

Under our authorities in 16 U.S.C. 718 *et seq.*, we continued the Electronic Duck Stamp Program in the eight States that participated in the pilot. Currently, the expanded program includes 28 States. Several additional States have indicated interest in participating, and we have had requests to continue to expand the program by continuing to invite the remaining eligible State fish and wildlife agencies to apply to participate. Interested States must submit an application (FWS Form 3–2341). We will use the information provided in the application to determine a State's eligibility to participate in the program and willingness to comply with the temporary permit requirements of issuing an electronic stamp. Information includes, but is not limited to:

- Information verifying the current systems the State uses to sell hunting, fishing, and other associated licenses and products.
- Applicable State laws, regulations, or policies that authorize the use of electronic systems to issue licenses.
- Examples and explanations of the codes the State proposes to use to create and endorse the unique identifier for the individual to whom each stamp is issued.

- Mockup copy of the printed version of the State's proposed electronic stamp, including a description of how attention will be drawn to the 45-day validity of the temporary electronic stamp, customer support information, and identifying features of the licensee to be specified on the temporary permit.

- Description of any fee the State will charge for issuance of an electronic stamp.

- Description of the process the State will use to account for and transfer the amounts collected by the State that are required to be transferred under the program.

- Manner in which the State will transmit electronic stamp customer data.

Each State approved to participate in the program must provide the following information, on a regular basis (not to exceed 7 days post purchase), to the Service-approved stamp distribution company, to enable that company to issue the physical stamp within the required 45-day period:

- Full name (first, middle, last, and any prefixes/suffixes), and complete mailing address of each individual who purchases an electronic stamp from the State.
- Date of e-stamp purchase.

We did not make any substantive changes to the application form (FWS Form 3–2341); however, we updated the formatting of the form to comply with the requirements of section 508 of the Rehabilitation Act of 1973 (29 U.S.C. 794d), and to conform with formatting requirements of the Department of the Interior and the Service. No substantive changes were made to the information collected from States. Upon request, a copy of the draft form is available by sending a request to the Service Information Collection Clearance Officer at Info_Coll@fws.gov.
