[Docket No. FAA-2021-1106; Airspace Docket No. 19-AAL-70]

RIN 2120-AA66

Amendment of United States Area Navigation (RNAV) Route T-266; Juneau, AK

AGENCY: Federal Aviation Administration (FAA), DOT. **ACTION:** Final rule: correction.

SUMMARY: This action corrects a final rule published by the FAA in the Federal Register on October 24, 2022, that amends Area Navigation (RNAV) route T-266 in support of a large and comprehensive T-route modernization project for the state of Alaska.

In the T–266 description in the final rule, the order of the listed route points was reversed in error. This action makes editorial corrections to list the T-266 route points to match the route data forms and the FAA National Airspace System Resource (NASR) database information.

(Lat. 40°08'06.06' N, long. 092°35'30.15" N, long.W)

DATES: Effective date 0901 UTC, December 29, 2022. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11G, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783.

FOR FURTHER INFORMATION CONTACT: Colby Abbott, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

The FAA published a final rule in the Federal Register (87 FR 64162; October 24, 2022), amending RNAV route T-266 in support of a large and comprehensive

T-route modernization project for the state of Alaska. Subsequent to publication, the FAA determined that the T-266 route points listed in the route description did not match the order of the route points listed in the route data forms or the FAA NASR database. This rule corrects that mismatch of route points listed in the rule and in the route data forms and NASR database by reversing the order of the route points listed in the T-266 description published in the final rule.

This is an editorial change only to match the route data forms and FAA NASR database information and does not alter the alignment of the T-266

United States Area Navigation Routes are published in paragraph 6011 of FAA Order JO 7400.11G, dated August 19, 2022, and effective September 15, 2022, which is incorporated by reference in 14 CFR 71.1. The RNAV T-route listed in this document will be published subsequently in FAA Order JO 7400.11.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, RNAV route T-266 reflected in Docket No. FAA-2021–1106, as published in the **Federal** Register of October 24, 2022 (87 FR 64162), FR Doc. 2022-22411, is corrected as follows:

■ 1. On page 64163, correct the table for T–266 Annette Island, AK (ANN) to SPUTA, AK [Amended] to read:

T-266 SPUTA, AK to Annette Island, AK (ANN) [Amended]

RIN 2120-AA66

Amendment of Class D Airspace and Class E Airspace, East Hampton and Montauk, NY

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class D airspace, Class E surface airspace, and Class E airspace extending upward from 700 feet above the surface for East Hampton Town Airport, East Hampton, NY, by updating the airport name. In addition, this action makes an editorial change, removing the reference to Block Island, R.I., and East Hampton from the Class E airspace description of Montauk Airport, Montauk, NY, and updates the airport's geographic coordinates. This action does not change the airspace boundaries or operating requirements of either airport.

DATES: Effective 0901 UTC, February 23, 2023. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order JO 7400.11G, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/ For further information, contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337; Telephone (404) 305–6364.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it amends airspace in East Hampton and Montauk, NY, to support IFR operations in the area. This update is an administrative change and does not change the airspace boundaries or operating requirements.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order JO 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022. FAA Order JO 7400.11F is publicly available as listed in the ADDRESSES section of this document. FAA Order JO 7400.11G lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to 14 CFR part 71 amends the Class D airspace, Class E surface airspace, and Class E airspace extending upward from 700 feet above the surface at East Hampton Town Airport (formerly East Hampton Airport), East Hampton, NY, by updating the airport's name. In addition, this action amends Class E airspace extending upward from 700 feet above the surface at Montauk, Airport, Montauk, NY, by removing the reference of Block Island, R.I. and East Hampton, NY, from the airspace description, as it is unnecessary. Also, the Montauk Airport's geographic coordinates are updated to coincide with the FAA's

This action is an administrative change and does not affect the airspace boundaries or operating requirements; therefore, notice and public procedure under 5 U.S.C. 553(b) is unnecessary.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial, and unlikely to result in adverse comments. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71 —DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11G, Airspace Designations and Reporting Points, dated August 19, 2022, and effective September 15, 2022, is amended as follows:
