SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-96447; File No. SR-CboeEDGX-2022-053]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fee Schedule

December 5, 2022.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on December 1, 2022, Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) proposes to amend its Fee Schedule. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/) [sic], at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fee Schedule applicable to its equities trading platform (“EDGX Equities”) to (1) define the term “Step-Up ADV”, and (2) introduce a new Retail Growth Tier 1 and renumber the existing Retail Growth Tiers. The Exchange proposes to implement these changes effective December 1, 2022.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 16 registered equities exchanges, as well as a number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Securities Exchange Act of 1934 (the “Act”), to which market participants may direct their order flow. Based on publicly

available information,³ no single registered equities exchange has more than 14% of the market share. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. The Exchange in particular operates a “Maker-Taker” model whereby it pays rebates to members that add liquidity and assesses fees to those that remove liquidity. The Exchange’s Fee Schedule sets forth the standard rebates and rates applied per share for orders that provide and remove liquidity, respectively. Additionally, in response to the competitive environment, the Exchange also offers tiered pricing which provides Members opportunities to qualify for higher rebates or reduced fees where certain volume criteria and thresholds are met. Tiered pricing provides an incremental incentive for Members to strive for higher tier levels, which provides increasingly higher benefits or discounts for satisfying increasingly more stringent criteria.

The “definitions” section of the Exchange’s Fee Schedule defines various terms used throughout the Fee Schedule. The Exchange proposes to adopt a new definition for the term “Step-Up ADV”. Specifically, as proposed “Step-up ADV” means ADV⁴ in the relevant baseline months subtracted from current day ADV. Such definition would be referenced in tiers designed to incentivize Members to grow their ADV from the baseline month, such as the proposed Retail Growth Tier 1, as discussed below.

Under footnote 2 of the Fee Schedule, the Exchange currently offers various Retail Volume Tiers, which provide an enhanced rebate for Members’ qualifying orders yielding fee codes ZA⁵ or ZO.⁶ Now, the Exchange proposes to adopt a new Retail Growth Tier 1 and renumber the existing Retail Growth Tiers. Specifically, the proposed Retail Growth Tier 1 would provide a rebate of \$0.0033 per share to qualifying orders (*i.e.*, orders yielding fee code ZA or ZO) in securities priced at or above

³ See Cboe Global Markets, U.S. Equities Market Volume Summary, Month-to-Date (November 28, 2022), available at https://www.cboe.com/us/equities/market_statistics/.

⁴ “ADV” means average daily volume calculated as the number of shares added to, removed from, or routed by, the Exchange, or any combination or subset thereof, per day. ADV is calculated on a monthly basis.

⁵ Orders yielding fee code “ZA” are retail orders adding liquidity to EDGX.

⁶ Orders yielding fee code “ZO” are retail orders adding liquidity to EDGX in the pre and post market.
