline L.P.'s (Alliance) Three Rivers Interconnection Project. The first notice of schedule, issued on February 10, 2022, identified September 16, 2022 as the final EIS issuance date. The Project would be located in the vicinity of a facility regulated by the Nuclear Regulatory Commission which required the completion of a safety analysis to determine if the action would impact safe operation of the facility.<sup>1</sup> The findings of this assessment and any subsequent actions or requirements were necessary for staff to complete the final EIS for the project. On November 16, 2022, Alliance submitted a summary of the findings of the completed safety analysis and staff has revised the schedule for issuance of the final EIS.

#### Schedule for Environmental Review

Issuance of the Notice of Availability of the final EIS—January 13, 2023  
90-day Federal Authorization Decision Deadline<sup>2</sup>—April 13, 2023

If a schedule change becomes necessary, an additional notice will be provided so that the relevant agencies are kept informed of the project's progress.

[Docket No. CP22-17-000]

#### Rio Grande LNG, LLC; Notice of Schedule for the Preparation of an Environmental Assessment for the Proposed Carbon Capture and Sequestration System Amendment

On November 17, 2021, Rio Grande LNG, LLC filed an application in Docket No. CP22-17-000 requesting a Limited Amendment to Rio Grande LNG, LLC's November 22, 2019 Authorization pursuant to Section 3 of the Natural Gas Act. The proposed project is known as the Carbon Capture and Sequestration System Amendment (Project) and would incorporate carbon capture and sequestration (CCS) systems into the site and design of the Rio Grande LNG Terminal, which was previously approved by the Commission on November 22, 2019.

On November 29, 2021, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance

of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.<sup>1</sup>

#### Schedule for Environmental Review

Issuance of EA—May 5, 2023  
90-day Federal Authorization Decision

Deadline<sup>2</sup>—August 3, 2023

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

#### Project Description

The Project would incorporate CCS systems into the approved site and design of the Rio Grande LNG Terminal in Cameron County, Texas. The proposed CCS facilities consist of the following: flue gas cooling and carbon dioxide absorption, dehydration, and compression equipment; amine regenerator and reboiler; and hot oil system.

#### Background

On September 2, 2022, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Carbon Capture and Sequestration System Amendment and Notice of Public Scoping Sessions* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the Notice of Scoping, the Commission received comments from the U.S. Army Corps of Engineers; U.S. Environmental Protection Agency; Texas Governor Greg Abbott; Texas Parks and Wildlife Department; Cameron County; Another Gulf; Friends of the Wildlife Corridor; Save RGV; Sierra Club (including the Lower Rio Grande Valley Group); Rio Grande LNG, LLC; and numerous individuals. The primary issues raised by the commenters related to general opposition to or support for the Project; climate change, air quality, and

<sup>2</sup> The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.

greenhouse gas emissions; environmental justice; wetlands and water quality; vegetation and wildlife; and impacts related to the Project's non-jurisdictional facilities. All substantive comments will be addressed in the EA.

The U.S. Army Corps of Engineers is a cooperating agency in the preparation of the EA.

#### Additional Information

In order to receive notification of the issuance of the EA and to keep track of formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.
