

rebuttal comments were filed. Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁵

The products covered by the *Order* are CWP. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.⁶

Analysis of Comments Received

All issues raised in the brief submitted by Jindal in this administrative review are addressed in the Issues and Decision Memorandum and are listed in Appendix I to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Changes Since the Preliminary Results

We made no changes to our calculations for the final results of review. However, we corrected Jindal's listed name (Jindal Poly Films Ltd.) that Commerce misidentified in the *Preliminary Results* published in the *Federal Register*.⁷

Rate for Non-Examined Companies

In this review, the final rate calculated for SRF, the sole mandatory respondent, was not zero, *de minimis*, or based entirely on facts available. Therefore, consistent with section 705(c)(5)(A) of the Act, for the companies for which a review was requested that were not selected as mandatory company respondents, and for which Commerce did not receive a timely request for withdrawal of review, Commerce based the final subsidy rate on the final rate calculated for SRF.

Final Results of Administrative Review

In accordance with 19 CFR 351.221(b)(5), we determine the following net countervailable subsidy rates for the period January 1, 2020, through December 31, 2020:

Producer or exporter	Subsidy rate (percent <i>ad valorem</i>)
SRF Limited ⁸	3.52
Review-Specific Average Rate Applicable to the Following Companies	
Ester Industries Limited	3.52
Garware Polyester Ltd	3.52
Jindal Poly Films Limited	3.52
Polyplex USA	3.52

Disclosure

Normally, Commerce discloses to the parties in a proceeding the calculations performed in connection with a final results of review within five days after public announcement of final results, or, if there is no public announcement, within five days of the date of publication of the notice of final results in the *Federal Register*.⁹ However, because Commerce made no adjustments to the subsidy rate calculation methodology used in the *Preliminary Results*, there are no calculations to disclose for the final results of review.

Assessment Rates

In accordance with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries covered by this review, for the above-listed companies at the applicable *ad valorem* assessment rates. Commerce intends to issue assessment instructions to CBP no earlier than 35 days after publication of the final results of this review in the *Federal Register*. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

In accordance with section 751(a)(1) of the Act, Commerce also intends to instruct CBP to collect cash deposits of estimated countervailing duties in the amounts shown above for the above-listed companies with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of these final results of review. For all non-reviewed firms, CBP will continue to collect cash deposits of

estimated countervailing duties at the all-others rate or the most recent company-specific rate applicable to the company, as appropriate. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 6, 2022.

Lisa W. Wang,

Assistant Secretary for Enforcement and Compliance.

Fisheries Off West Coast States; Pacific Coast Groundfish Fishery; Trawl Rationalization Program; 2023 Cost Recovery Fee Notice

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice, 2023 cost recovery fee percentages and average mothership cooperative program pricing.

SUMMARY: This action provides participants in the Pacific Coast Groundfish Trawl Rationalization Program with the 2023 cost recovery fee percentages and the average mothership (MS) price per pound to be used in the catcher/processor (C/P) Co-op program to calculate the fee amount for the upcoming calendar year. For the 2023 calendar year, NMFS announces the following fee percentages by sector specific program: 3.0 percent for the Shorebased Individual Fishing Quota (IFQ) Program; 0.1 percent for the C/P Co-op Program; and 1.7 percent for the MS Co-op Program. For 2023, the MS pricing to be used as a proxy by the C/P Co-op Program is \$0.10/pound (lb) for Pacific whiting.

DATES: Applicable January 1, 2023.

FOR FURTHER INFORMATION CONTACT: Christopher Biegel, (206) 247-8252, christopher.biegel@noaa.gov.

SUPPLEMENTARY INFORMATION: Section 304(d) of the Magnuson-Stevens Fishery Conservation and Management Act (MSA) authorizes and requires NMFS to collect fees to recover the costs directly related to the management, data collection and analysis, and enforcement directly related to and in support of a limited access privilege program (LAPP) (16 U.S.C. 1854(d)(2)), also called "cost recovery." Cost recovery fees recover the actual costs directly related to the management, data collection and analysis, and enforcement of the programs (MSA

Section 303A(e), 16 U.S.C. 1853a(e)). Section 304(d) of the MSA mandates that cost recovery fees not exceed 3 percent of the annual ex-vessel value of fish harvested by a program subject to a cost recovery fee, and that the fee be collected either at the time of landing, filing of a landing report, or sale of such fish during a fishing season or in the last quarter of the calendar year in which the fish is harvested.

The Pacific Coast Groundfish Trawl Rationalization Program is a LAPP, implemented in 2011, and consists of three sector-specific programs: the Shorebased IFQ Program, the MS Co-op Program, and the C/P Co-op Program. In accordance with the MSA, and based on a recommended structure and methodology developed in coordination with the Pacific Fishery Management Council (Council), NMFS began collecting mandatory fees of up to 3 percent of the ex-vessel value of groundfish from each program (Shorebased IFQ Program, MS Co-op Program, and C/P Co-op Program) in 2014. NMFS collects the fees to recover the incremental costs of management, data collection and analysis, and enforcement of the Groundfish Trawl Rationalization Program. Additional background can be found in the cost recovery proposed rule (78 FR 7371, February 1, 2013) and final rule (78 FR 75268, December 11, 2013). The details of cost recovery for the Groundfish Trawl Rationalization Program are in regulation at 50 CFR 660.115 (Trawl fishery—cost recovery program), § 660.140 (Shorebased IFQ Program), § 660.150 (MS Co-op Program), and § 660.160 (C/P Co-op Program).

By December 31 of each year, NMFS announces the next year's fee percentages and the applicable MS pricing for the C/P Co-op Program. To calculate the fee percentages, NMFS used the formula specified in regulation at § 660.115(b)(1), where the fee percentage by sector equals the lower of 3 percent or direct program costs (DPC) for that sector divided by total ex-vessel value (V) for that sector multiplied by 100 (Fee percentage = the lower of 3 percent or (DPC/V) × 100).

'DPC,' as defined in the regulations at § 660.115(b)(1)(i), are the actual incremental costs for the previous fiscal year directly related to the management, data collection and analysis, and enforcement of each program (Shorebased IFQ Program, MS Co-op Program, and C/P Co-op Program). Actual incremental costs means those net costs that would not have been incurred but for the implementation of the Groundfish Trawl Rationalization Program, including both increased costs
